

# WE ARE MAKING PARTY GIVE AWAY BAGS

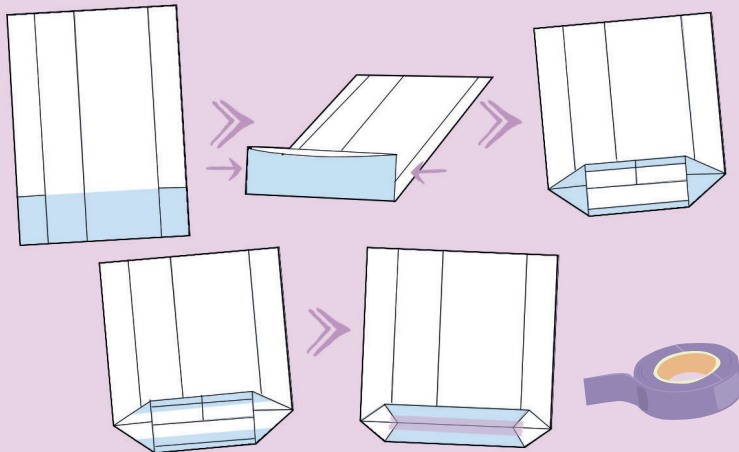

1

Cut off the white edge along the black solid line. Then fold down the lower white stripe along the dotted line and fix it with a glue stick.

Now fold the two outer sides along the middle dotted line inwards and glue them together in the middle with a glue stick.

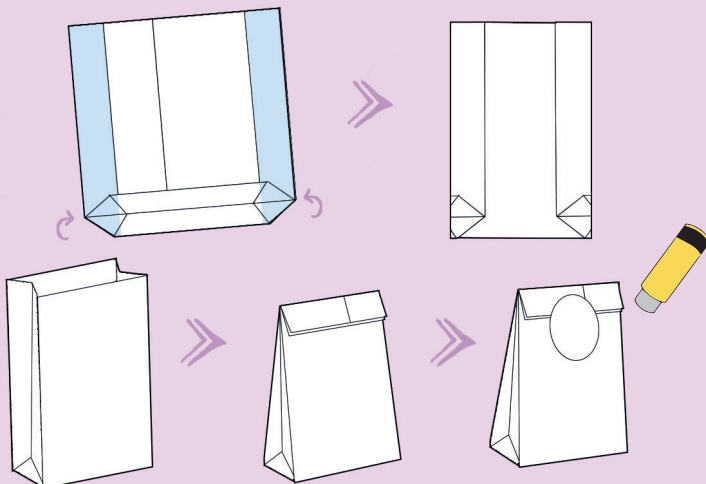

2

Fold the bag up at the bottom along the dotted marking on the right and left sides, open it at the bottom in the middle, fold it inwards and form two triangles (see illustration).

In order to obtain a bag base, the two outer edges of the diamond shape are now folded in the middle and glued together with an adhesive strip.

3

Now turn the bag over and fold the outer strips along the line inwards.

