

GRILL MASTER

AGAINST WILL

Only a few weeks ago, the Taster family moved into their wonderful new house and for the first time mother Moni and father Walter can have a lie-in in their new bed...

Wake
uuuuuup!!!

... or not.

Get up! Don't be so grumpy in the morning. We have a surprise for you!

Yawn... what kind of surprise?

The best surprise would be a little more sleep.. Yawn.

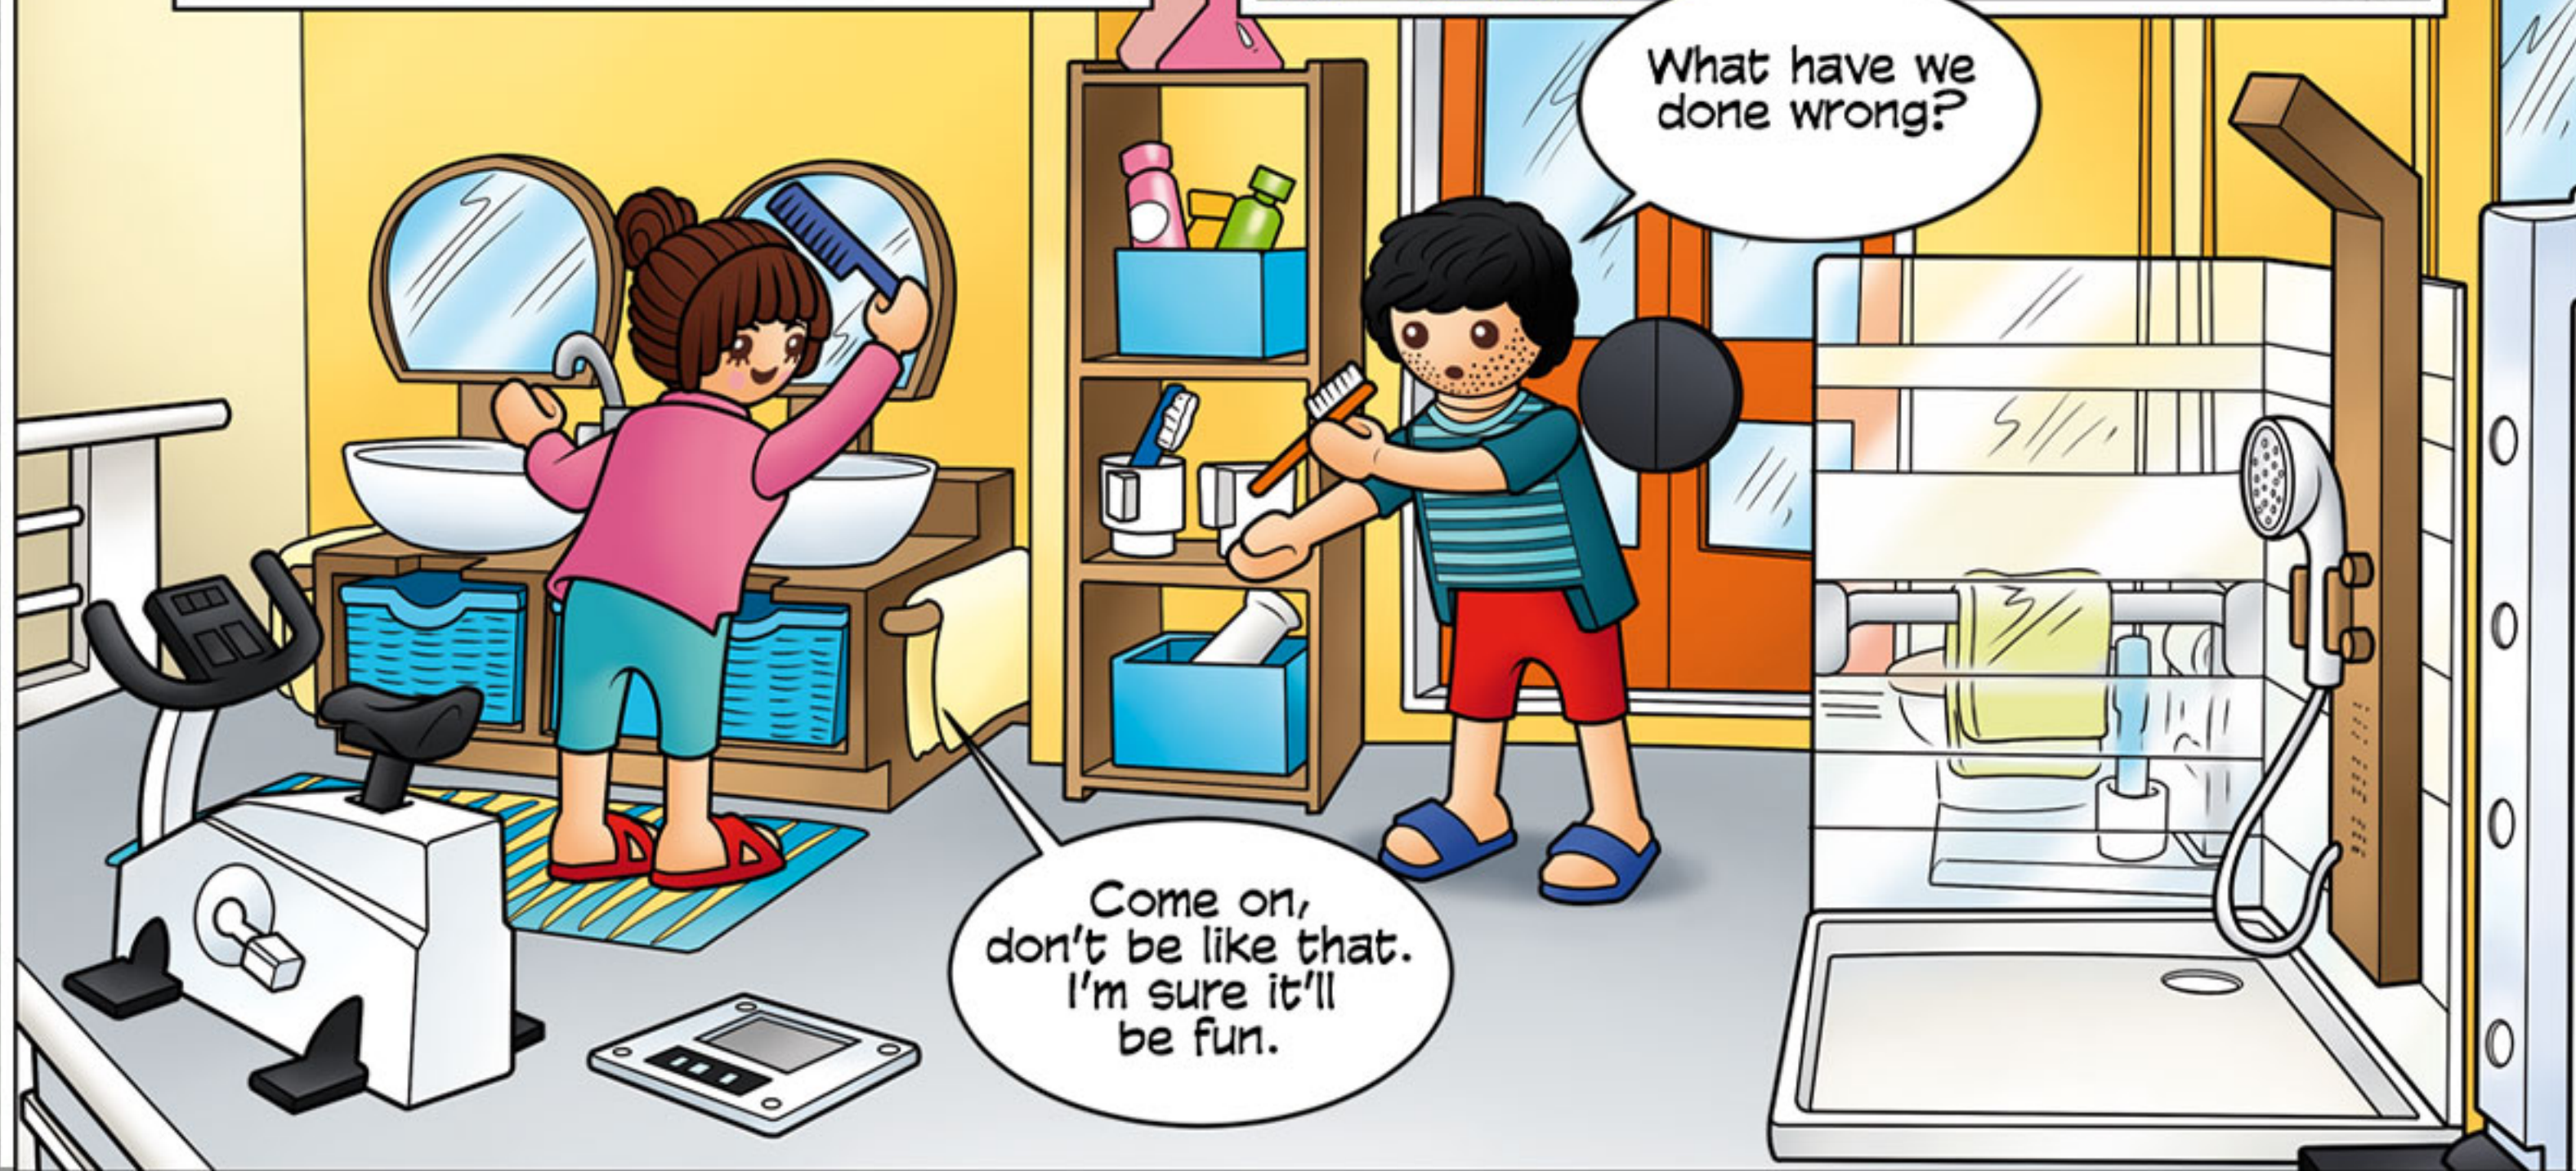

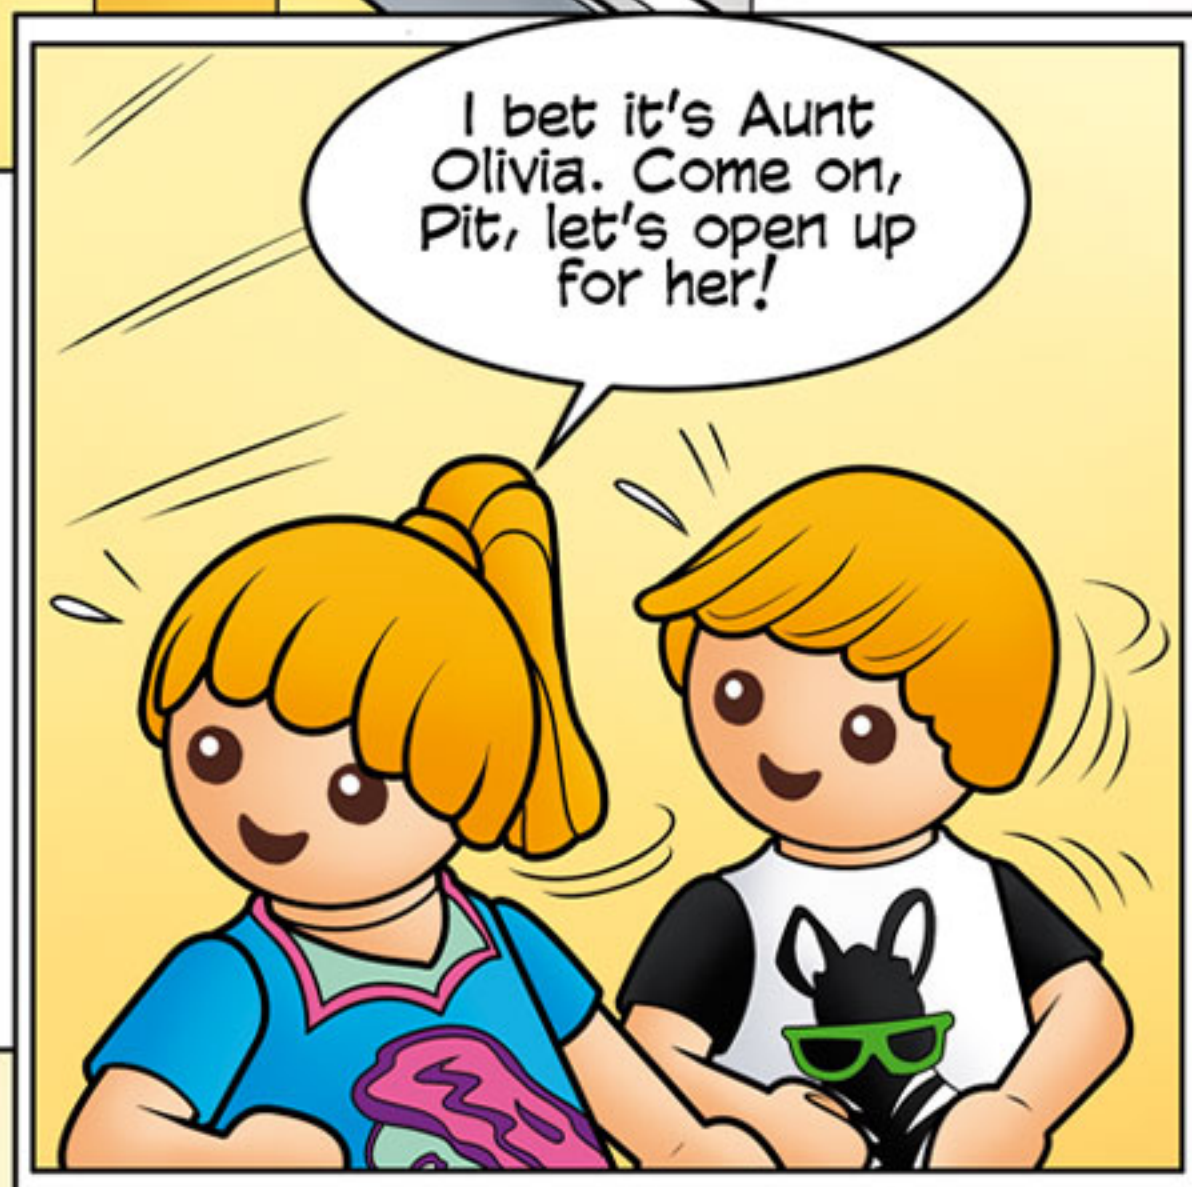

We've invited all your friends and our new neighbors to a big garden party!

