

# HOW TO MAKE INVITATIONS

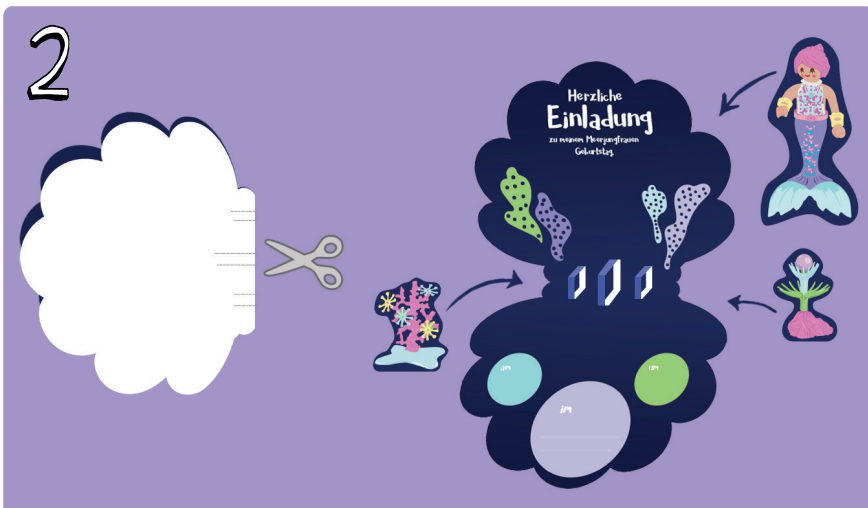

1

First, print the required number of invites that you will need. We suggest using a thicker paper.

First, you need to cut the white edge around the images along the outer line.

2

Then, cut along the outer line of all of the images. Fold the invite pieces, then cut along the dotted lines at the fold line. Now you can add the mermaid and shell decorations to your invite, as shown in the picture.

Write all the important information that your friends will need to attend your party.

3

Last, glue the pieces together, back to back, with a glue stick to create your invites.

Now you have your invitations to your fun Enchanted Mermaid Party!

Have fun!  
Your PLAYMOBIL team

Looking forward to your reply  
and hope you can make it.
