

MY PLAYMOBIL T-SHIRT!

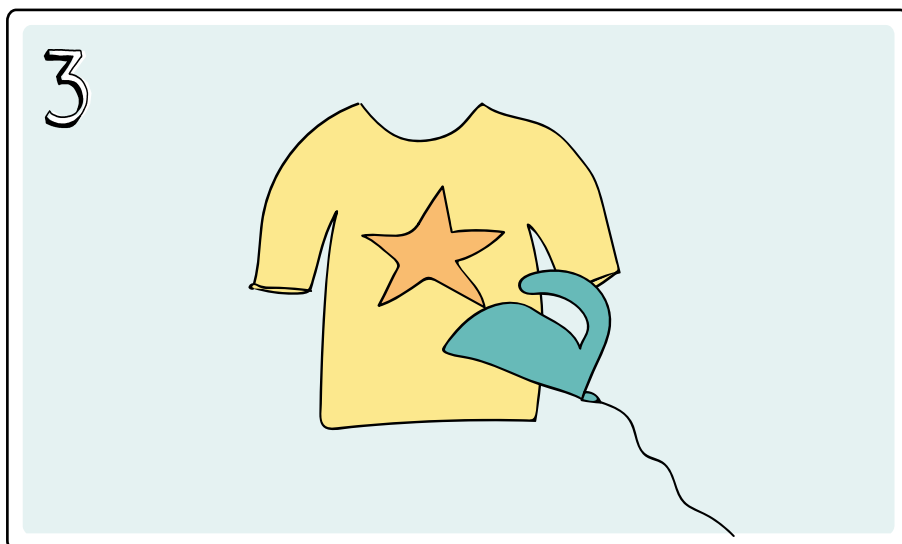

You will need to purchase a T-shirt in your size and fabric transfer paper.

Tip: The transfers are best used on light-colored fabrics. If you have a dark T-shirt, make sure to use special paper for dark textiles.

First, print the template on the transfer paper according to the instructions. Cut out the design along the lines and place it at the desired position on the T-shirt.

Then, iron the design onto the T-shirt.

Tip: Get help from an adult to iron on the design. Always follow the instructions on the manufacturer's packaging.

Have fun!
Your PLAYMOBIL Team