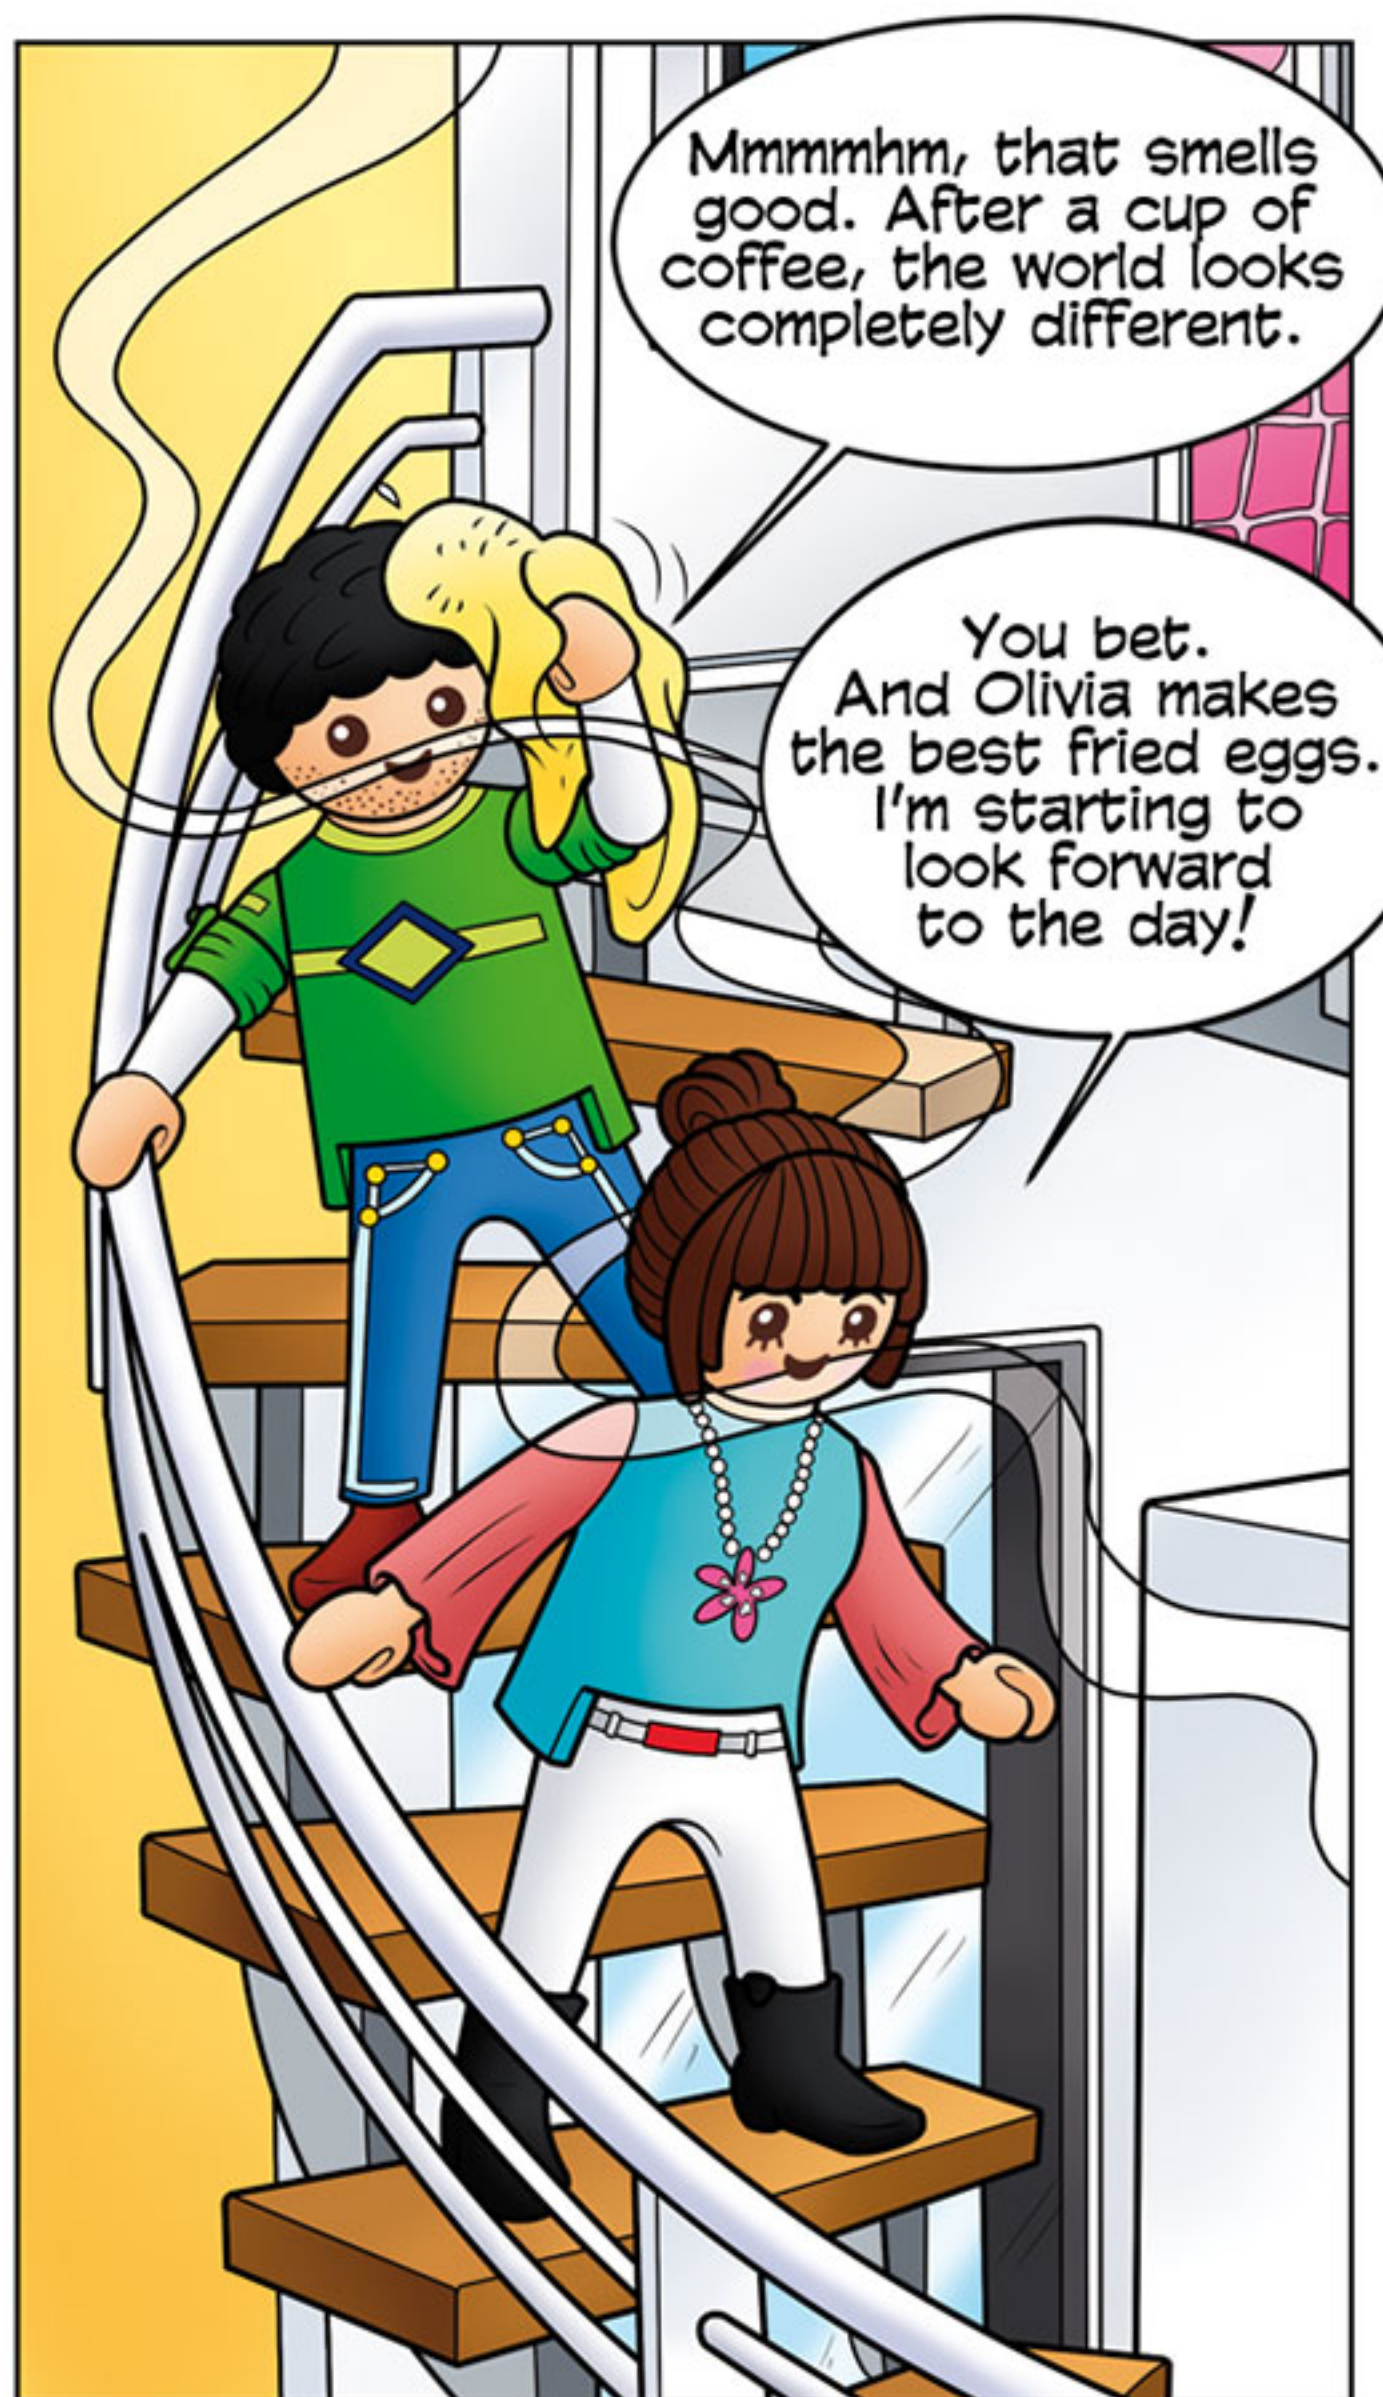

Exactly! Aunt Olivia will be here shortly to help with the preparations.

Whaaaaat?!

Didn't you hear it? All our friends and neighbours have been invited to a huge party ... WHAT?!?

