

SOMETHING STRANGE AGAIN IN THE NEIGHBOURHOOD

New York. Everything's quiet in the Ghostbusters' headquarters...

And all of a sudden, there were more ghosts than you could ever count!

Oh, Louis ... those were the times!

And then, I sacrificed myself and jumped bravely between the mischievous Slimer and the Ghostbusters to save them from a slimy shower!

Aww, Louis. You're my hero! What would the Ghostbusters do without you?

Just the same, as they're doing now - nothing. It's a shame that things are so quiet around Ghostbusters HQ at the moment. I miss the wild times with the guys.

You'd be the perfect fifth Ghostbuster. With all five of you together, nothing could stop you.

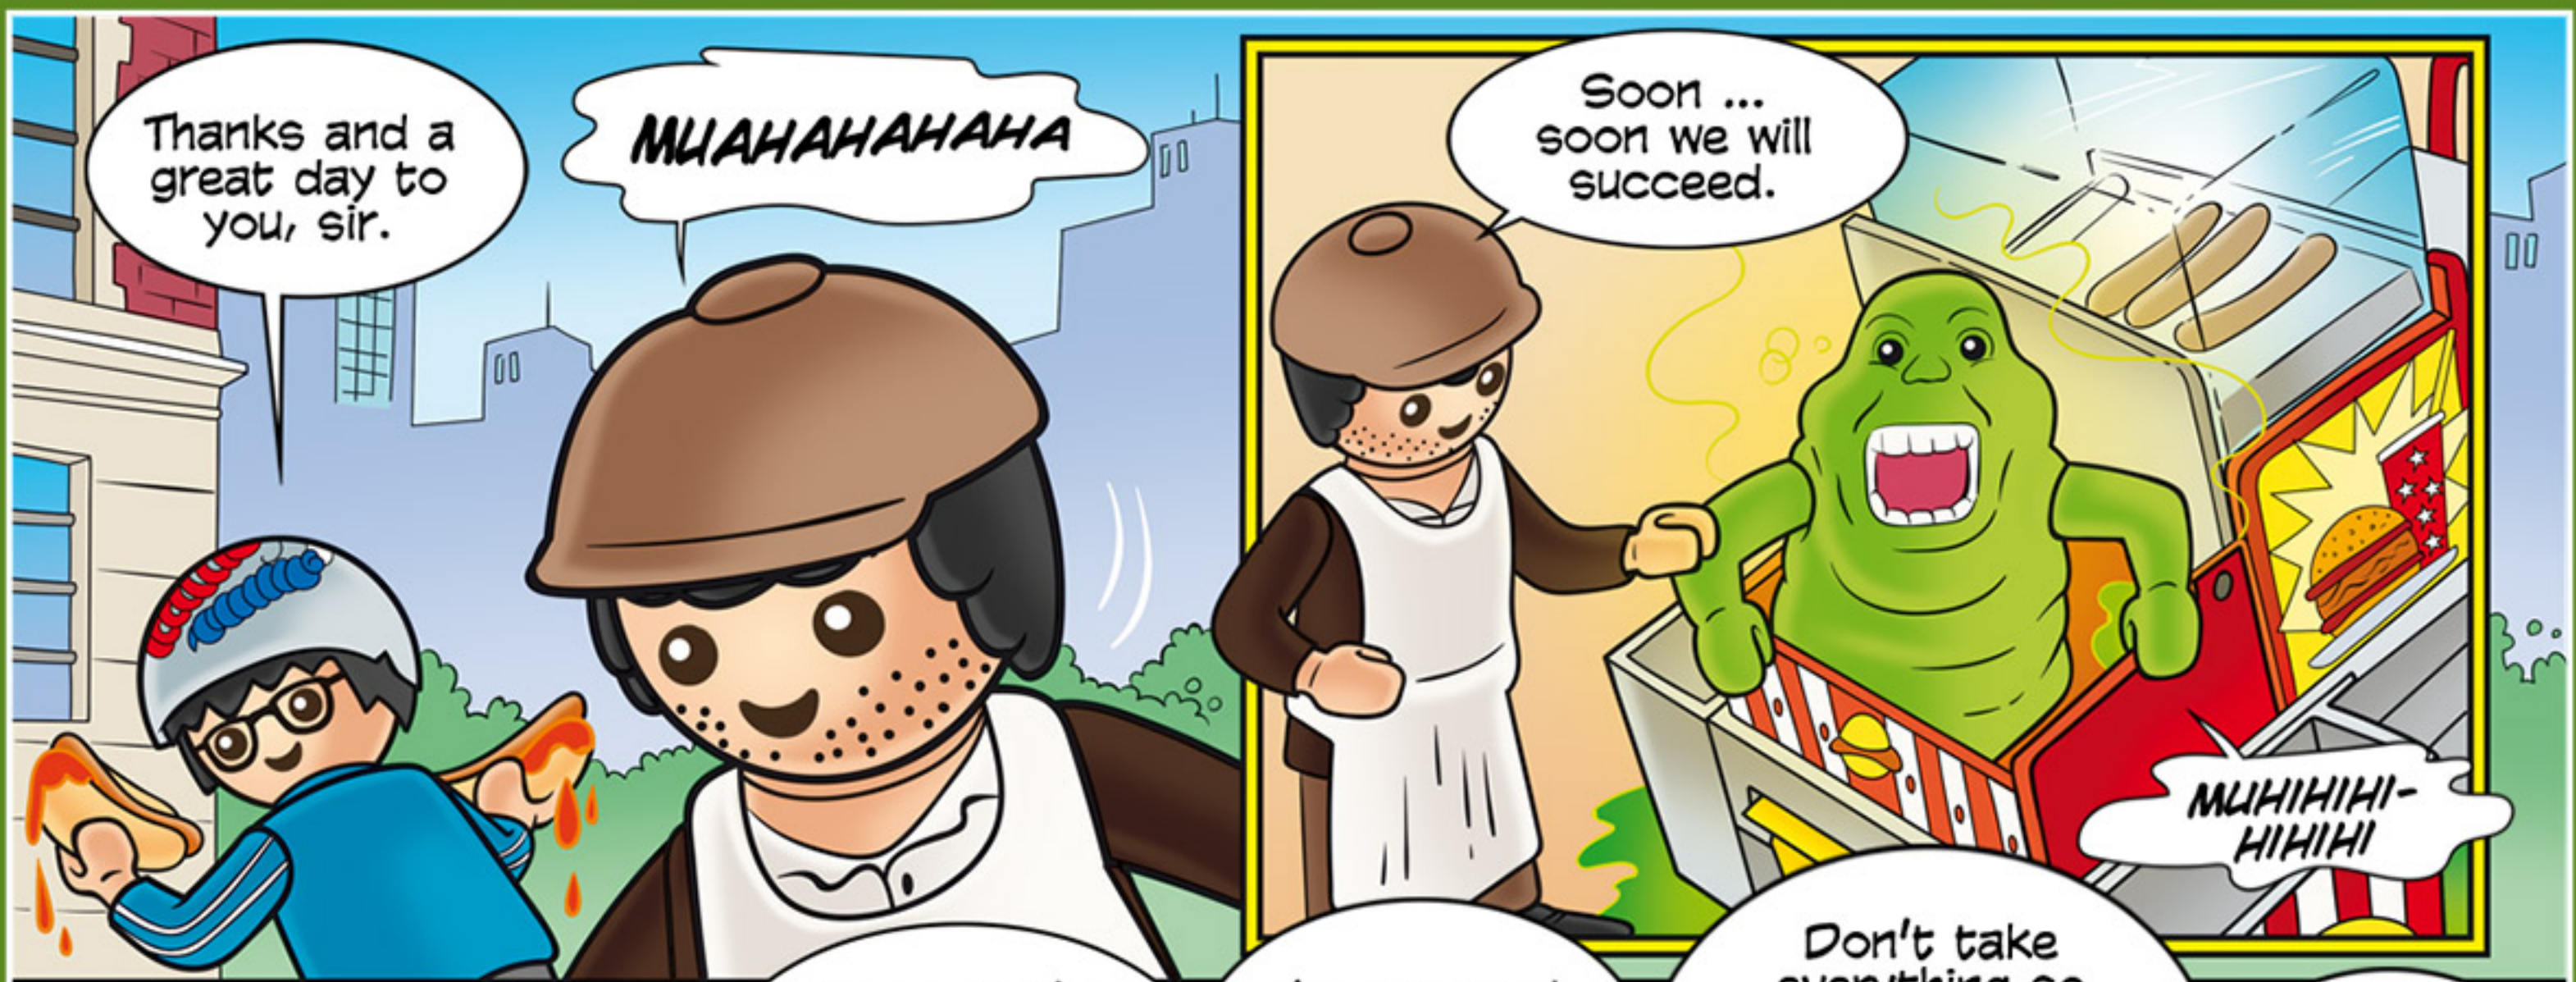

Louis, watch it!

We need a new slogan. Something like: If there's something strange, in the neighborhood ... who you gonna call?

Sausages! Hot dogs! Hot sausages!

GH**OS**TBUSTERS

Thanks and a great day to you, sir.

MUHAHAHAHA

Soon ... soon we will succeed.

MUHIHIHIHIHI

Meanwhile the Ghostbusters are working on getting back into the spotlight.

Guys, you're lucky that I'm once again extremely handsome today.

As opposed to me. I'm still searching for my best.

Don't take everything so seriously. As long as we're having fun and the people can feel that, everything's awesome.

I hope this leads to some new work in the future.

Yes. Yes, great.

Give it to me. Yes!

Hold that pose. Perfect!