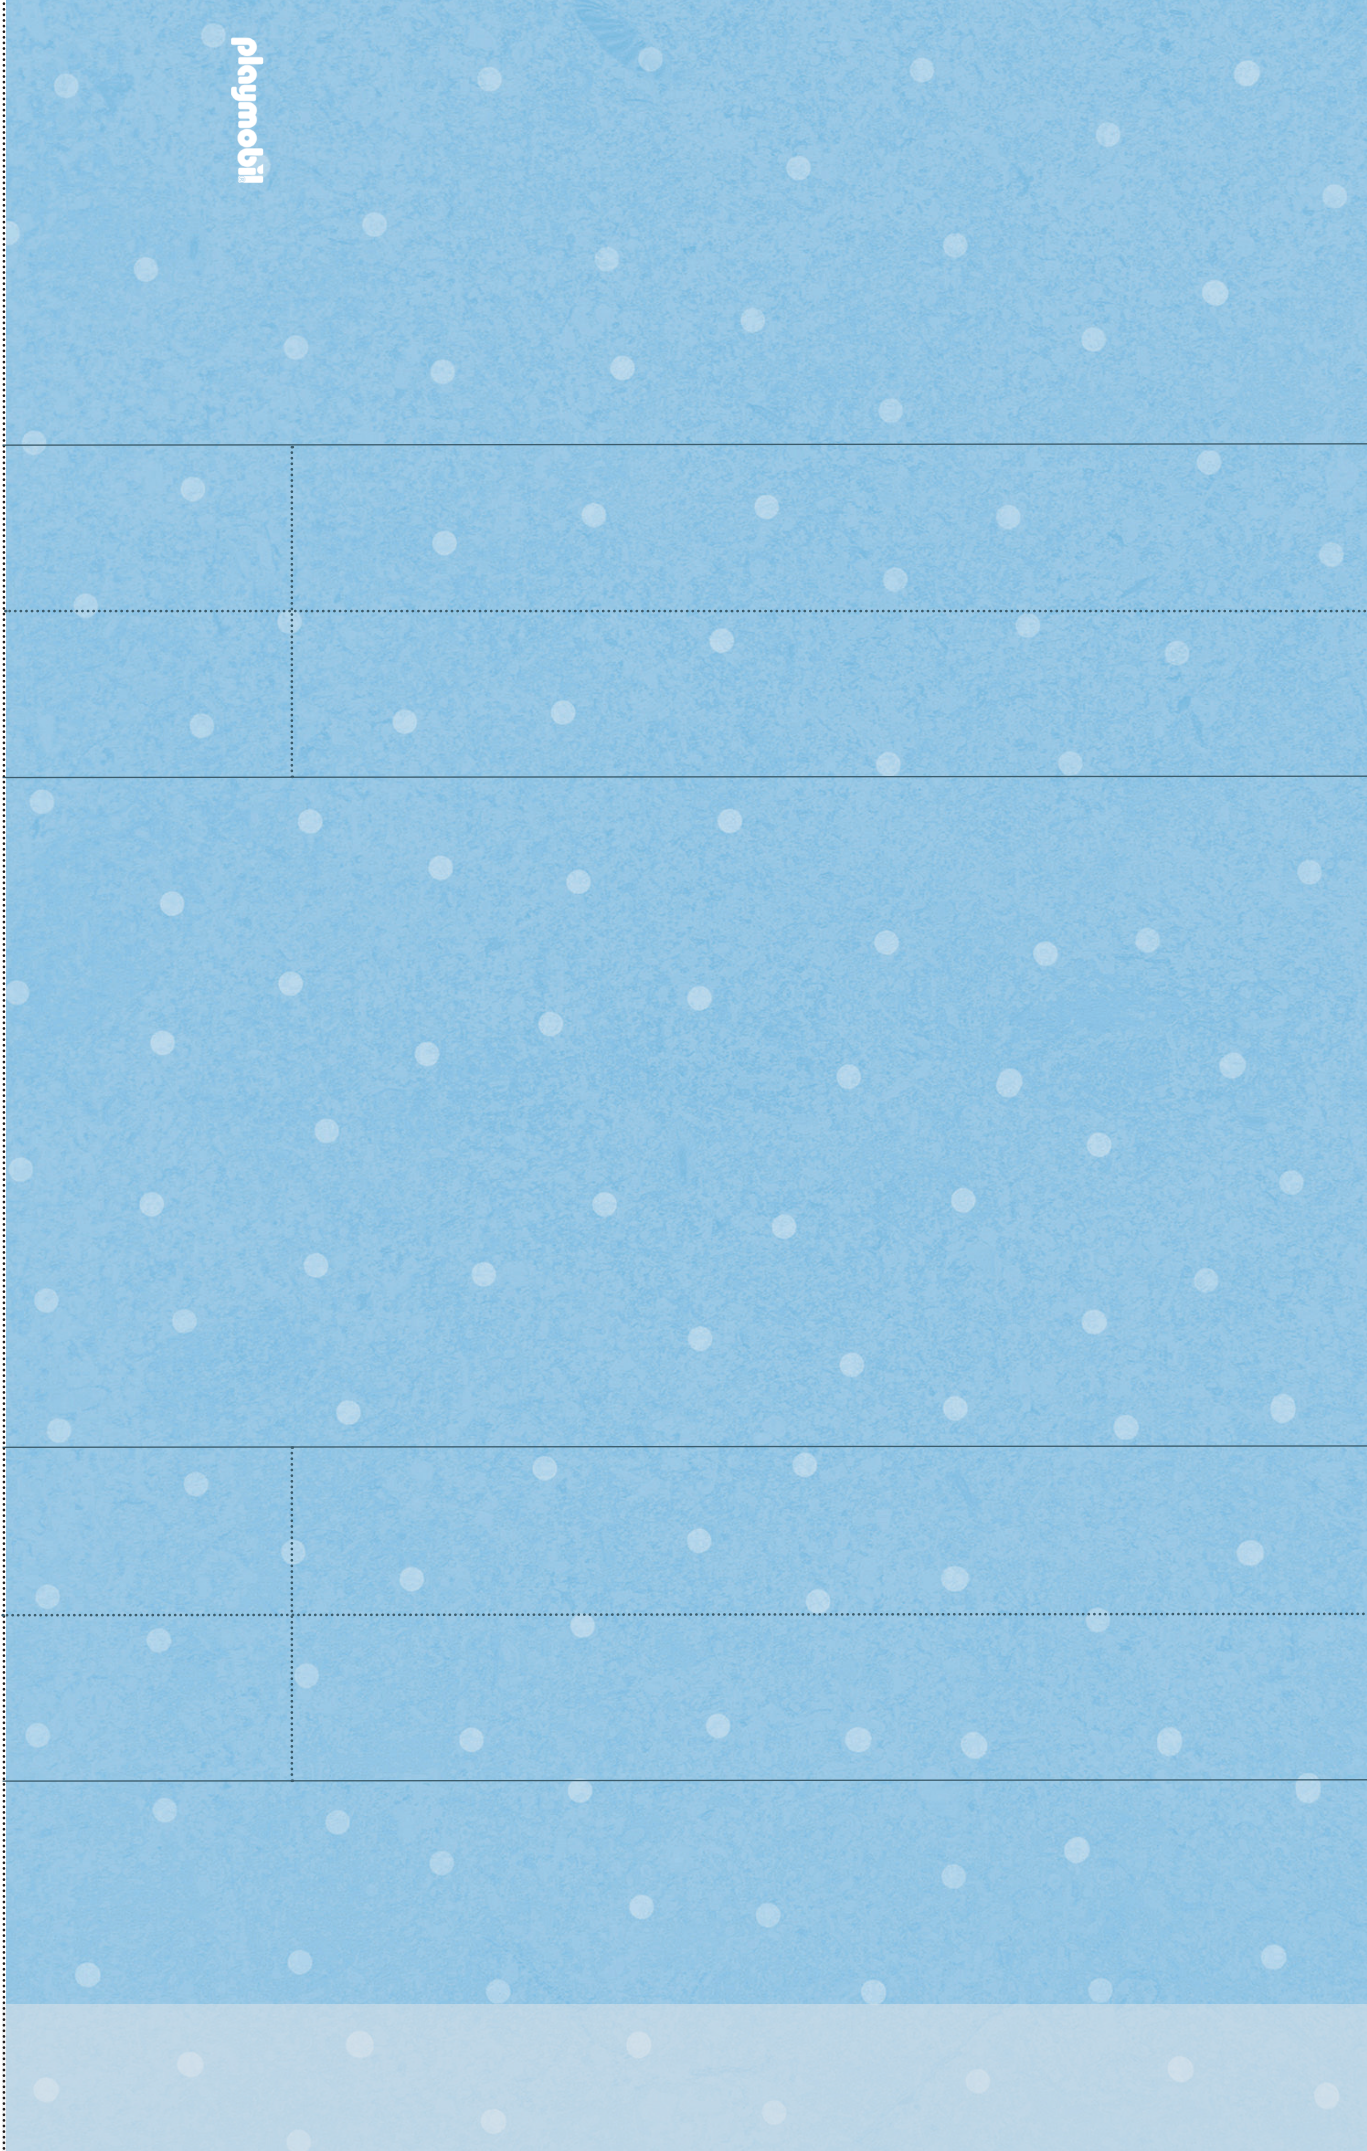

Finished. Now you can open and unfold the bag and fill it according to your wishes.

Finally you can glue the bag with a PLAYMOBIL badge.