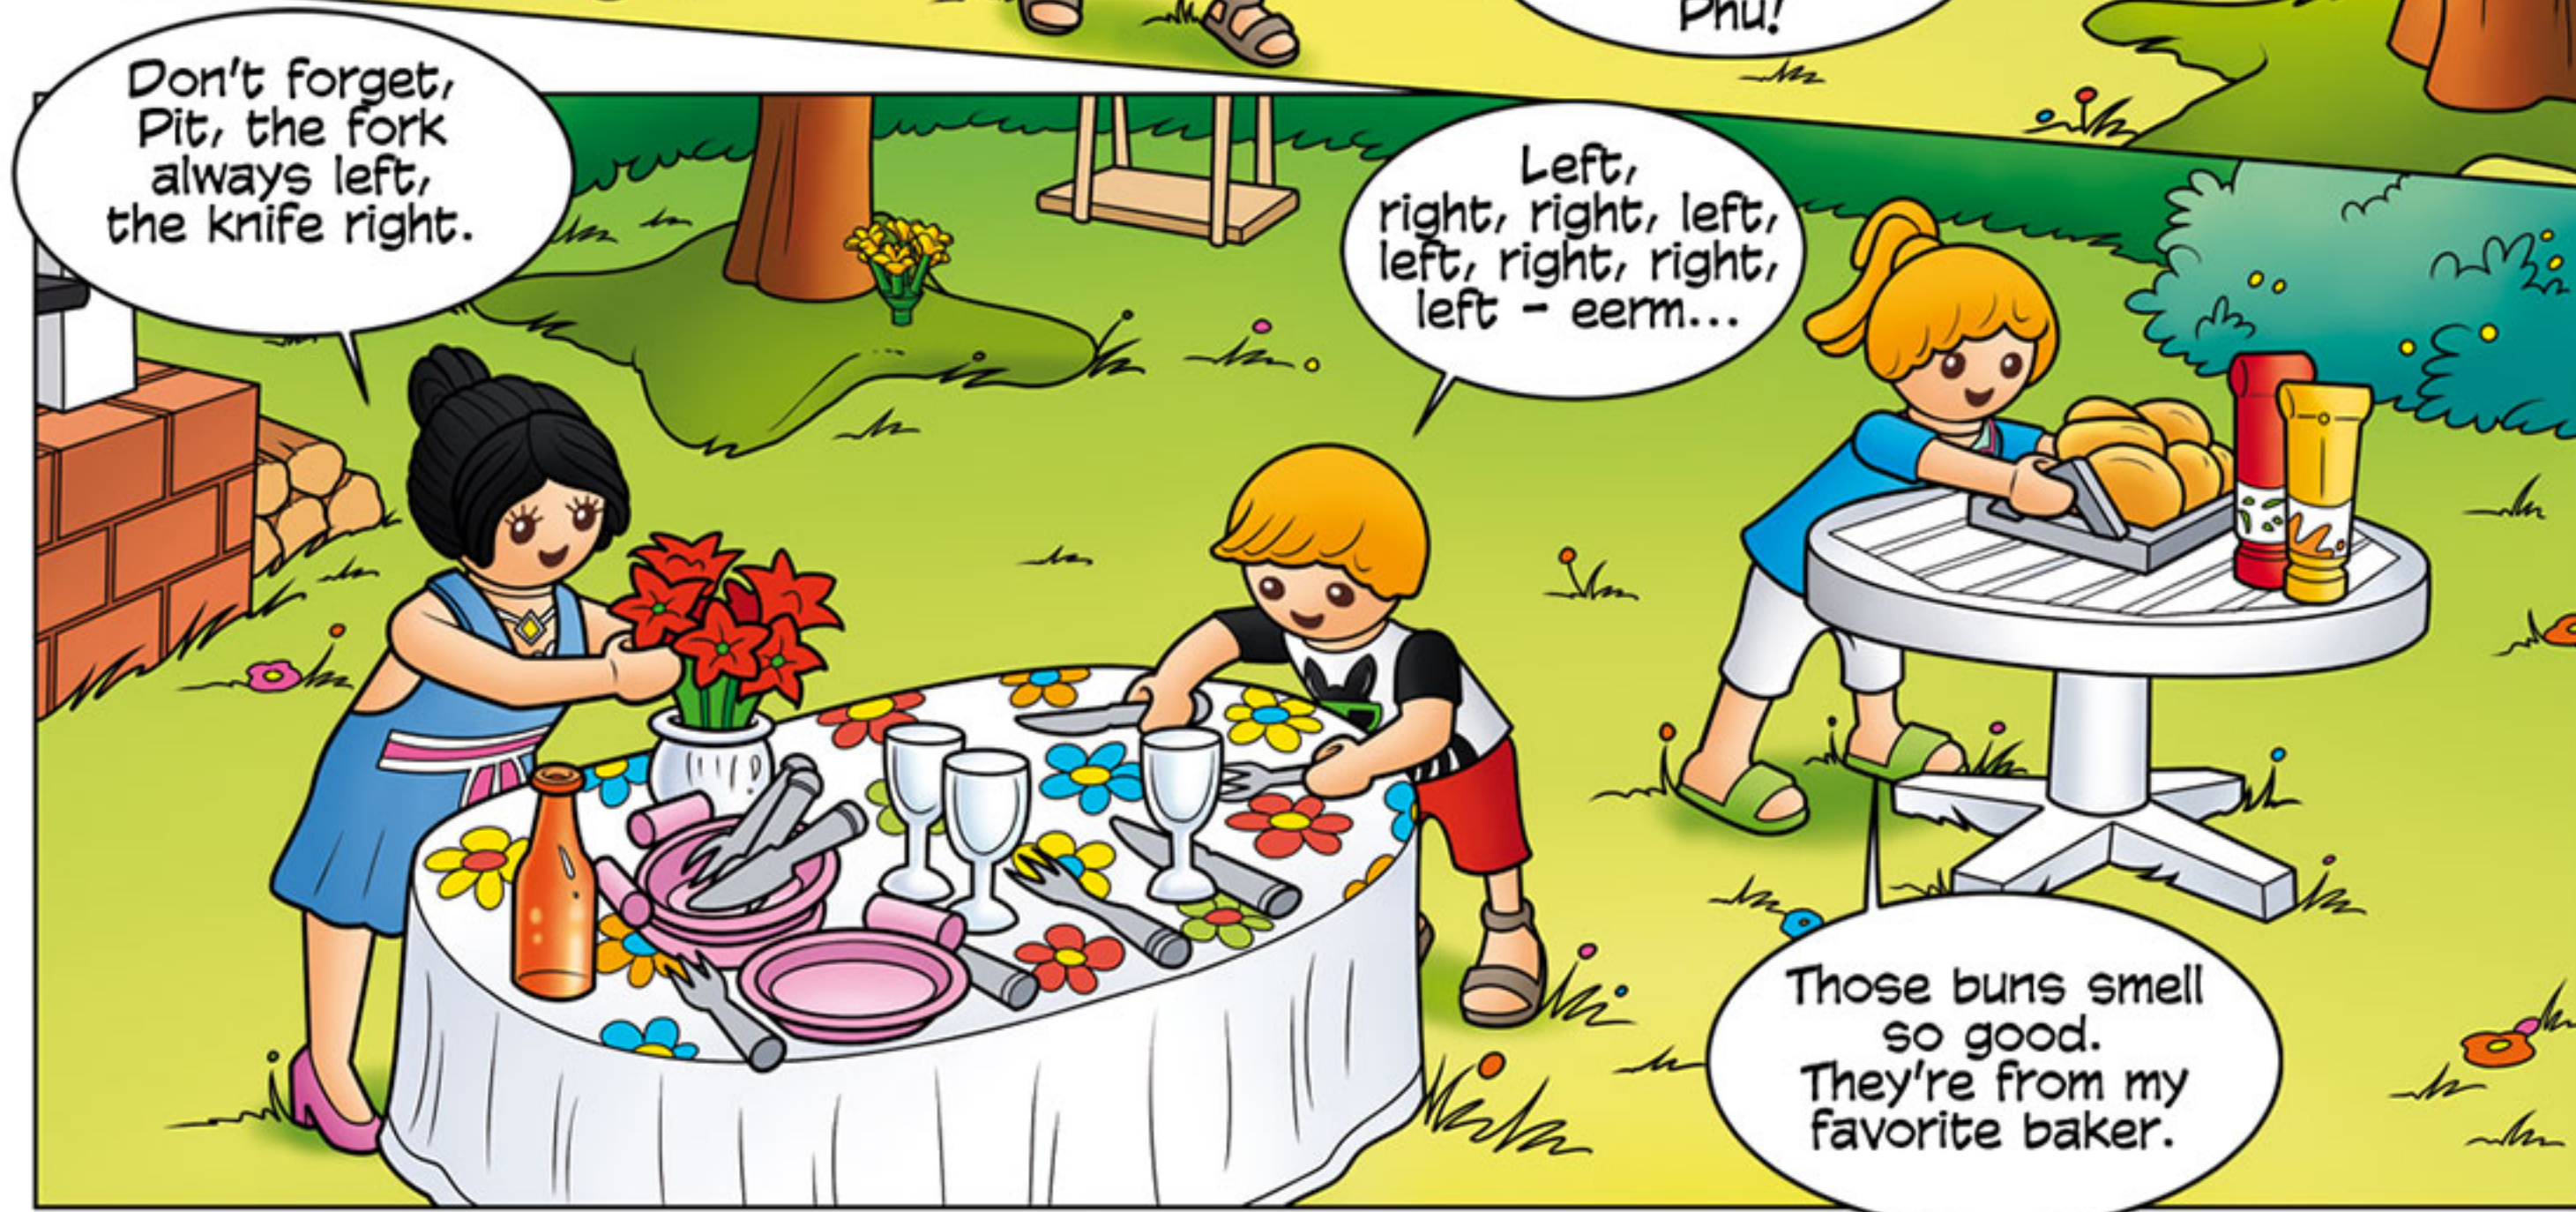

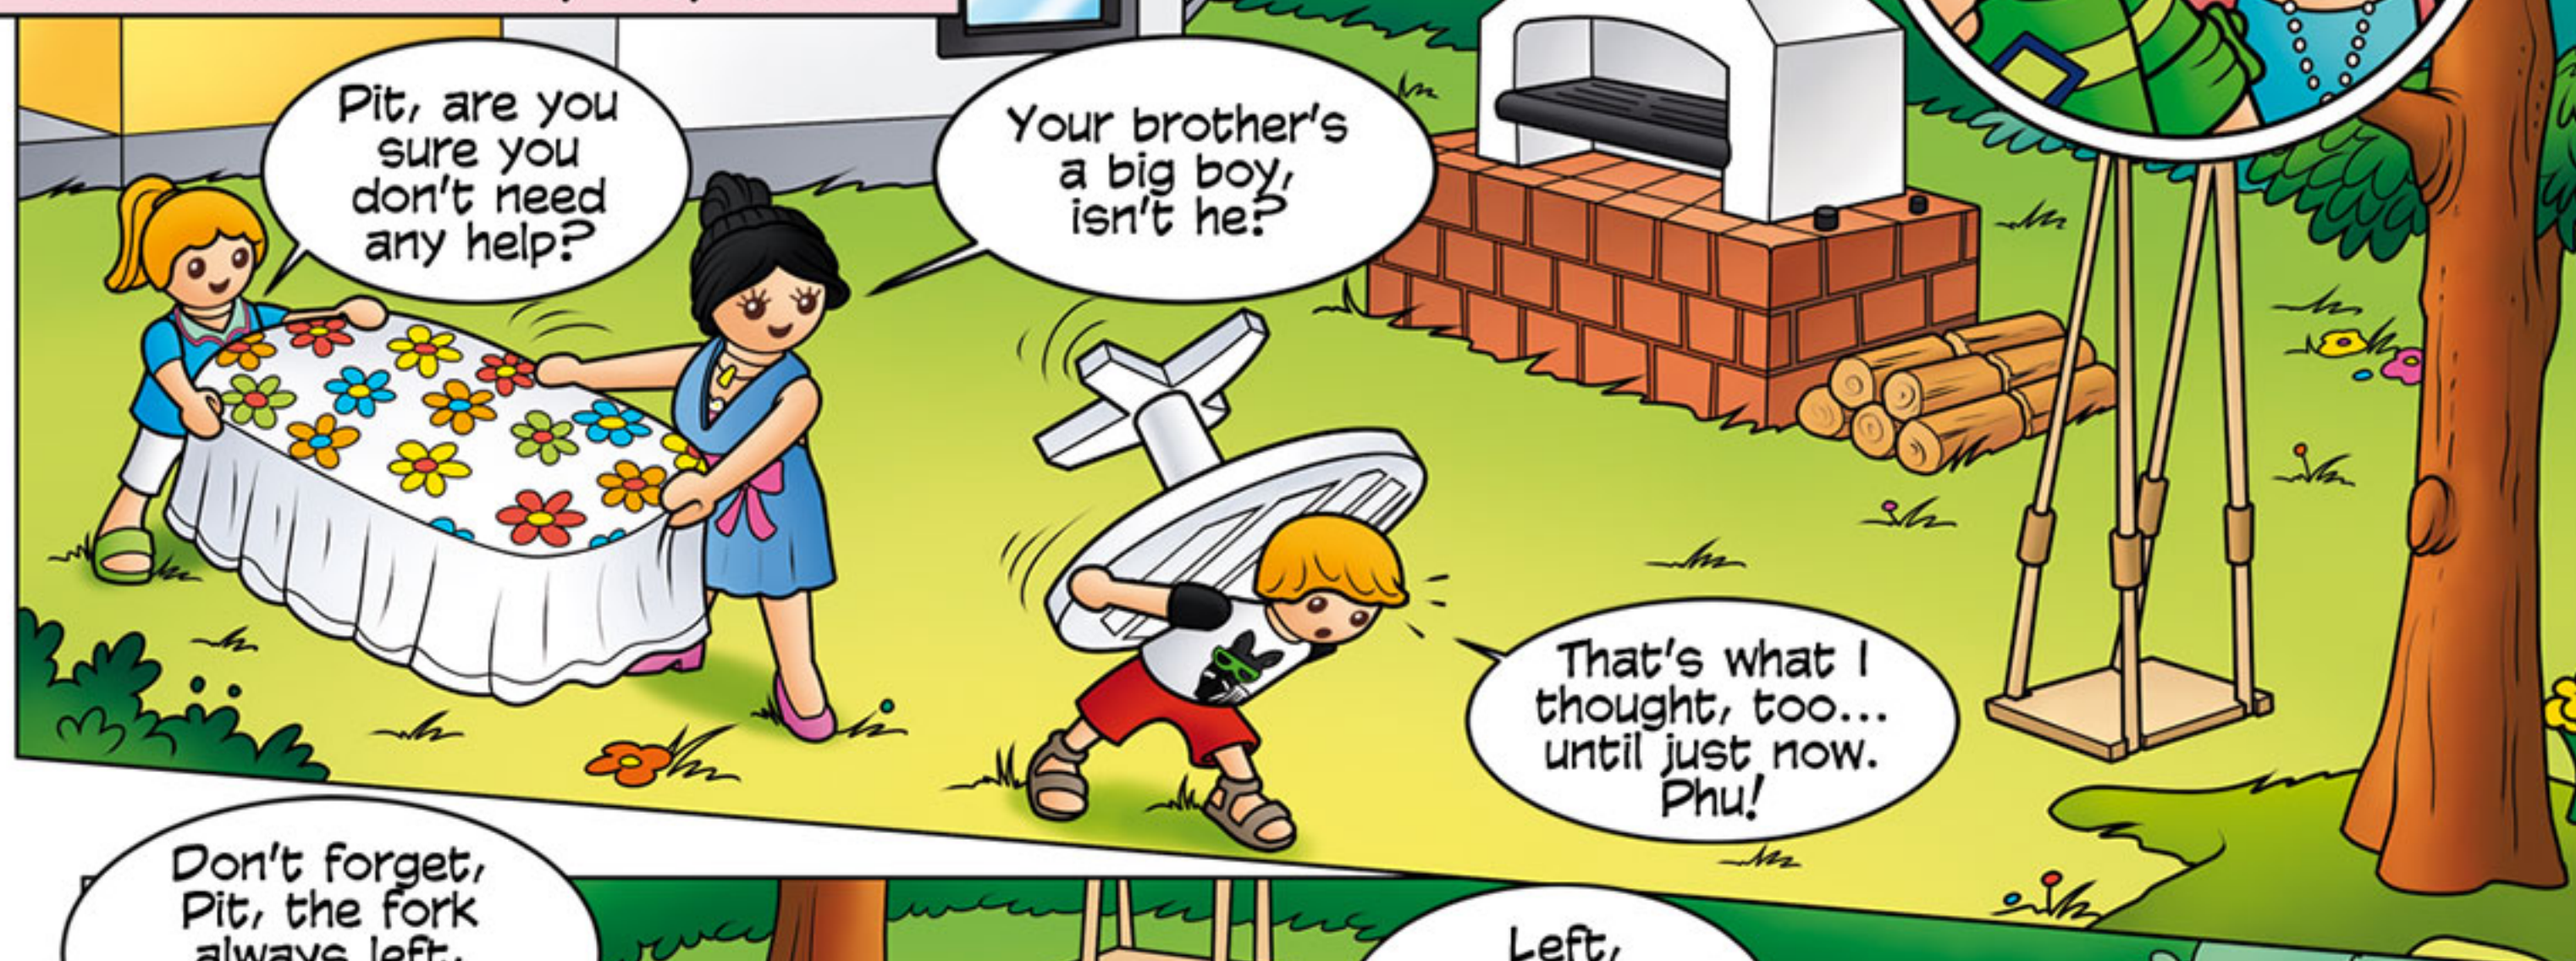

So get out of bed and into your evening wear.