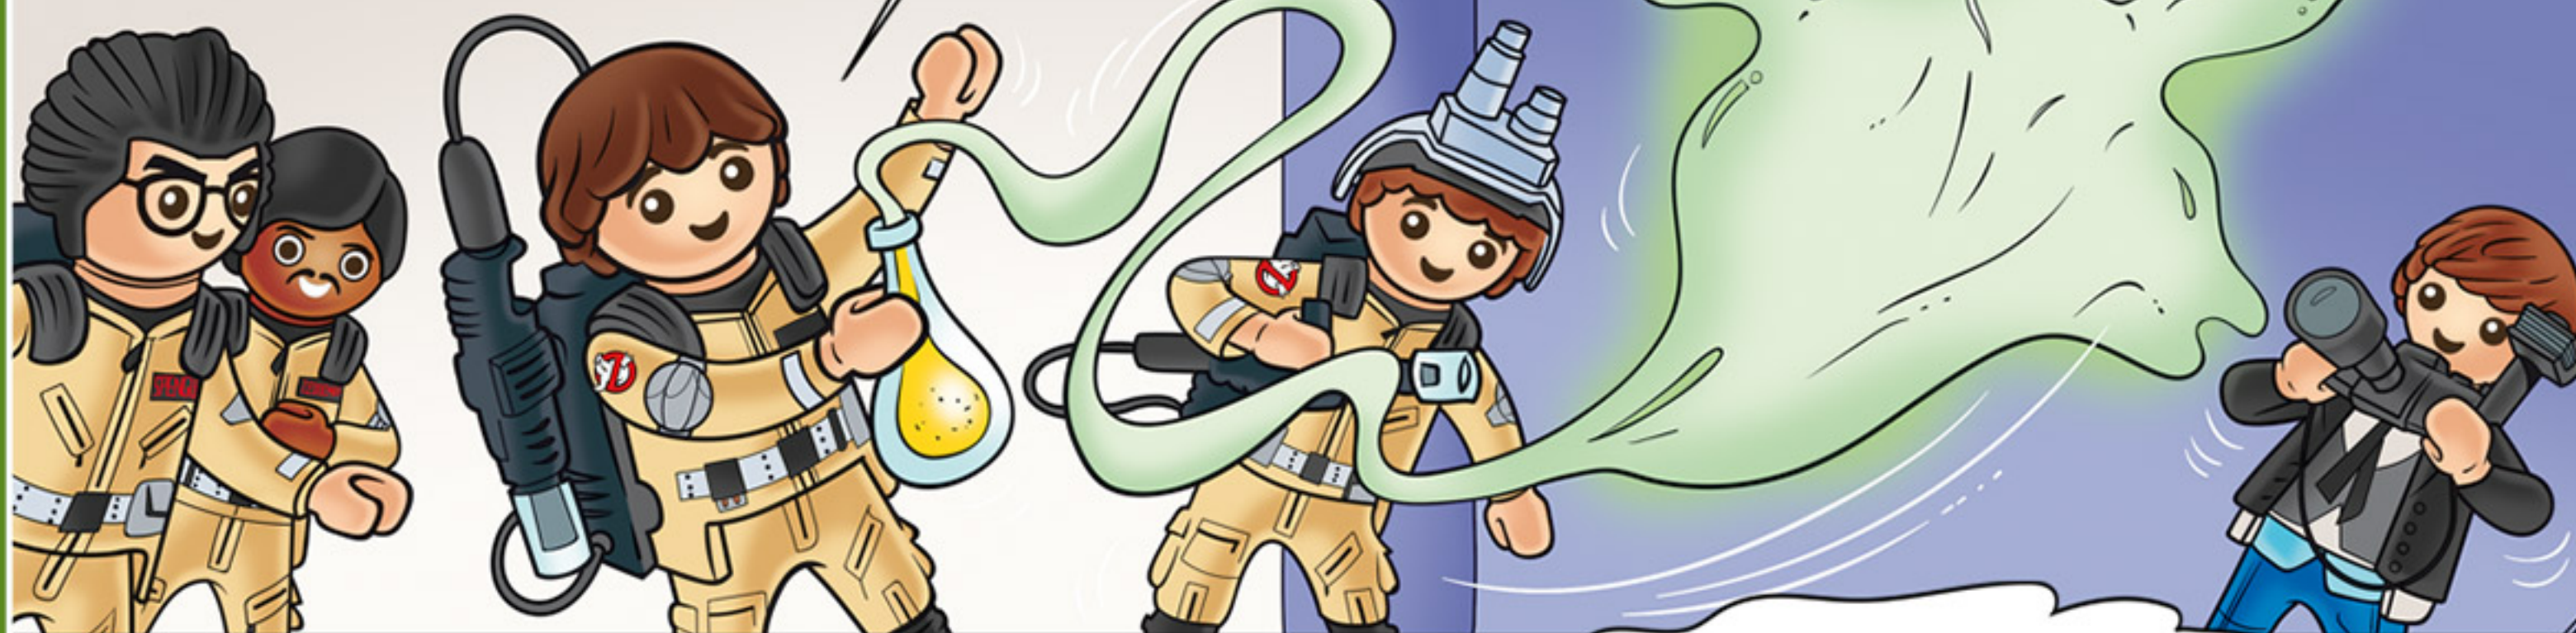

GHOSTBUSTERS

A real showman, Dr. Peter Venkman has yet another ace up his sleeve.

And now for some real Ghostbusting action!

