How to make your own PLAYMOBIL football shirt.

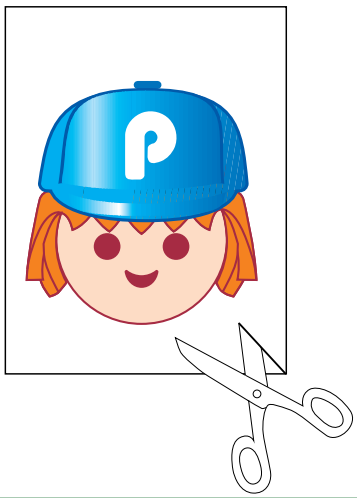

Buy a T-Shirt in your size and some transfer paper for printing on textiles. The best results will be obtained on light or white material. If you would like to print on a dark shirt, please use special paper for dark material.

Ask a grown up to help you with printing and ironing the motif on to your shirt. Please follow the manufacturer's instructions with the transfer paper .

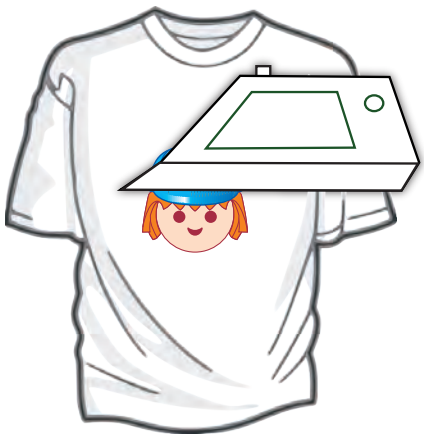

1 Print motif...

2 Cut...

3 Iron...

4 Finished!