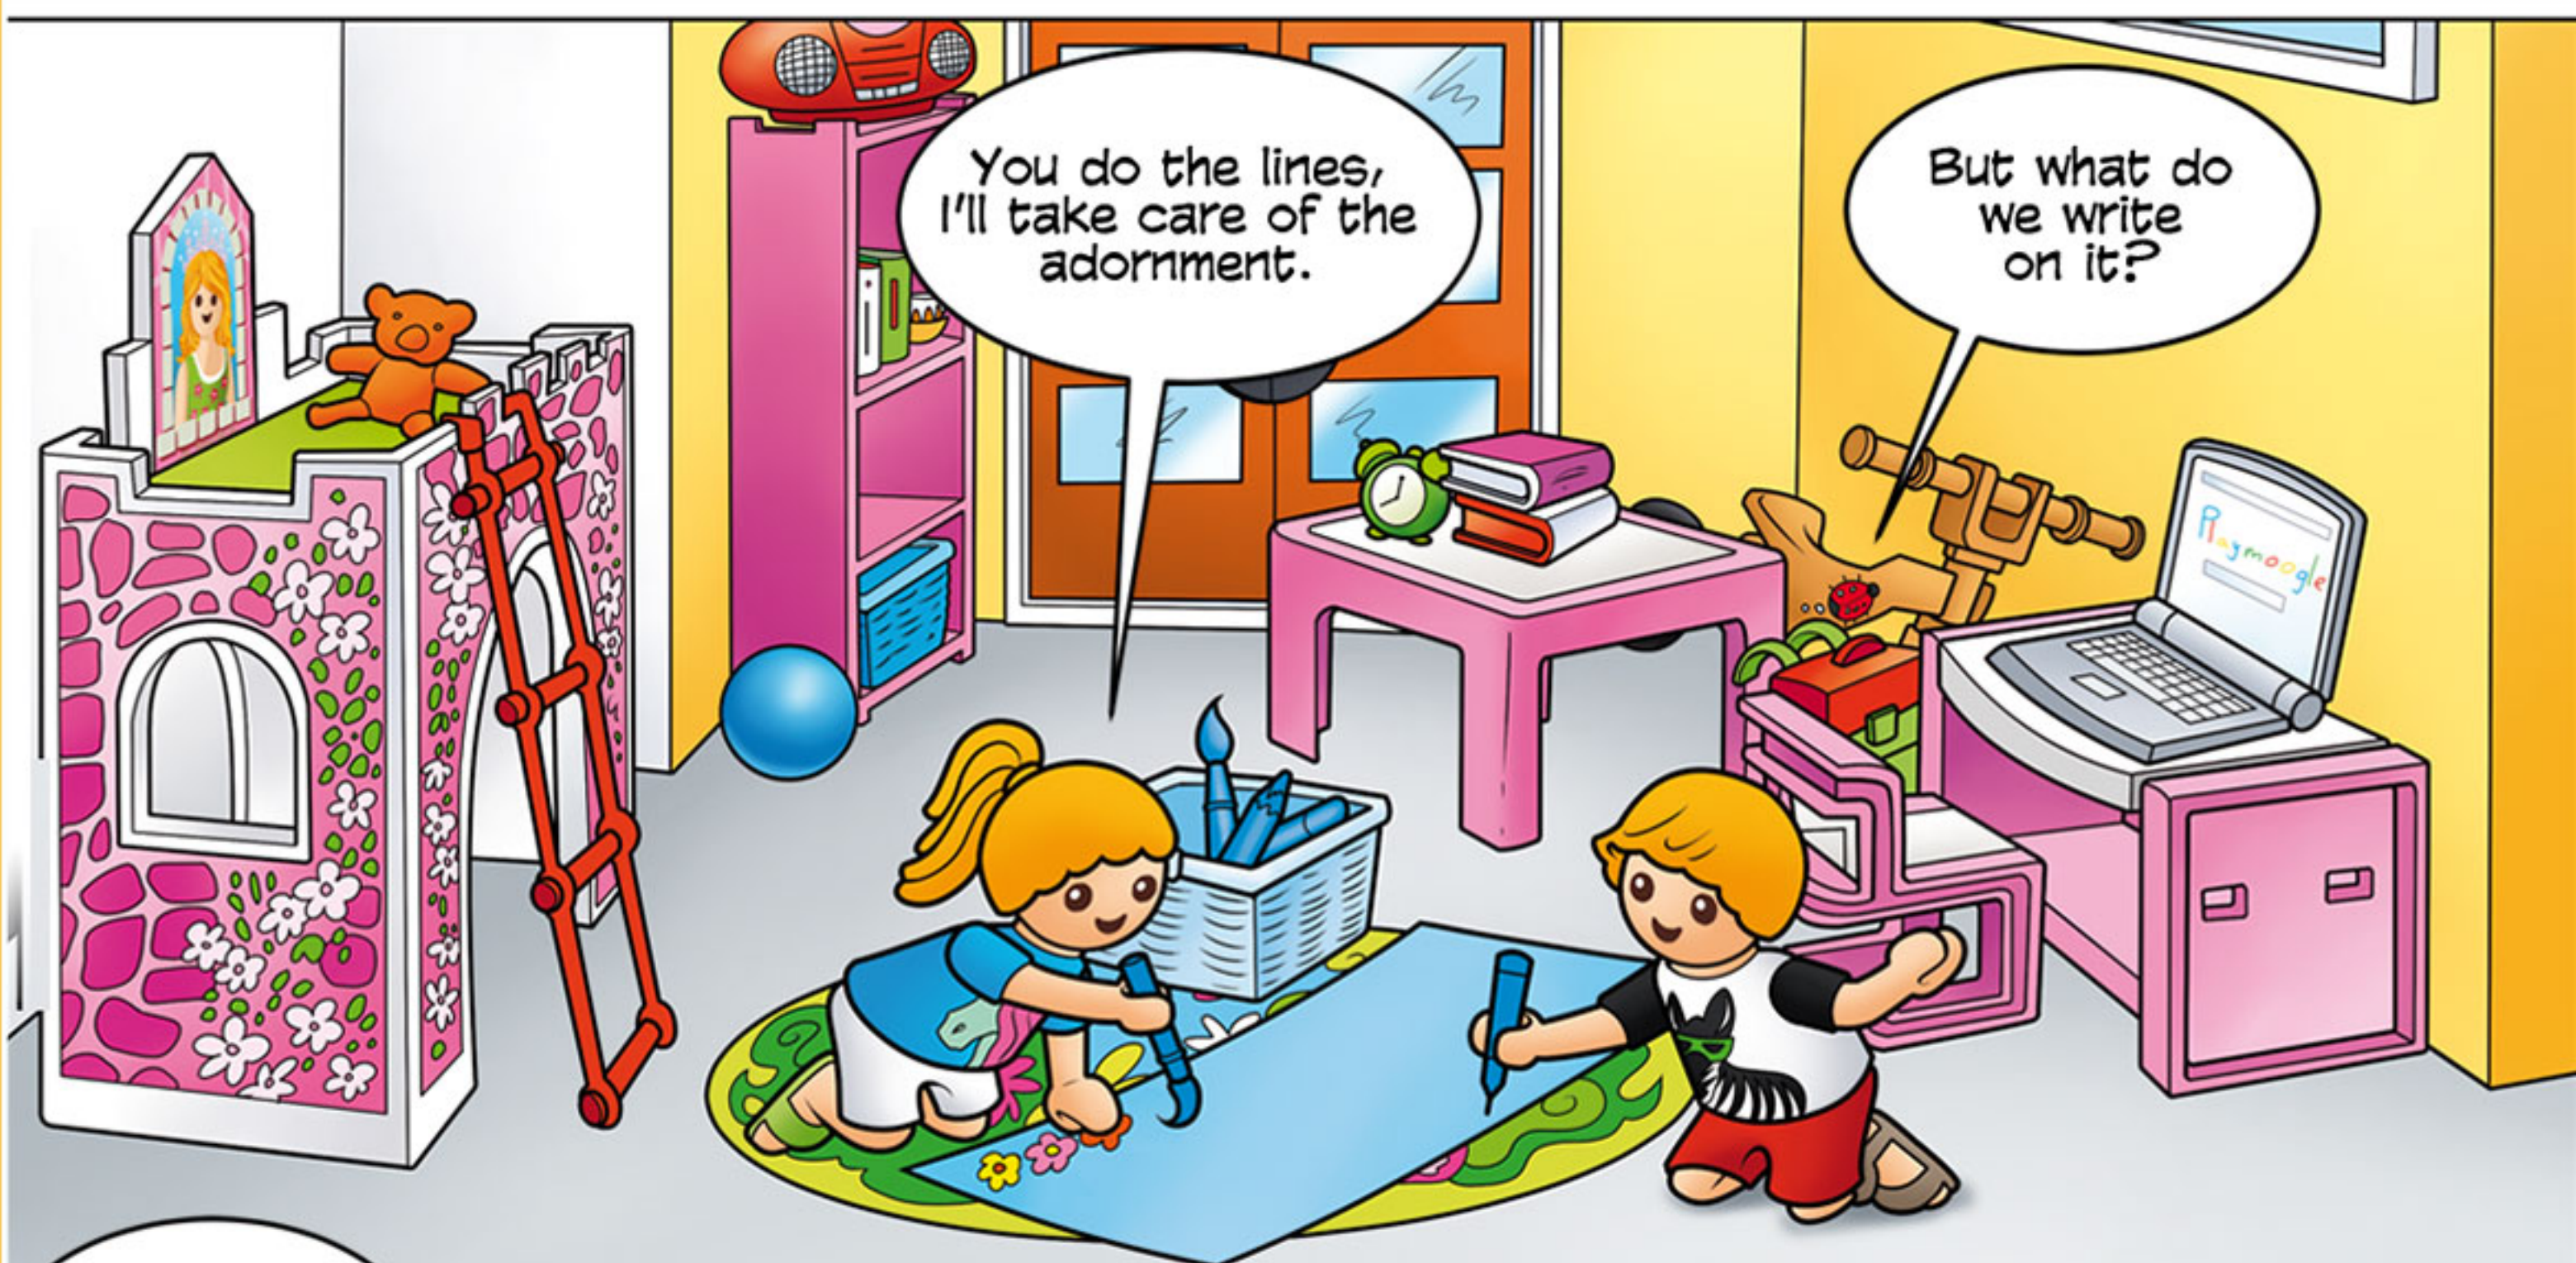

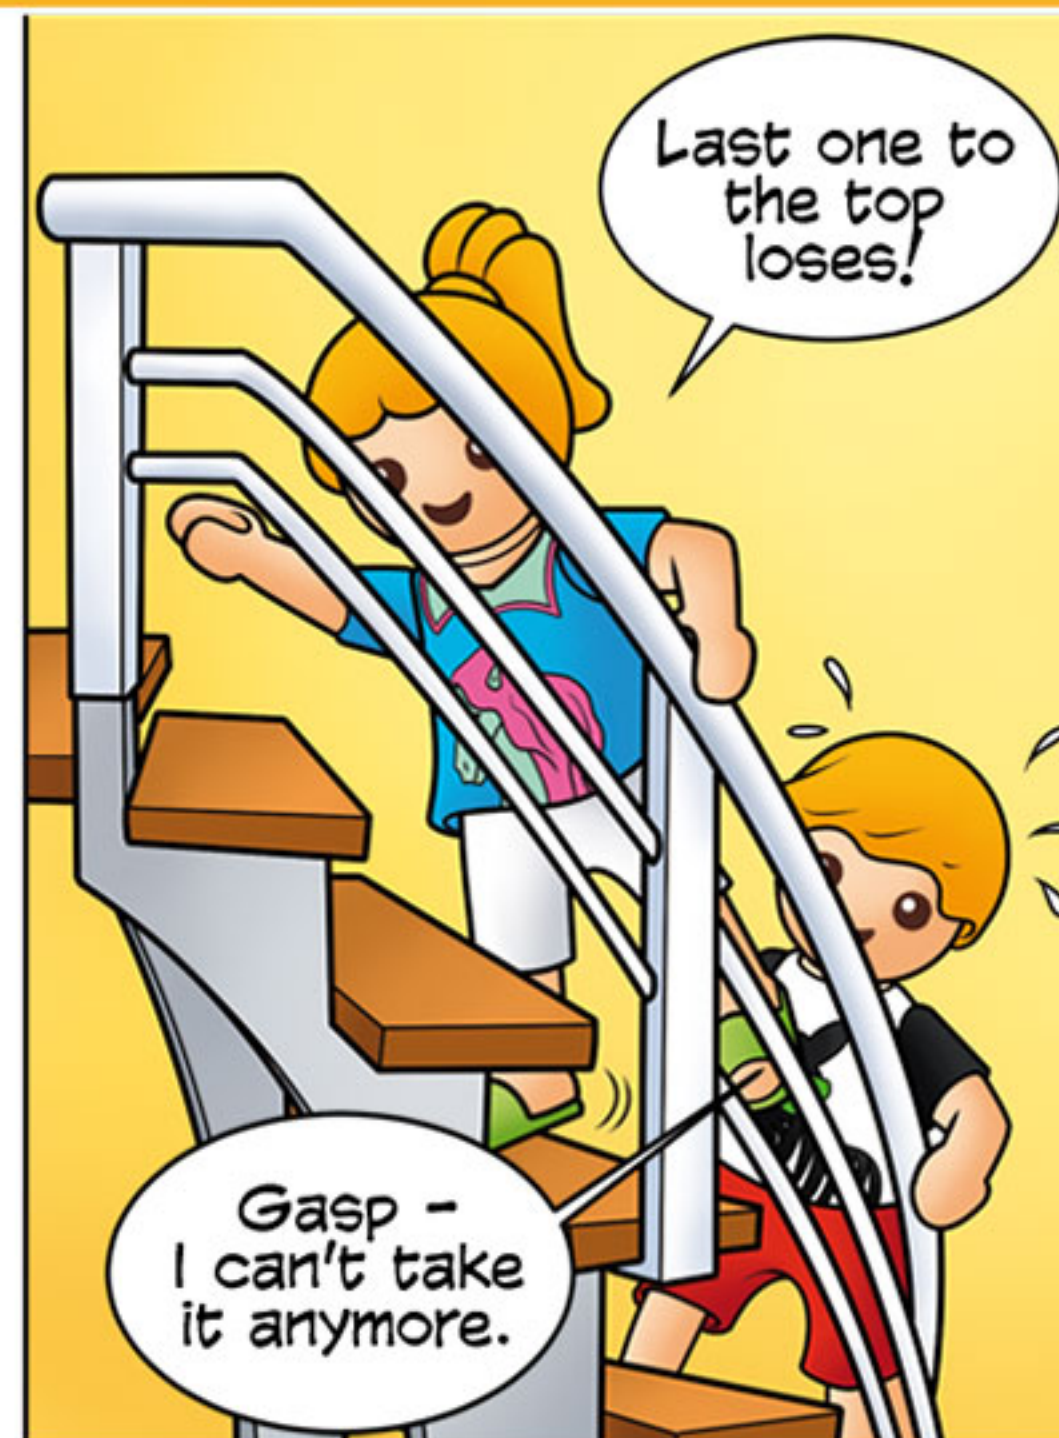

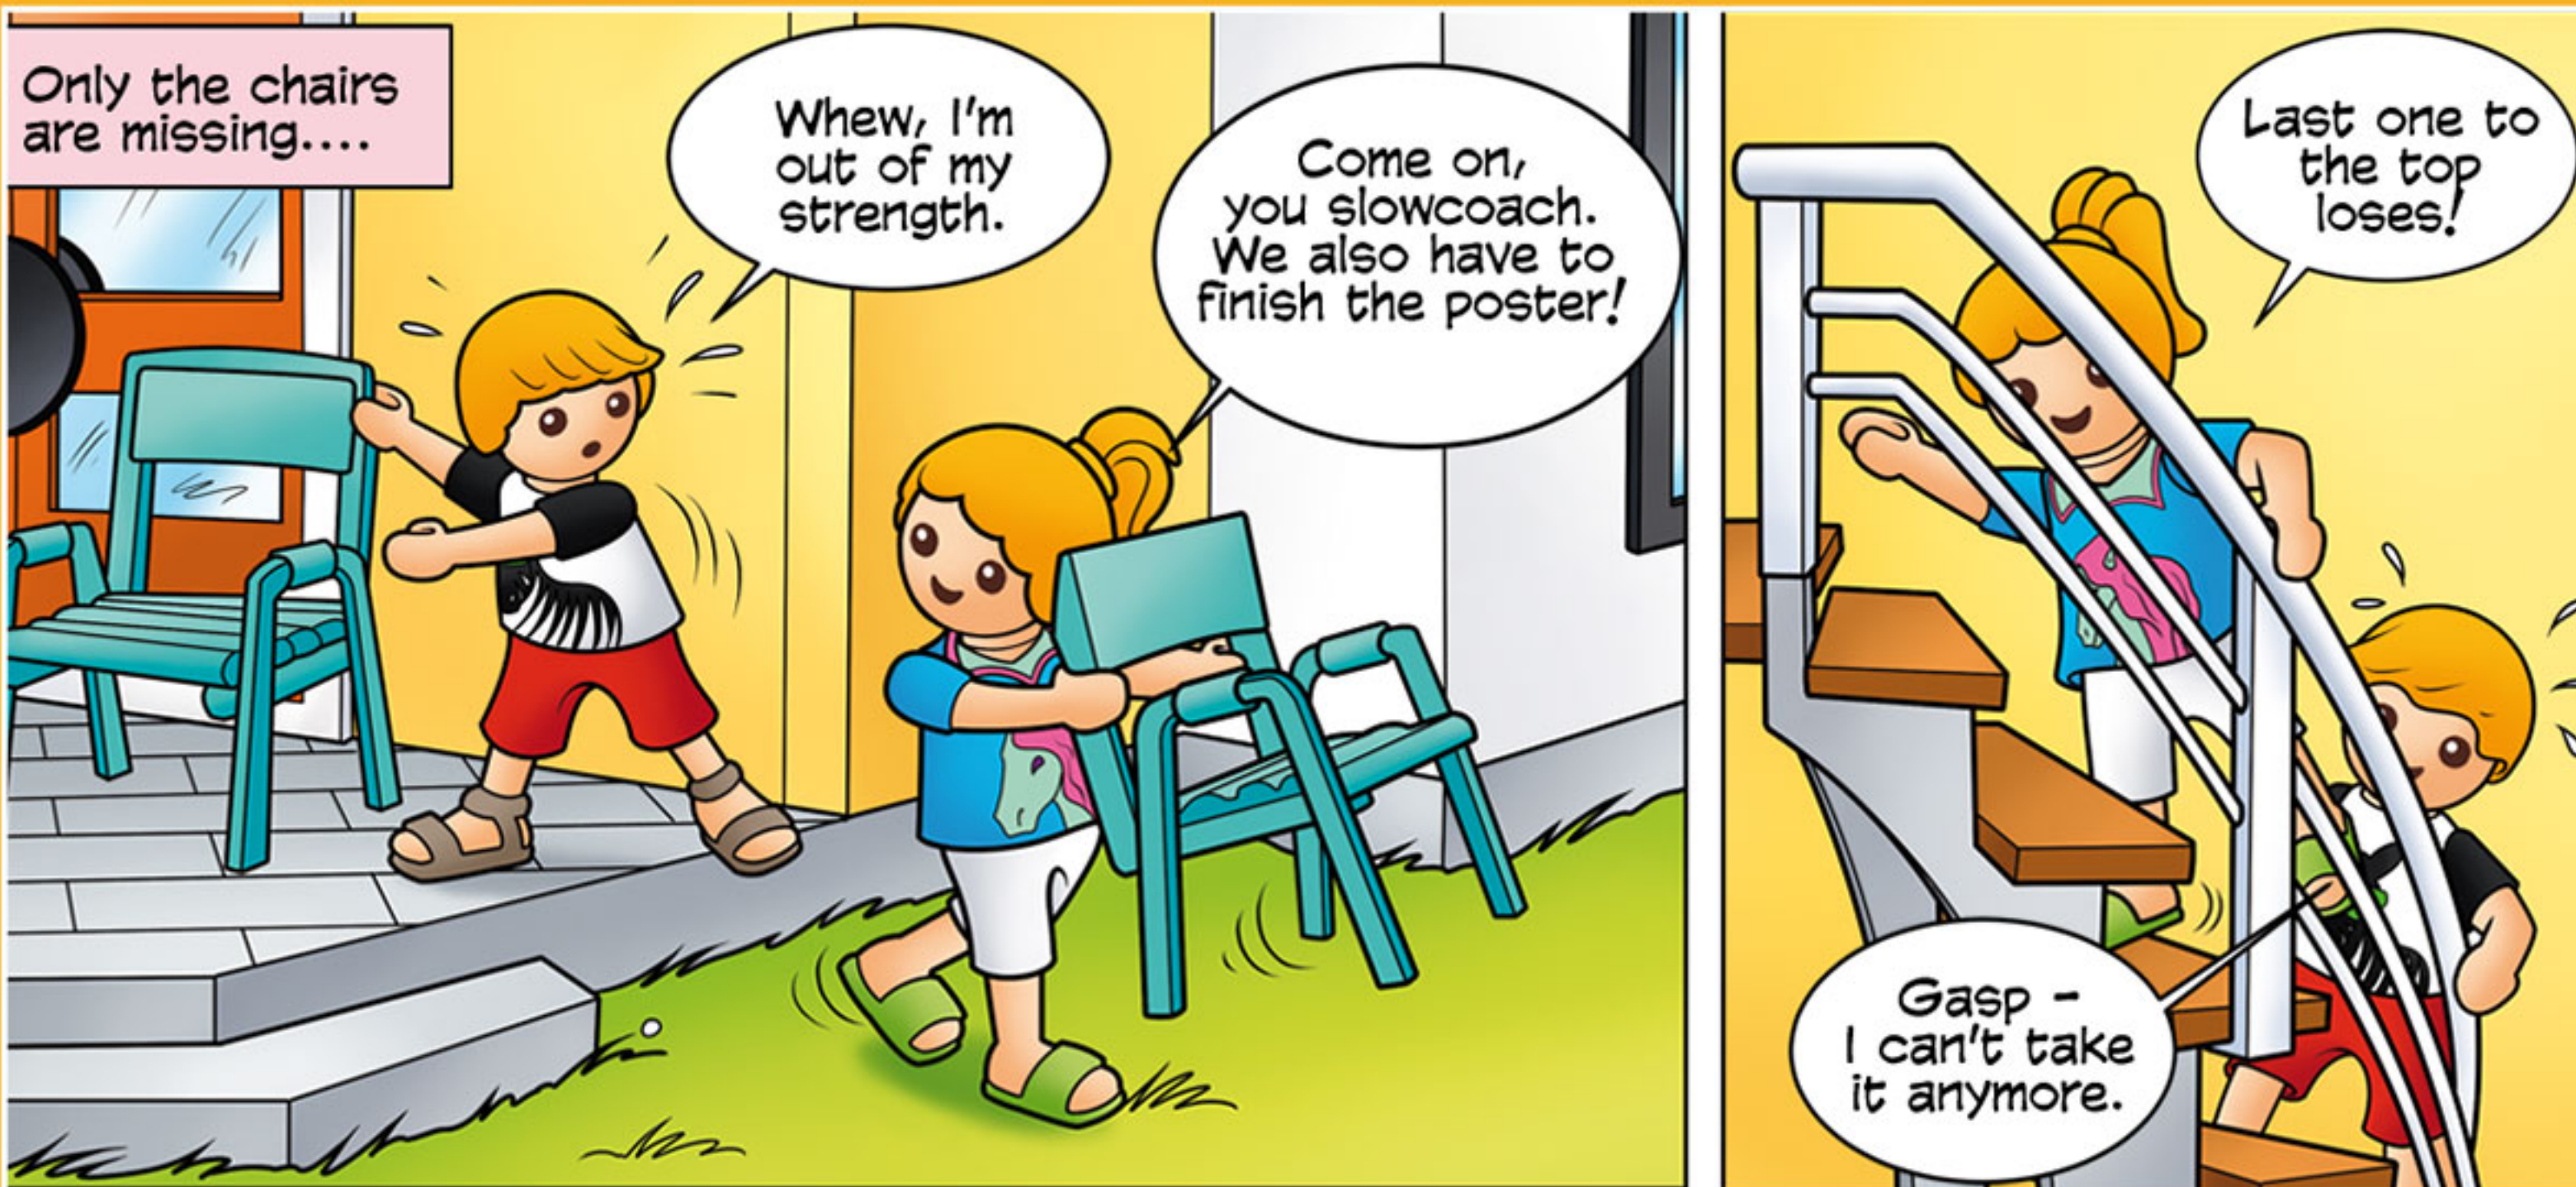

