This block contains two sub-diagrams. The first, labeled '1', shows a blue frame with a vertical ribbed texture. A strip of four white pins is shown to the left. Two arrows point from the pins to the top and bottom of the frame. The second, labeled '2', shows the same blue frame with a grey door panel being attached. Two red arrows point from the text '2x' to the top and bottom of the frame, indicating where the pins from step 1 are used. The door panel has a small vent at the top and a handle at the bottom.

30 05 5782

This block shows the assembly of a grey base structure. At the top, there is a reference image of a fire station sign with a height chart and a person's photo. Below it, a grey base structure is shown with four numbered callouts: 1 (top surface), 2 (right side), 3 (left side), and 4 (bottom surface). The structure consists of a top plate and a lower base plate with a central cutout.

30 22 6473

30 23 5933

This block shows a red component with three compartments being attached to the base. Two red pins are shown being inserted into the base. A circular inset shows a close-up of the red pin being inserted into a hole in the base.

30 24 4160

30 21 7660

This block shows the final assembly of the fire station model. The blue frame, grey base, and red components are being attached to a white fire station body. Arrows point from the various parts to their respective locations on the white body. The white body has a blue door with a window and a fire station emblem on top. Two blue pins are shown being inserted into the bottom of the white body.