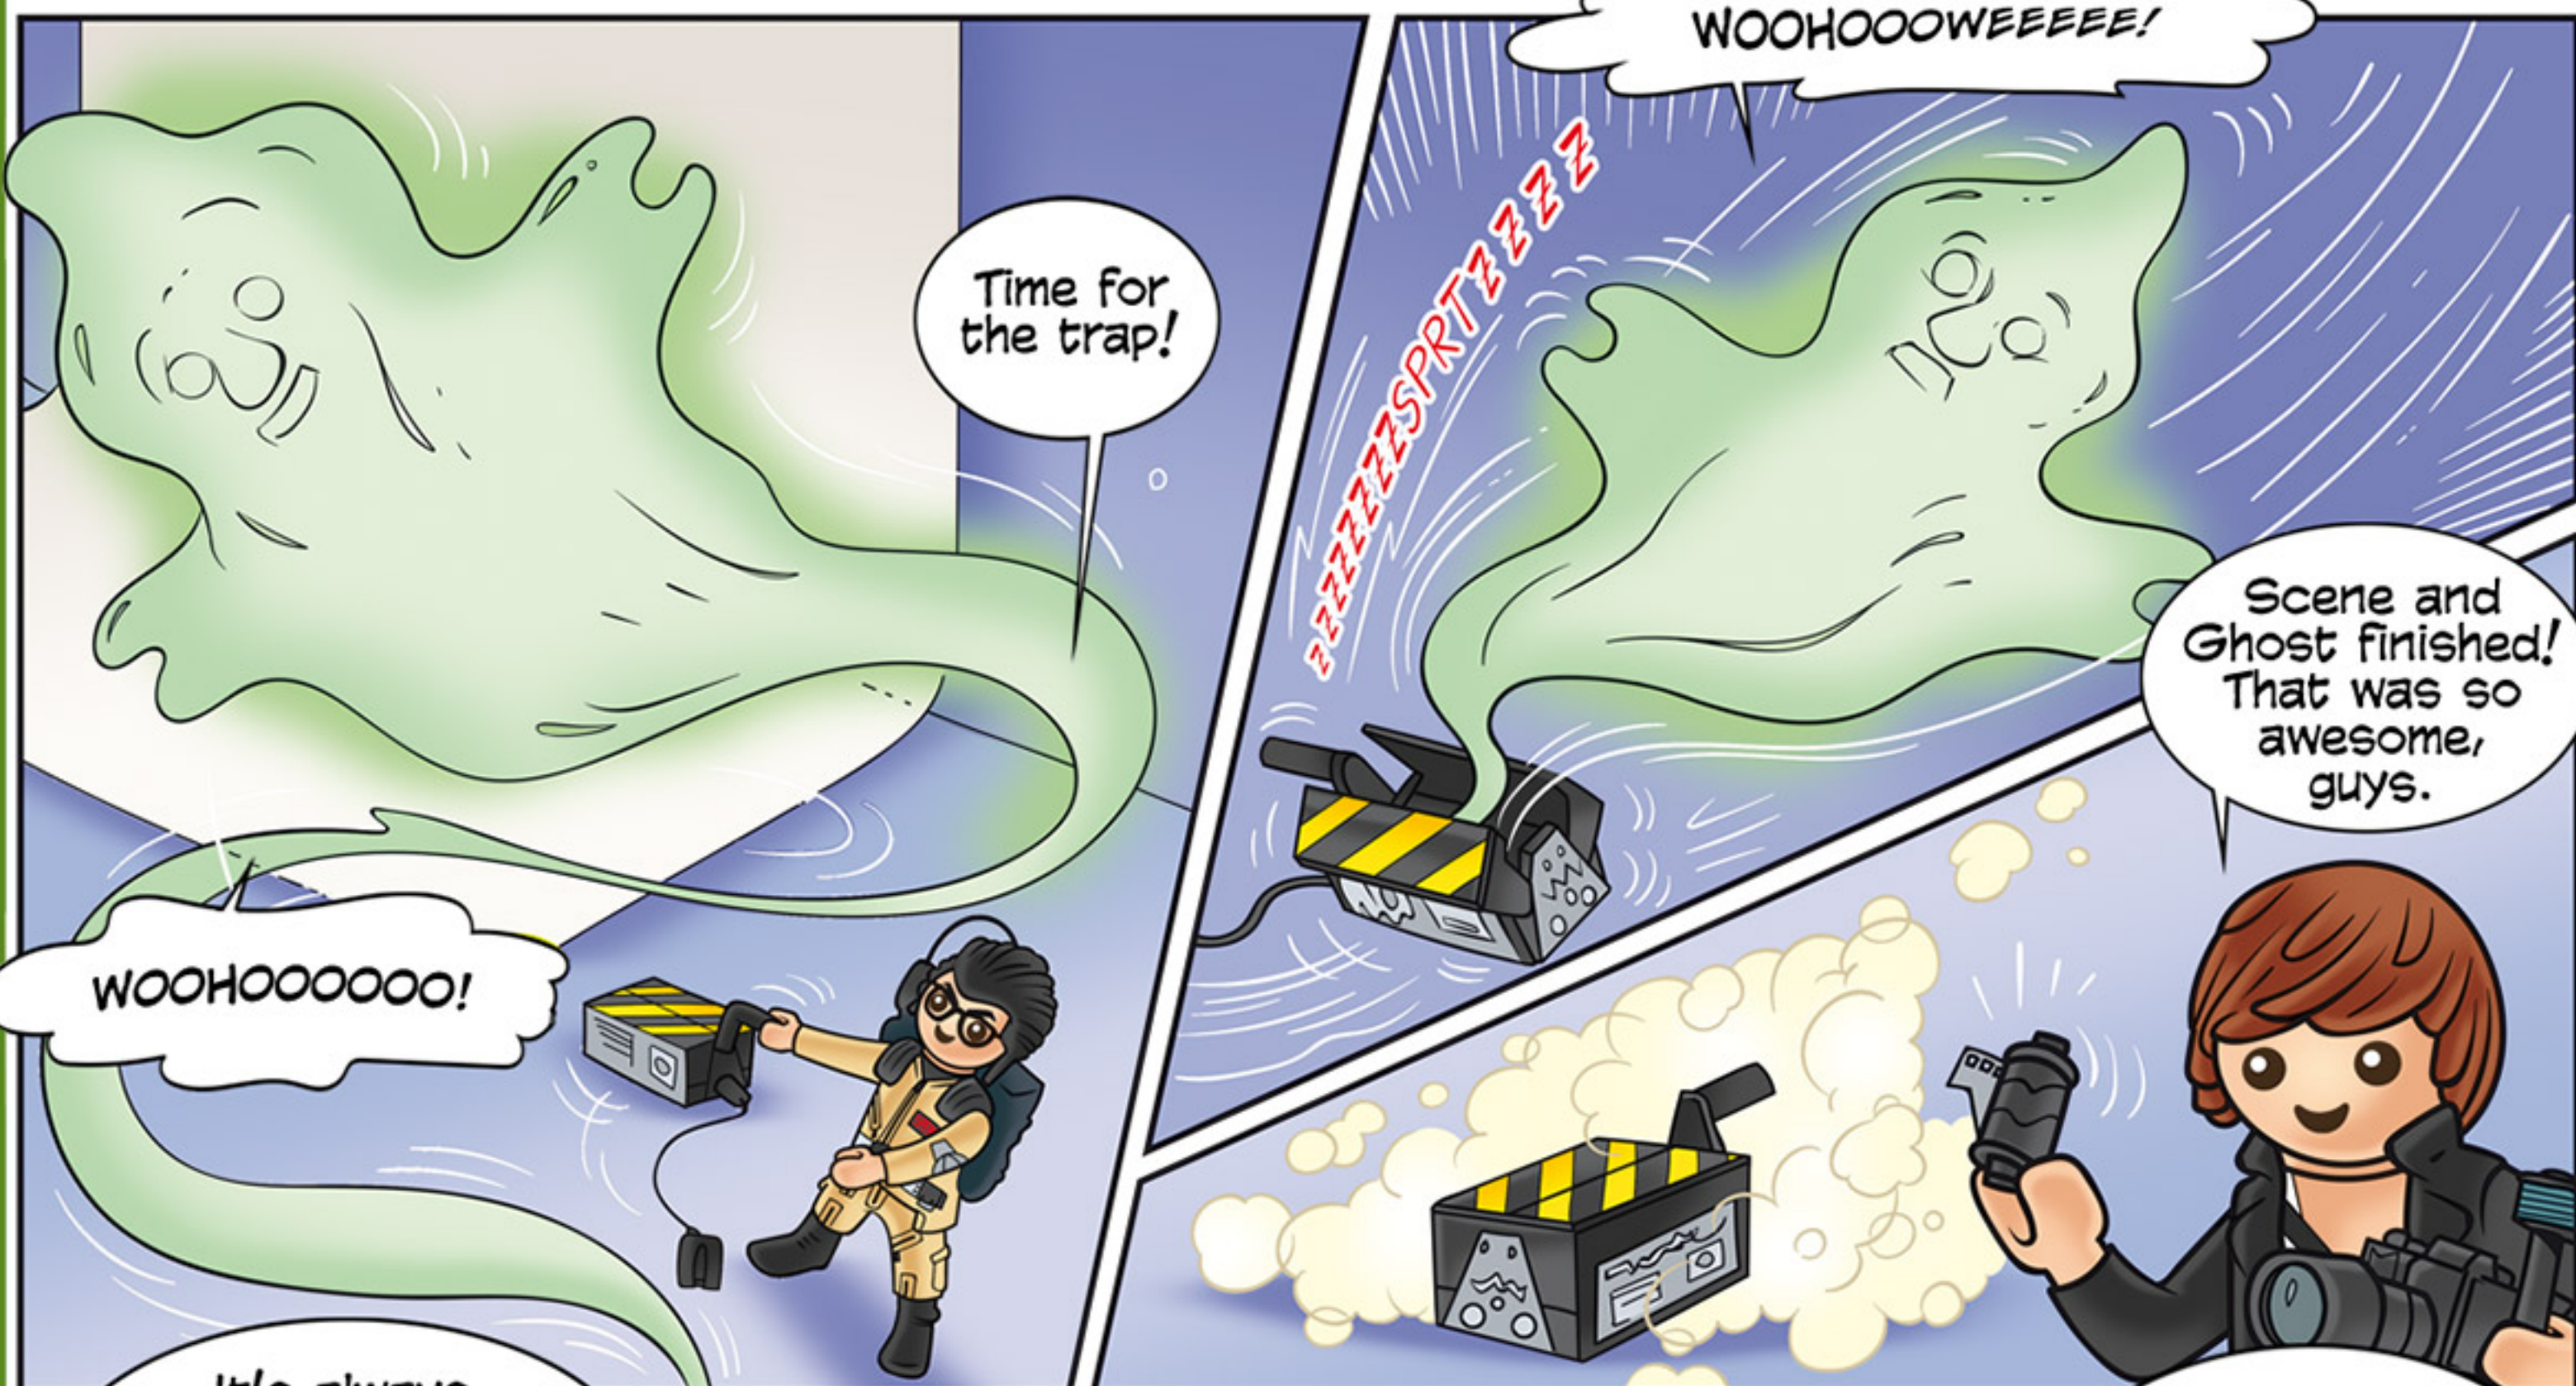

WOOOHOOOOHOOOO!

WOOHOOOWEEEEEE!

Time for the trap!

WOOHOOOOOOO!

Scene and Ghost finished! That was so awesome, guys.

It's always good to have a domesticated house ghost on hand, haha.