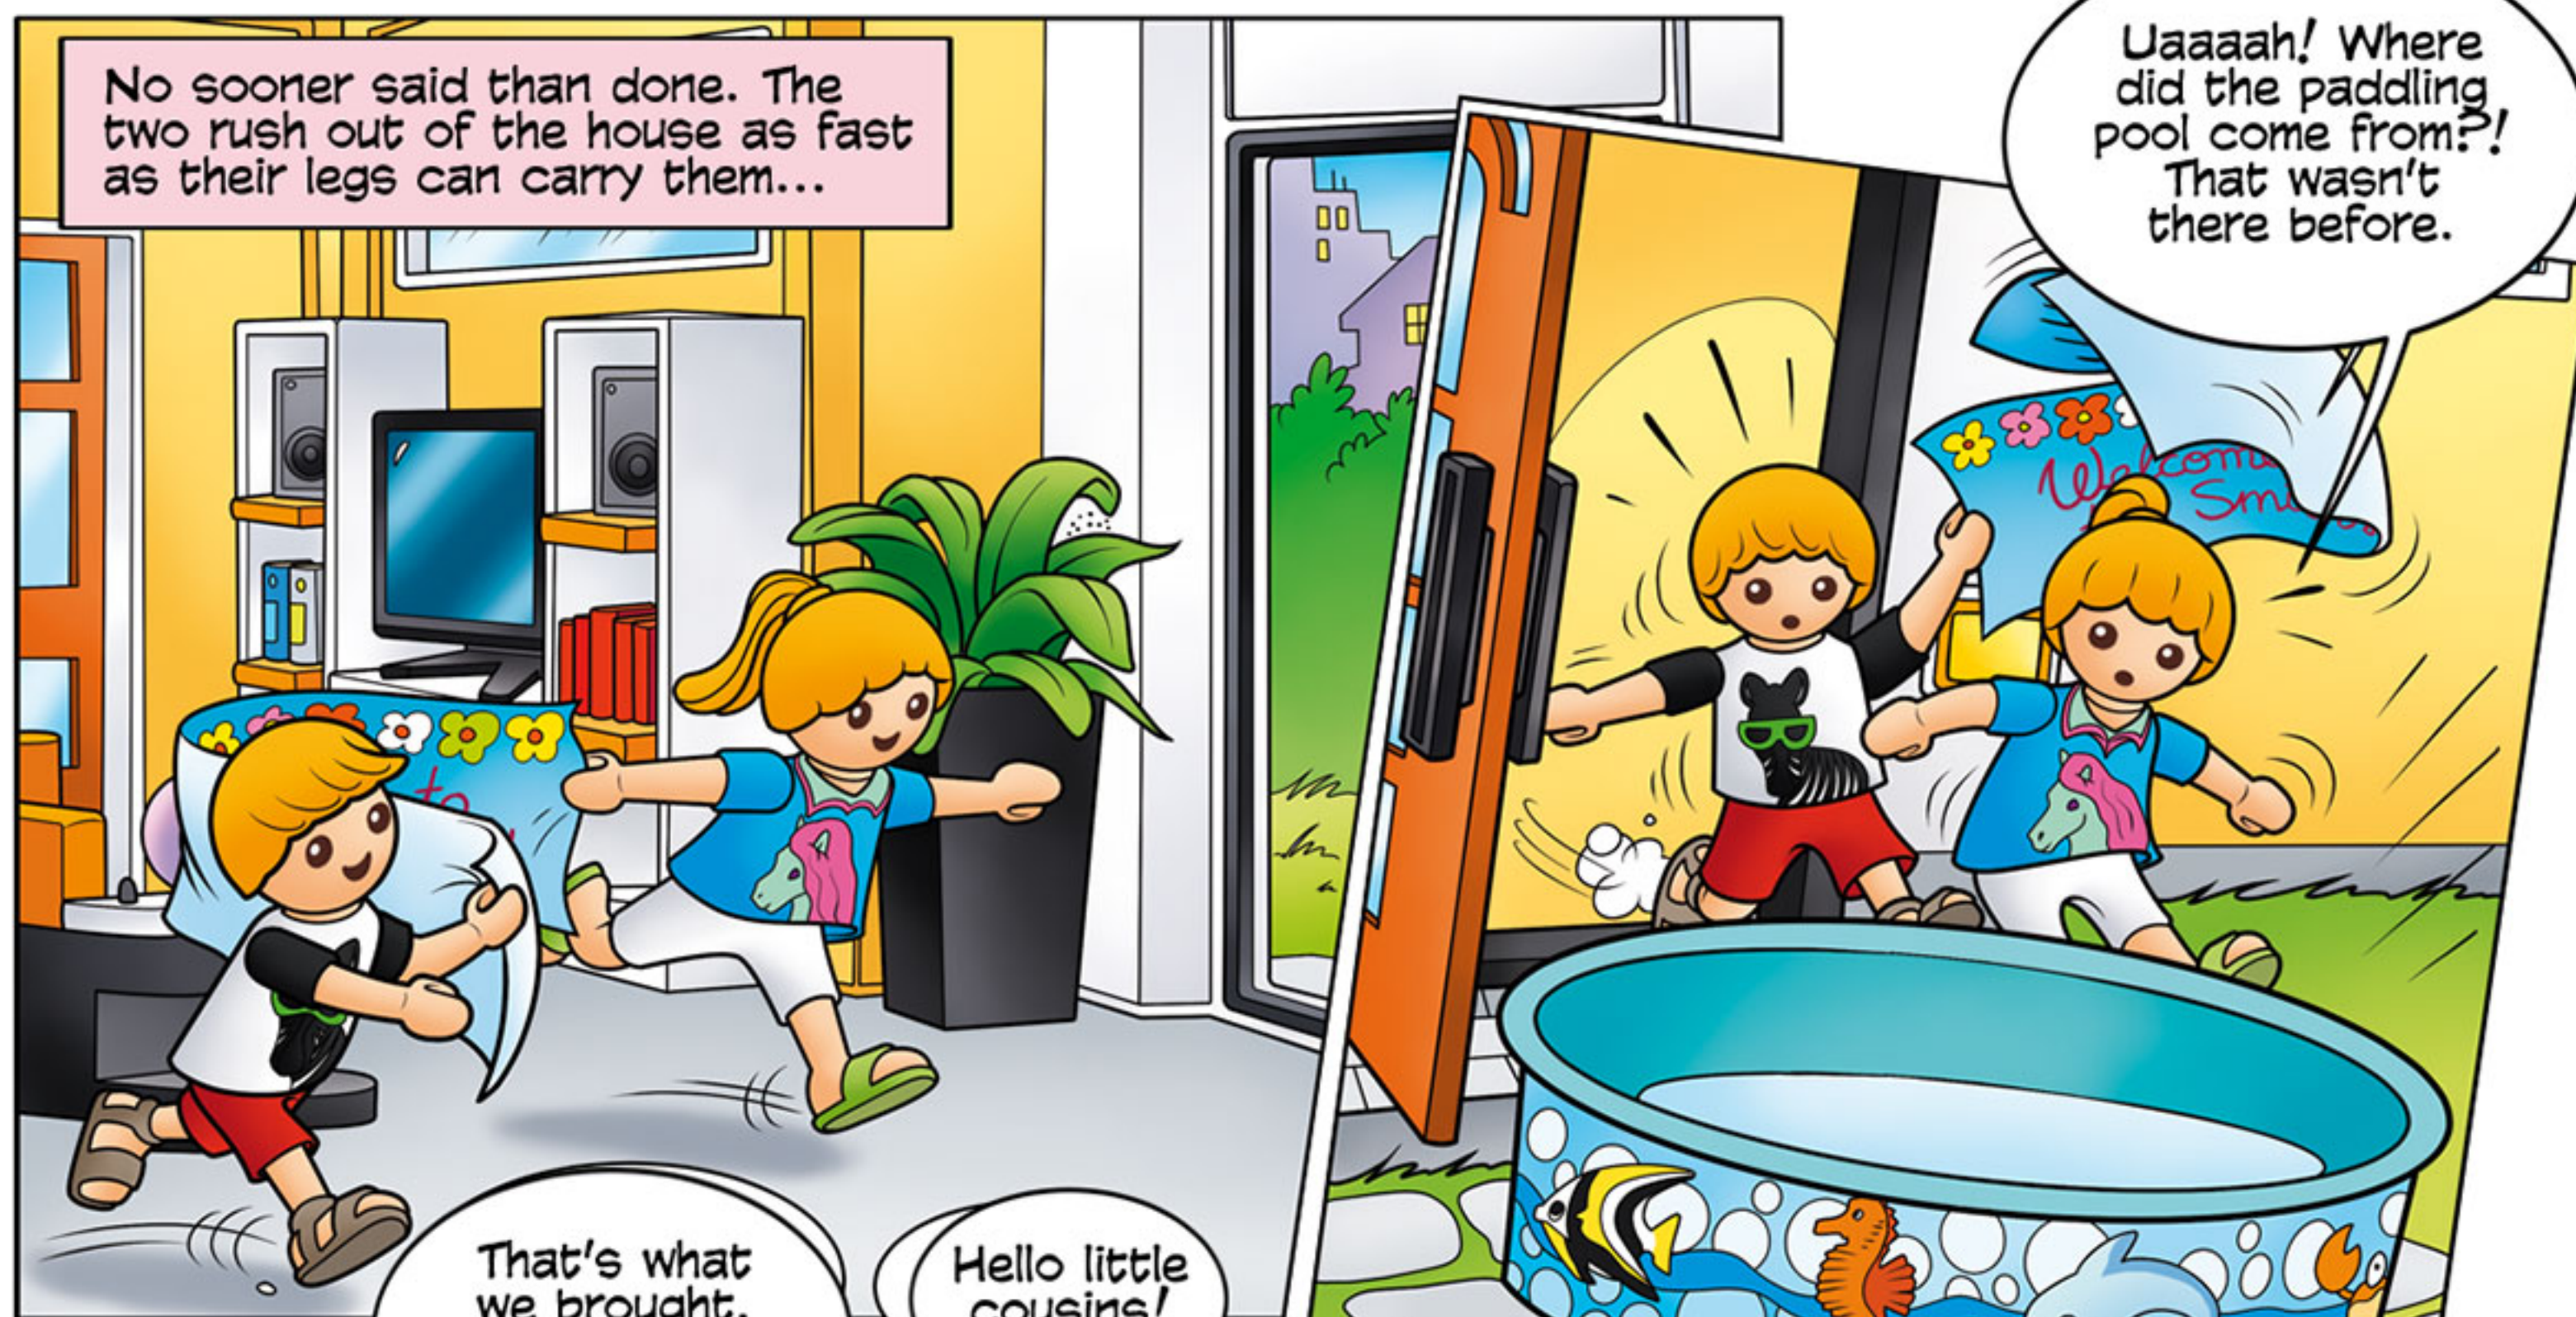

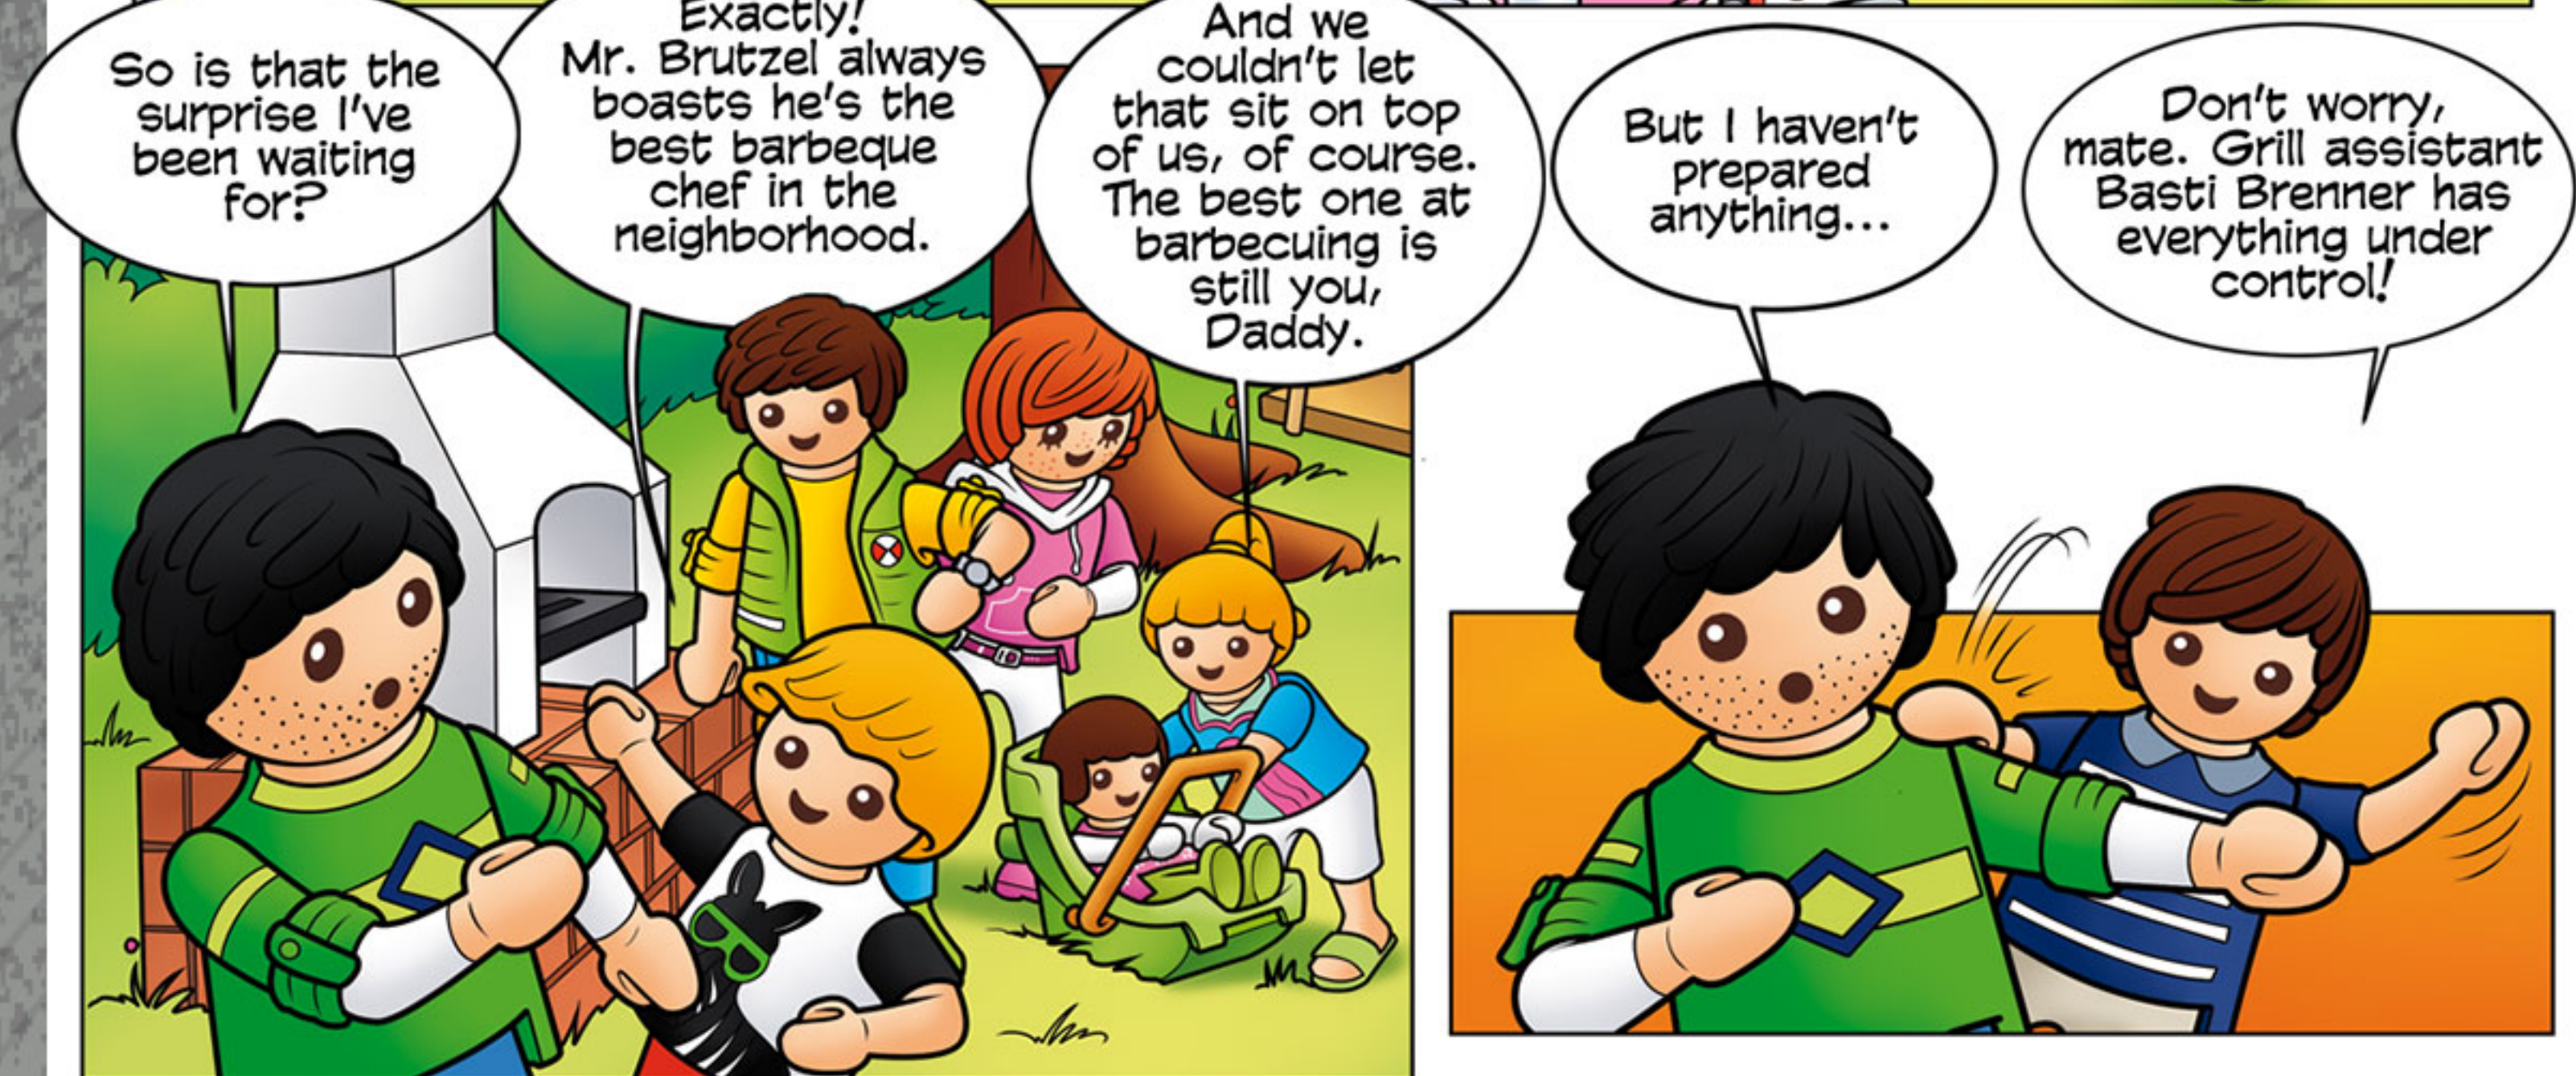

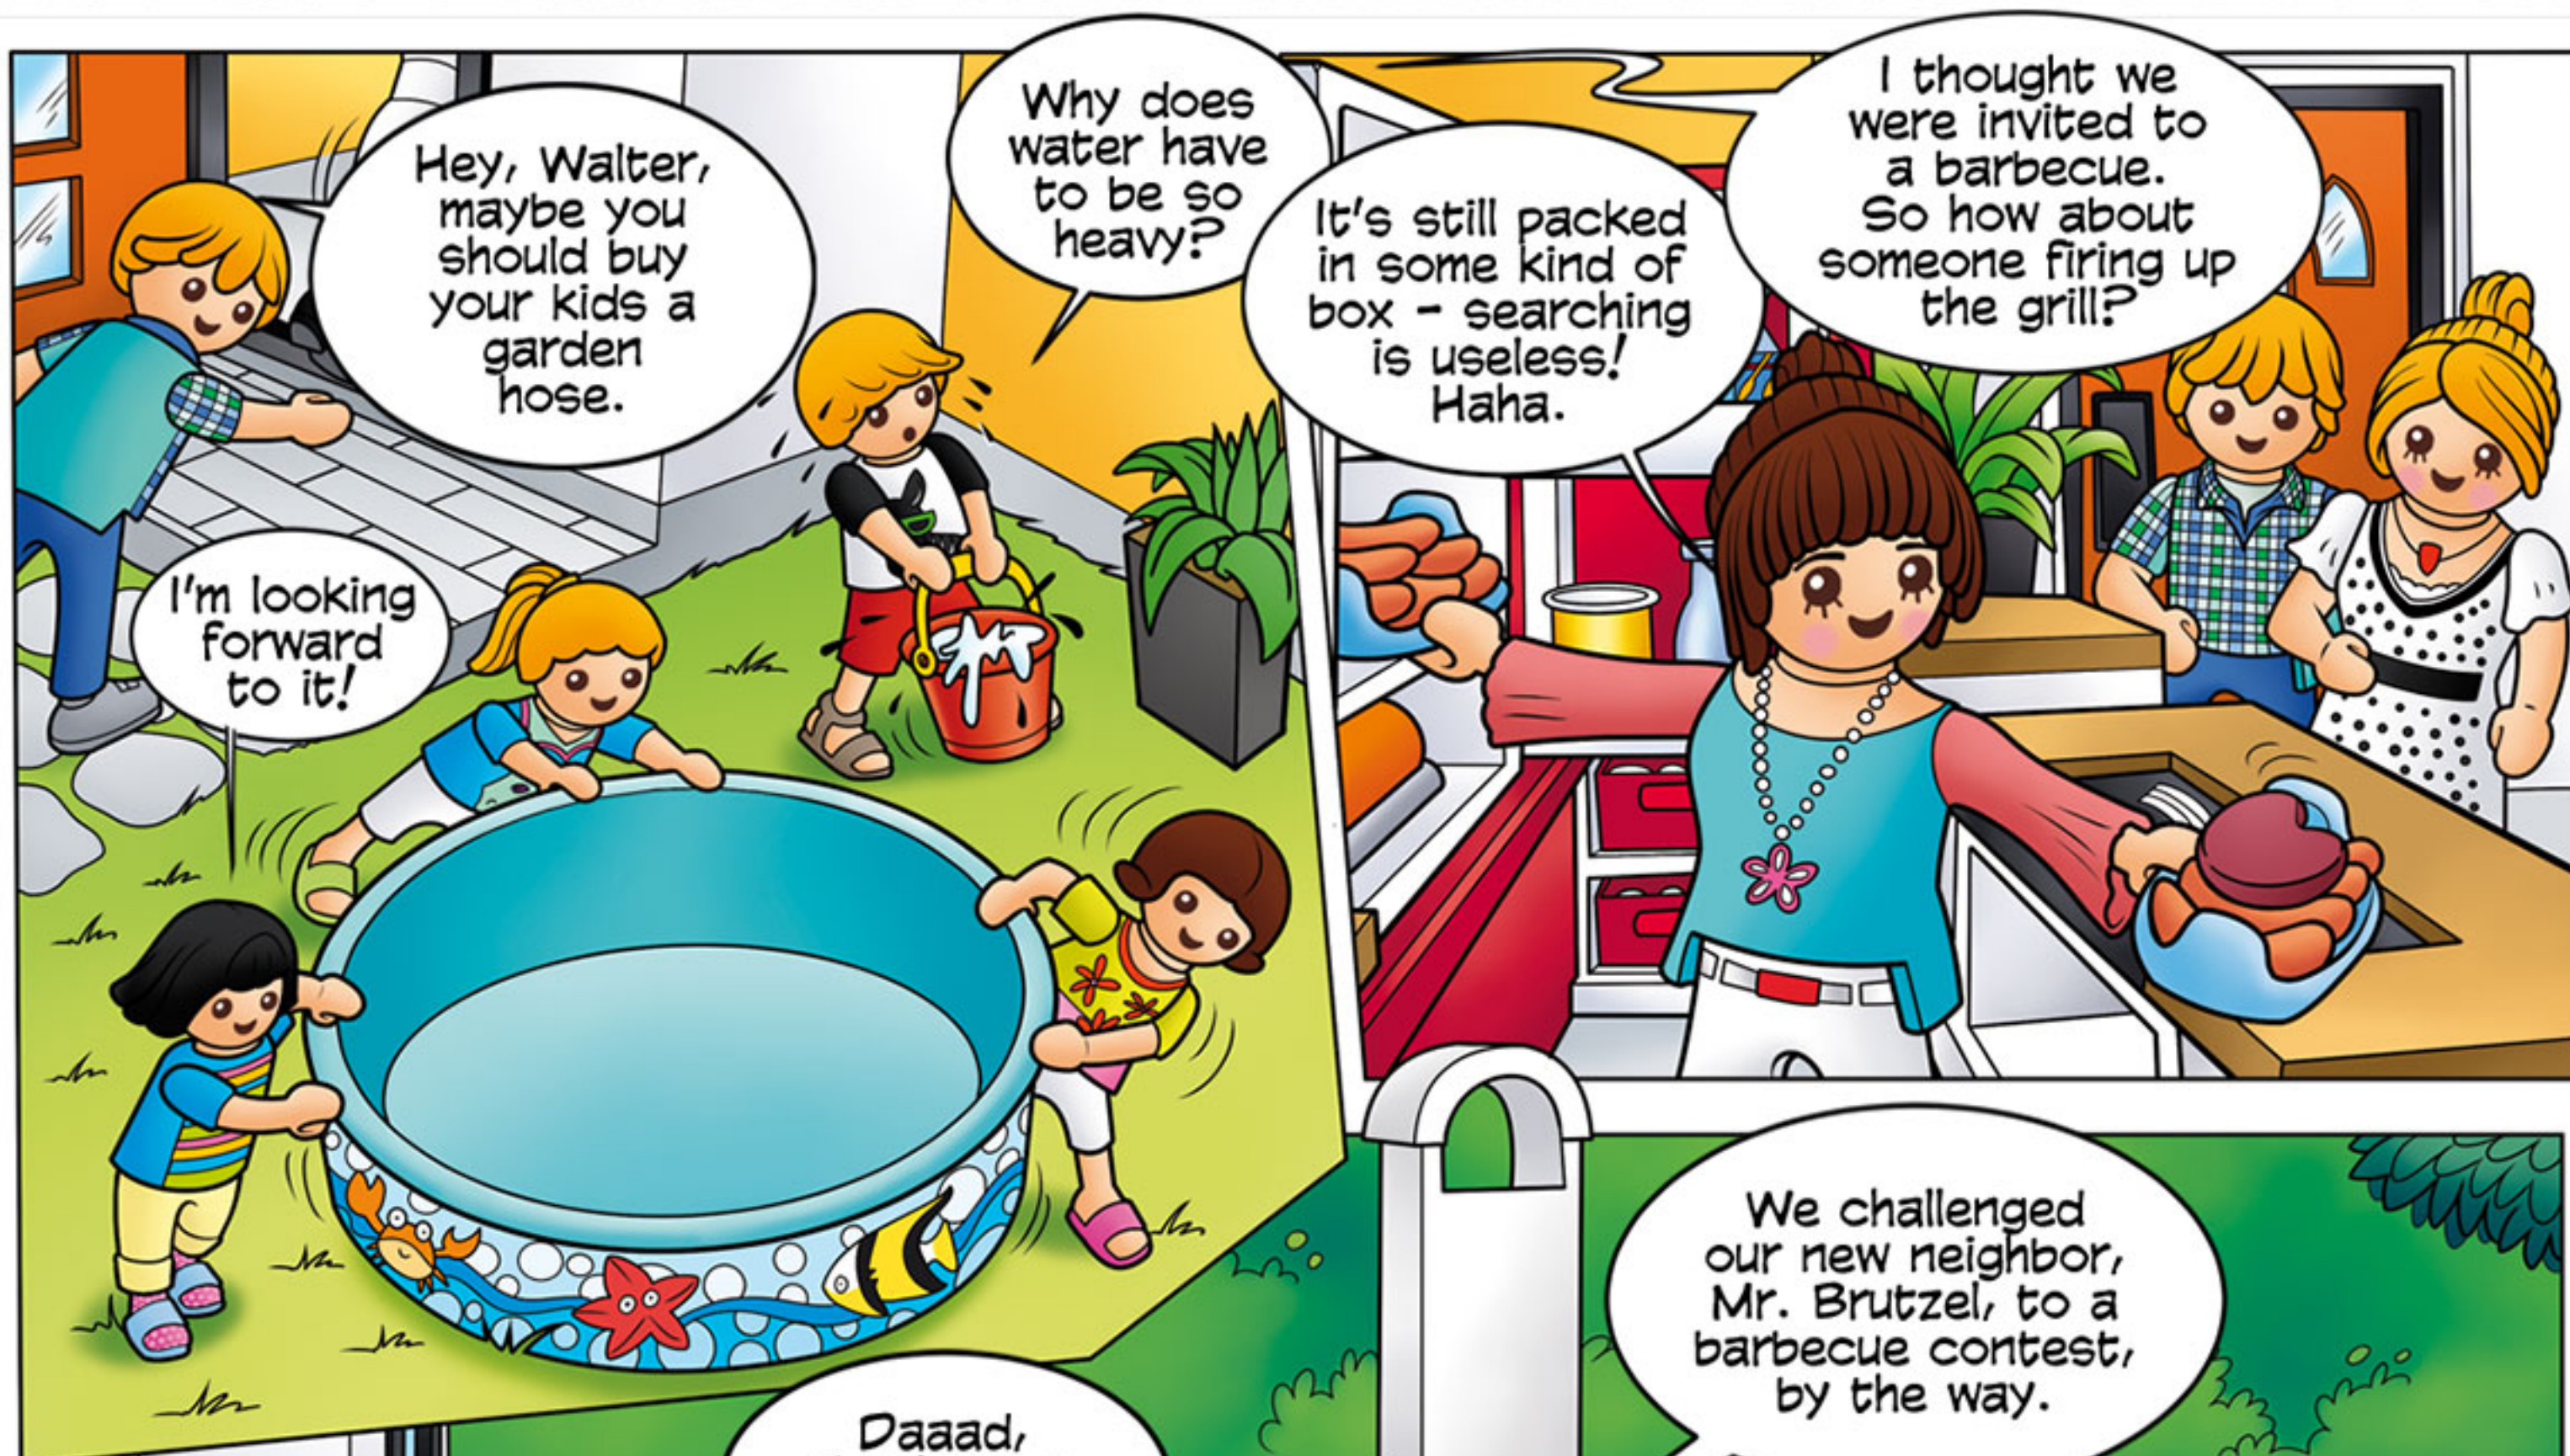

While Mom and Daddy Schmecker are still fighting, the children and aunt Olivia are already busy at work.

