

HOW TO MAKE YOUR OWN PLAYMOBIL SHIRT.

Buy a t-shirt in your size and some transfer paper for printing on fabric. You'll get the best results when using a white or other light-coloured material. If you would like to print on a dark shirt, please use special paper for dark material.

Ask a grown up to help you with printing and ironing the pattern onto your shirt. Please follow the manufacturer's instructions with the transfer paper.

Have fun!
Your PLAYMOBIL team