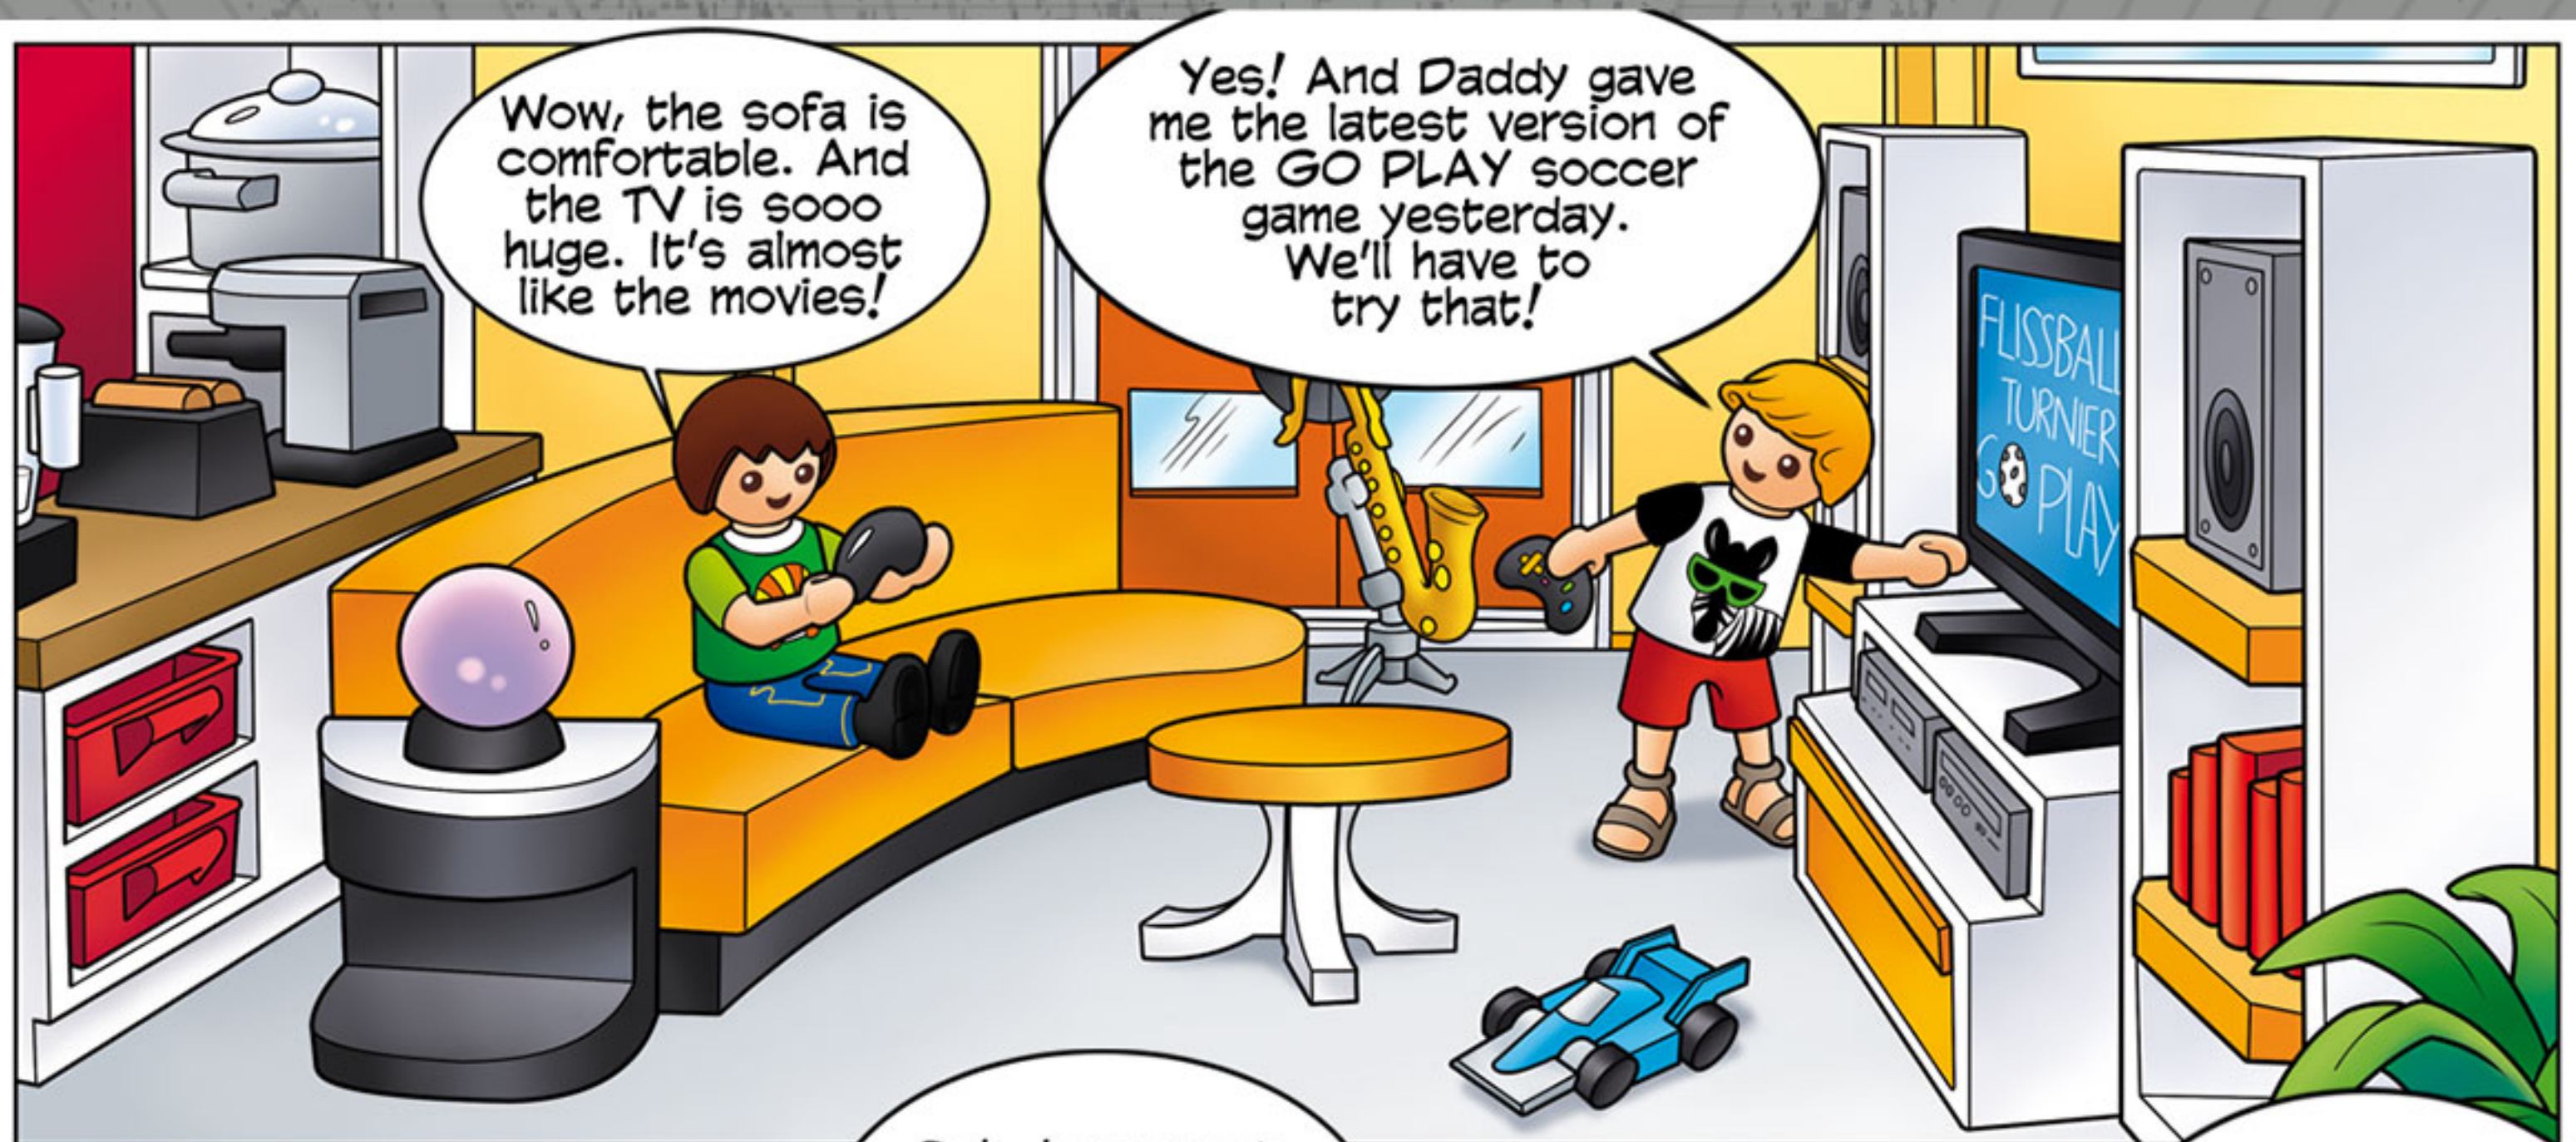

Wow, the sofa is comfortable. And the TV is sooo huge. It's almost like the movies!

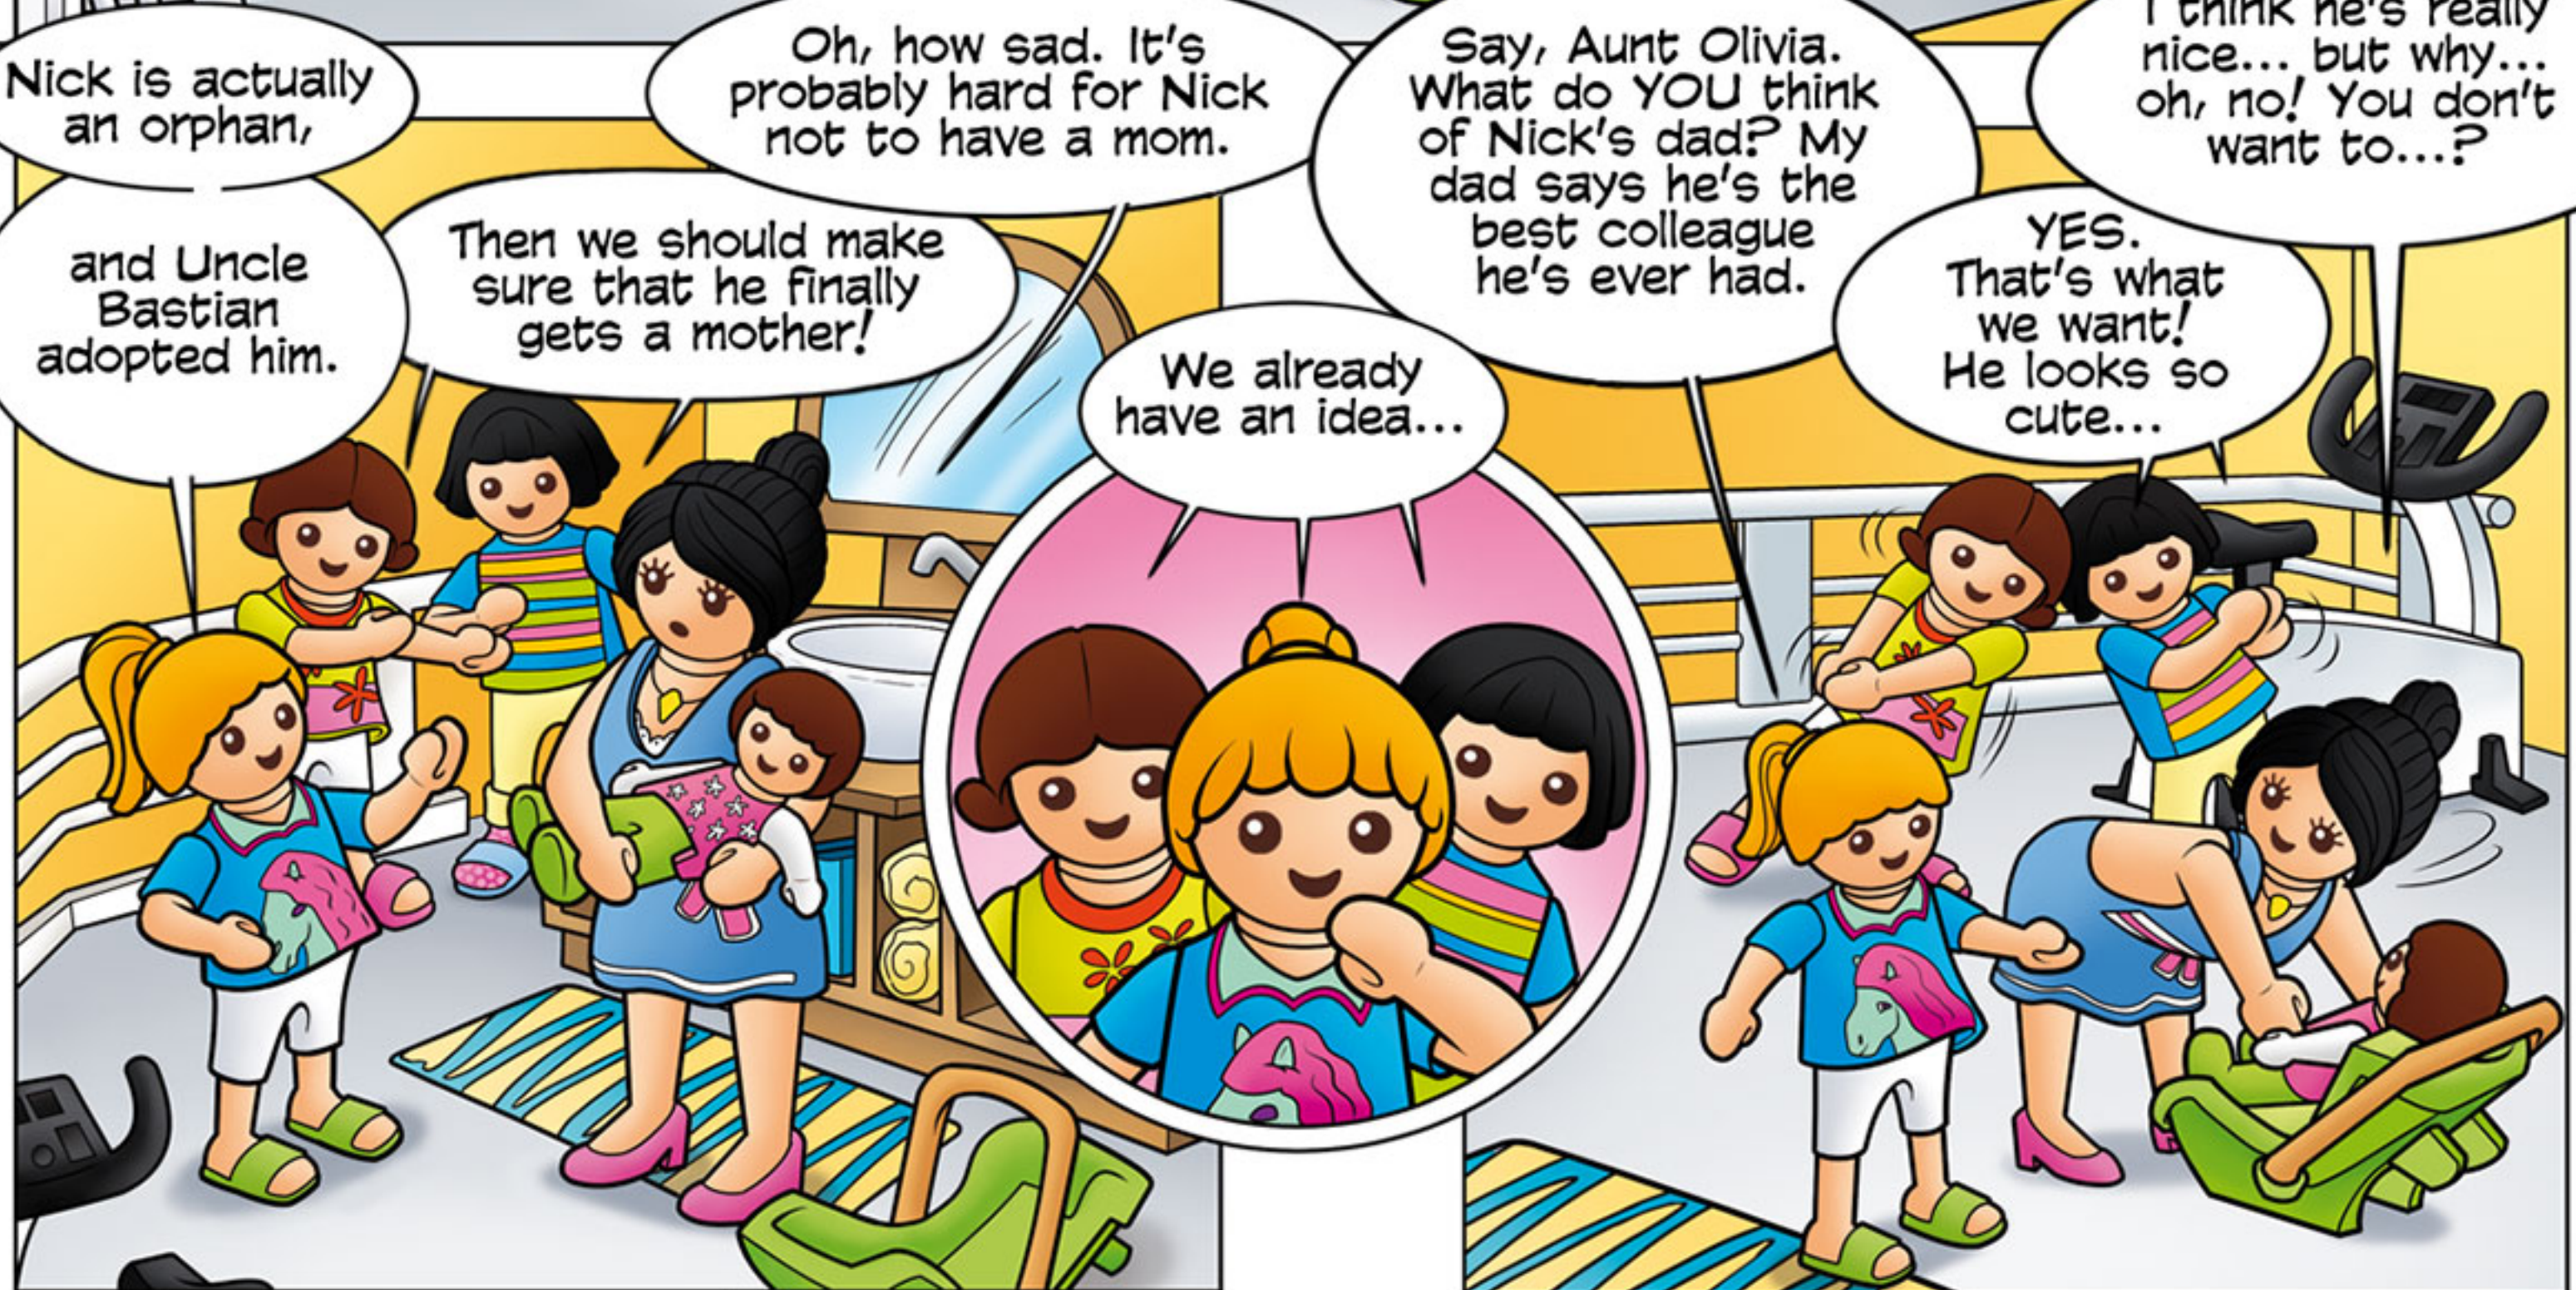

Yes! And Daddy gave me the latest version of the GO PLAY soccer game yesterday. We'll have to try that!

Ooh, how great. It even has a ladder. And pink! We want the same thing.

Daddy really went to great lengths to make it. He built it himself!

Tell me, you little princesses, why didn't Nick's mother come with us?

Nick is actually an orphan,

and Uncle Bastian adopted him.

Oh, how sad. It's probably hard for Nick not to have a mom.

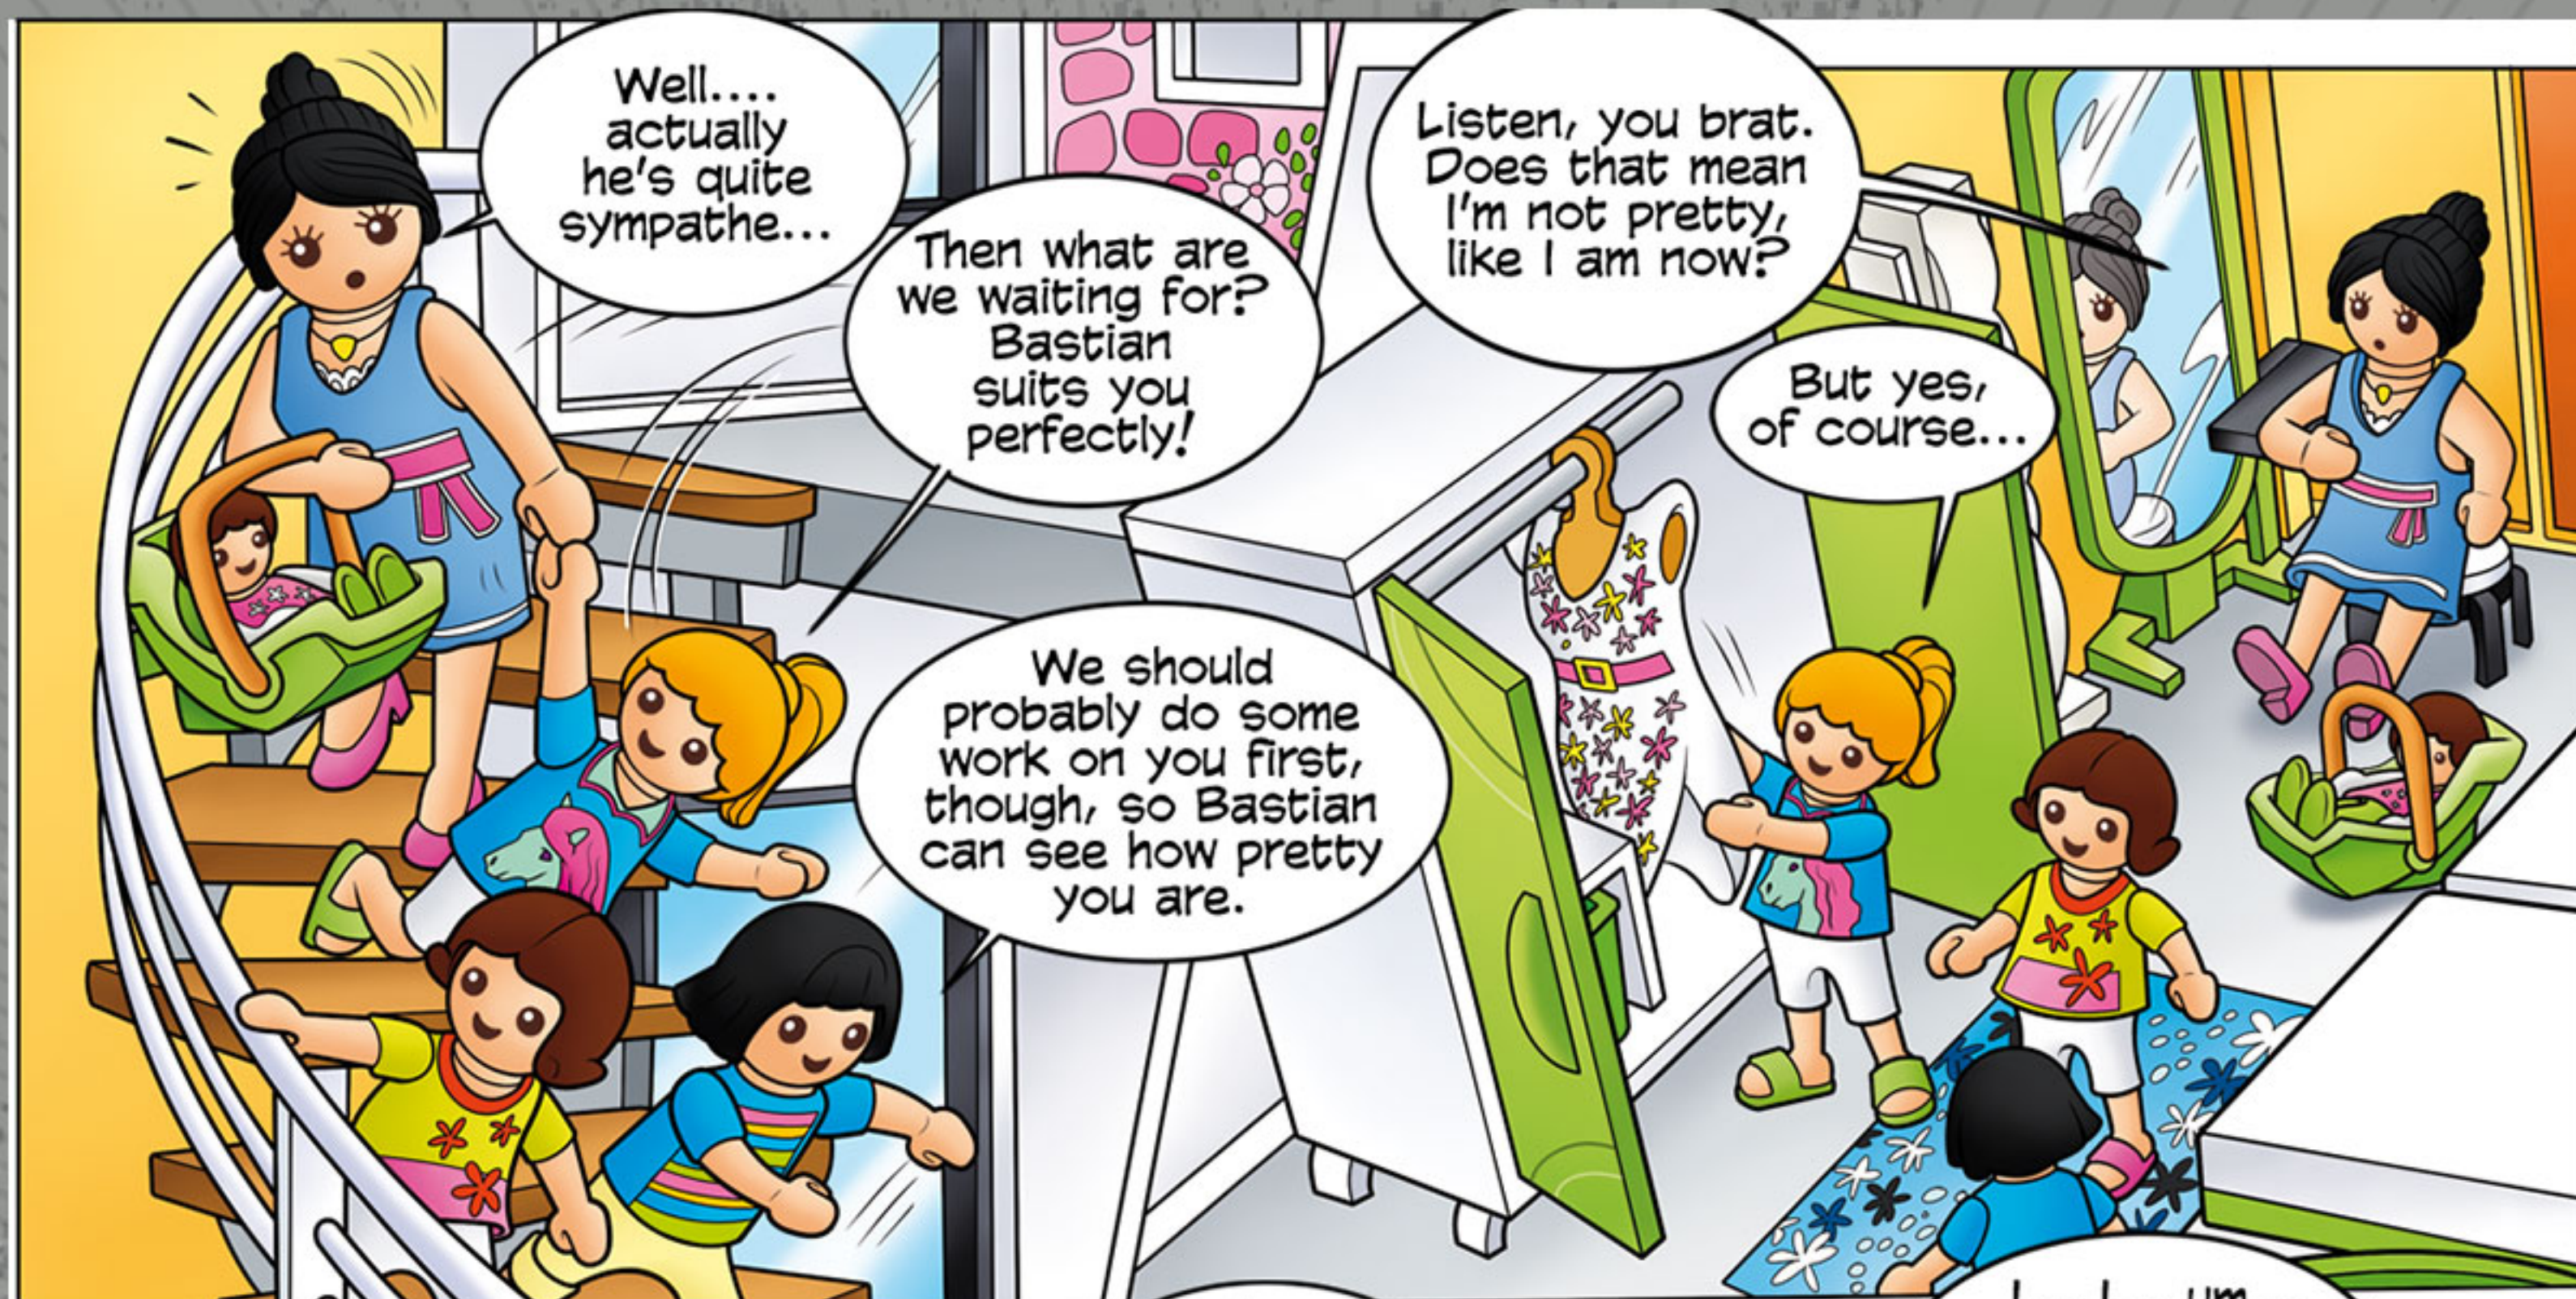

Then we should make sure that he finally gets a mother!

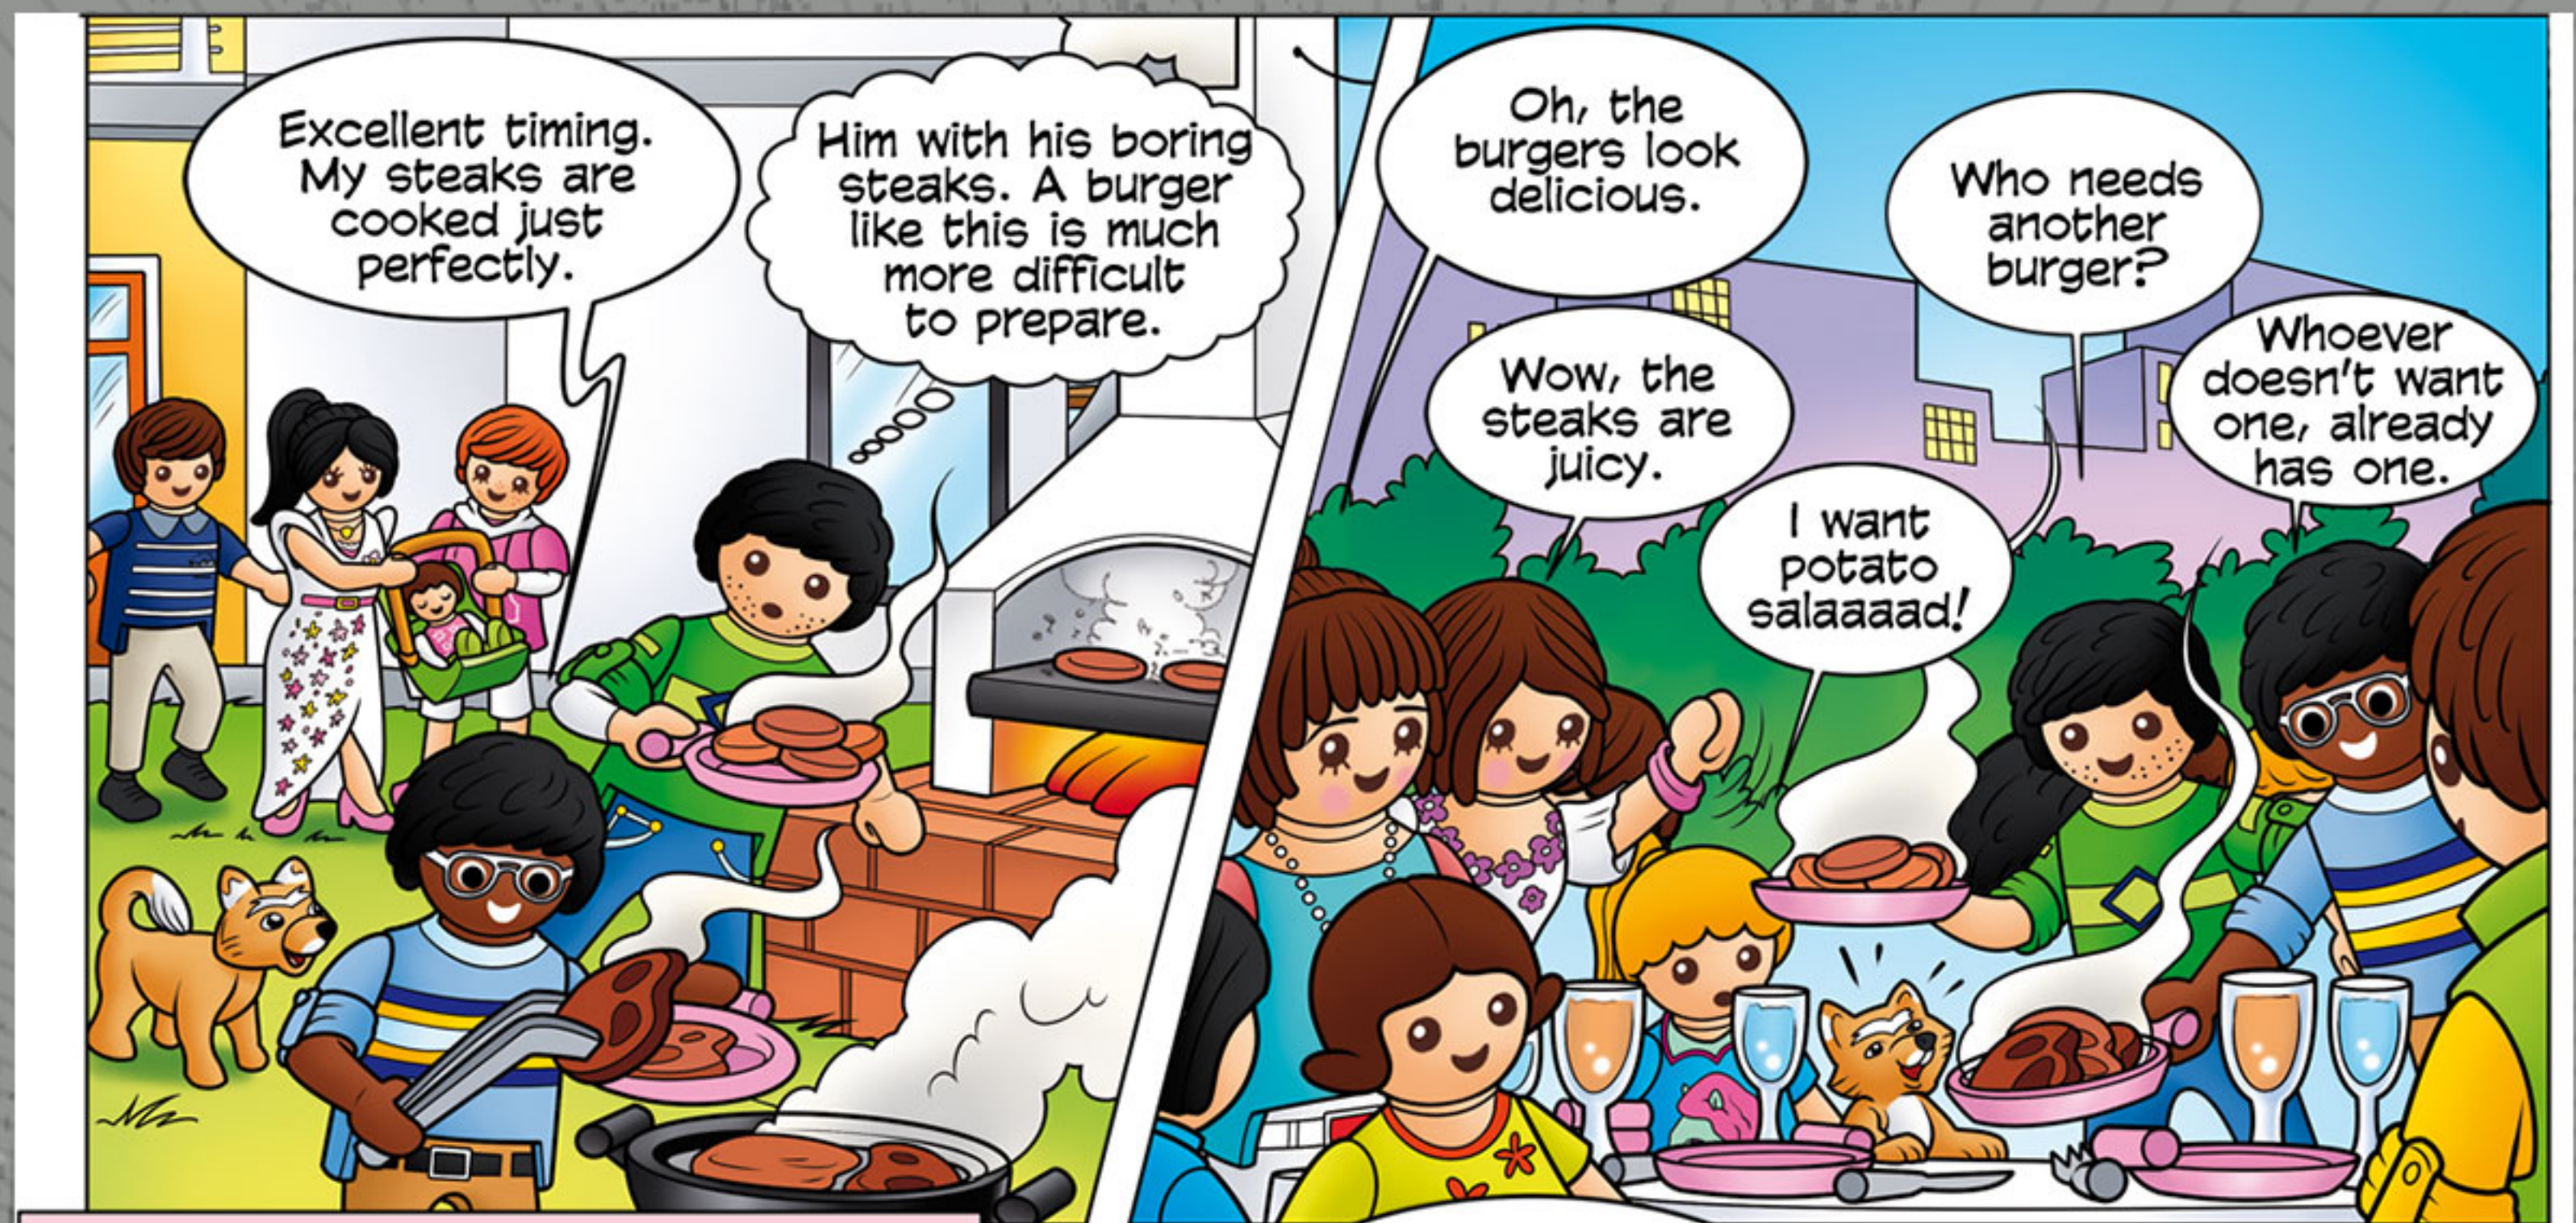

We already have an idea...

Say, Aunt Olivia. What do YOU think of Nick's dad? My dad says he's the best colleague he's ever had.

I think he's really nice... but why... oh, no! You don't want to...?

YES. That's what we want! He looks so cute...

Excellent timing. My steaks are cooked just perfectly.

Him with his boring steaks. A burger like this is much more difficult to prepare.

Oh, the burgers look delicious.

Who needs another burger?

Wow, the steaks are juicy.

I want potato salaaaad!

Whoever doesn't want one, already has one.

First of all, the grill masters themselves are in charge of giving a rating.

Well this steak... is delicious.

And this burger... terrific! I believe...

We're both equally good!

What a bunch of bullshit. A contest without a winner? How can that be?

Why don't we just let Stuppsi have a sniff at both of them? He's an absolute gourmet.

What, Stuppsi? We need a champion!

And Stuppsi needs a tasty sausage.

If it's up to Stuppsi, Bastian is the hero of the day, men.

Ha-ha! But don't make the most of it...