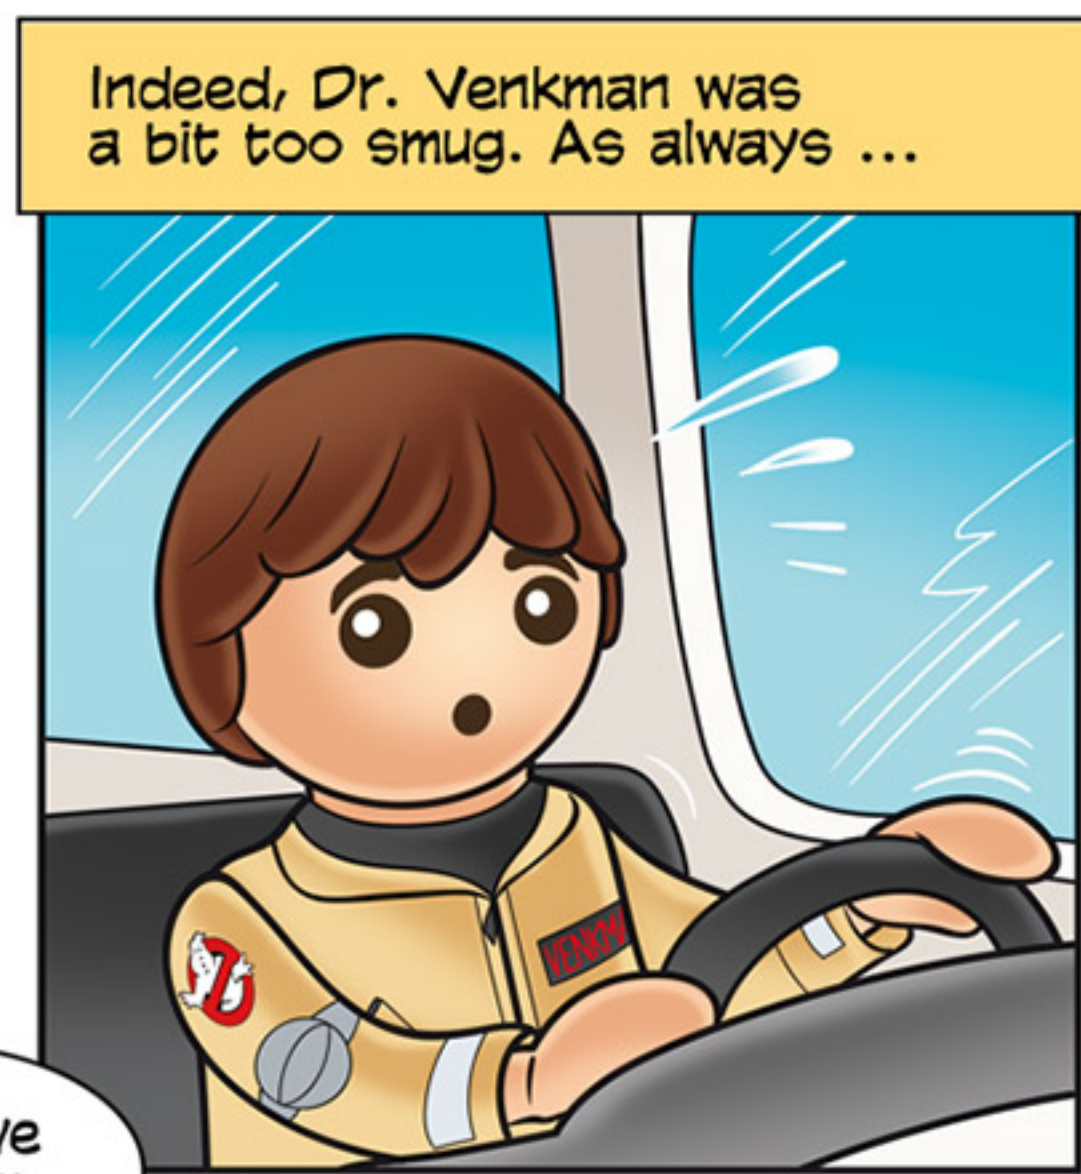

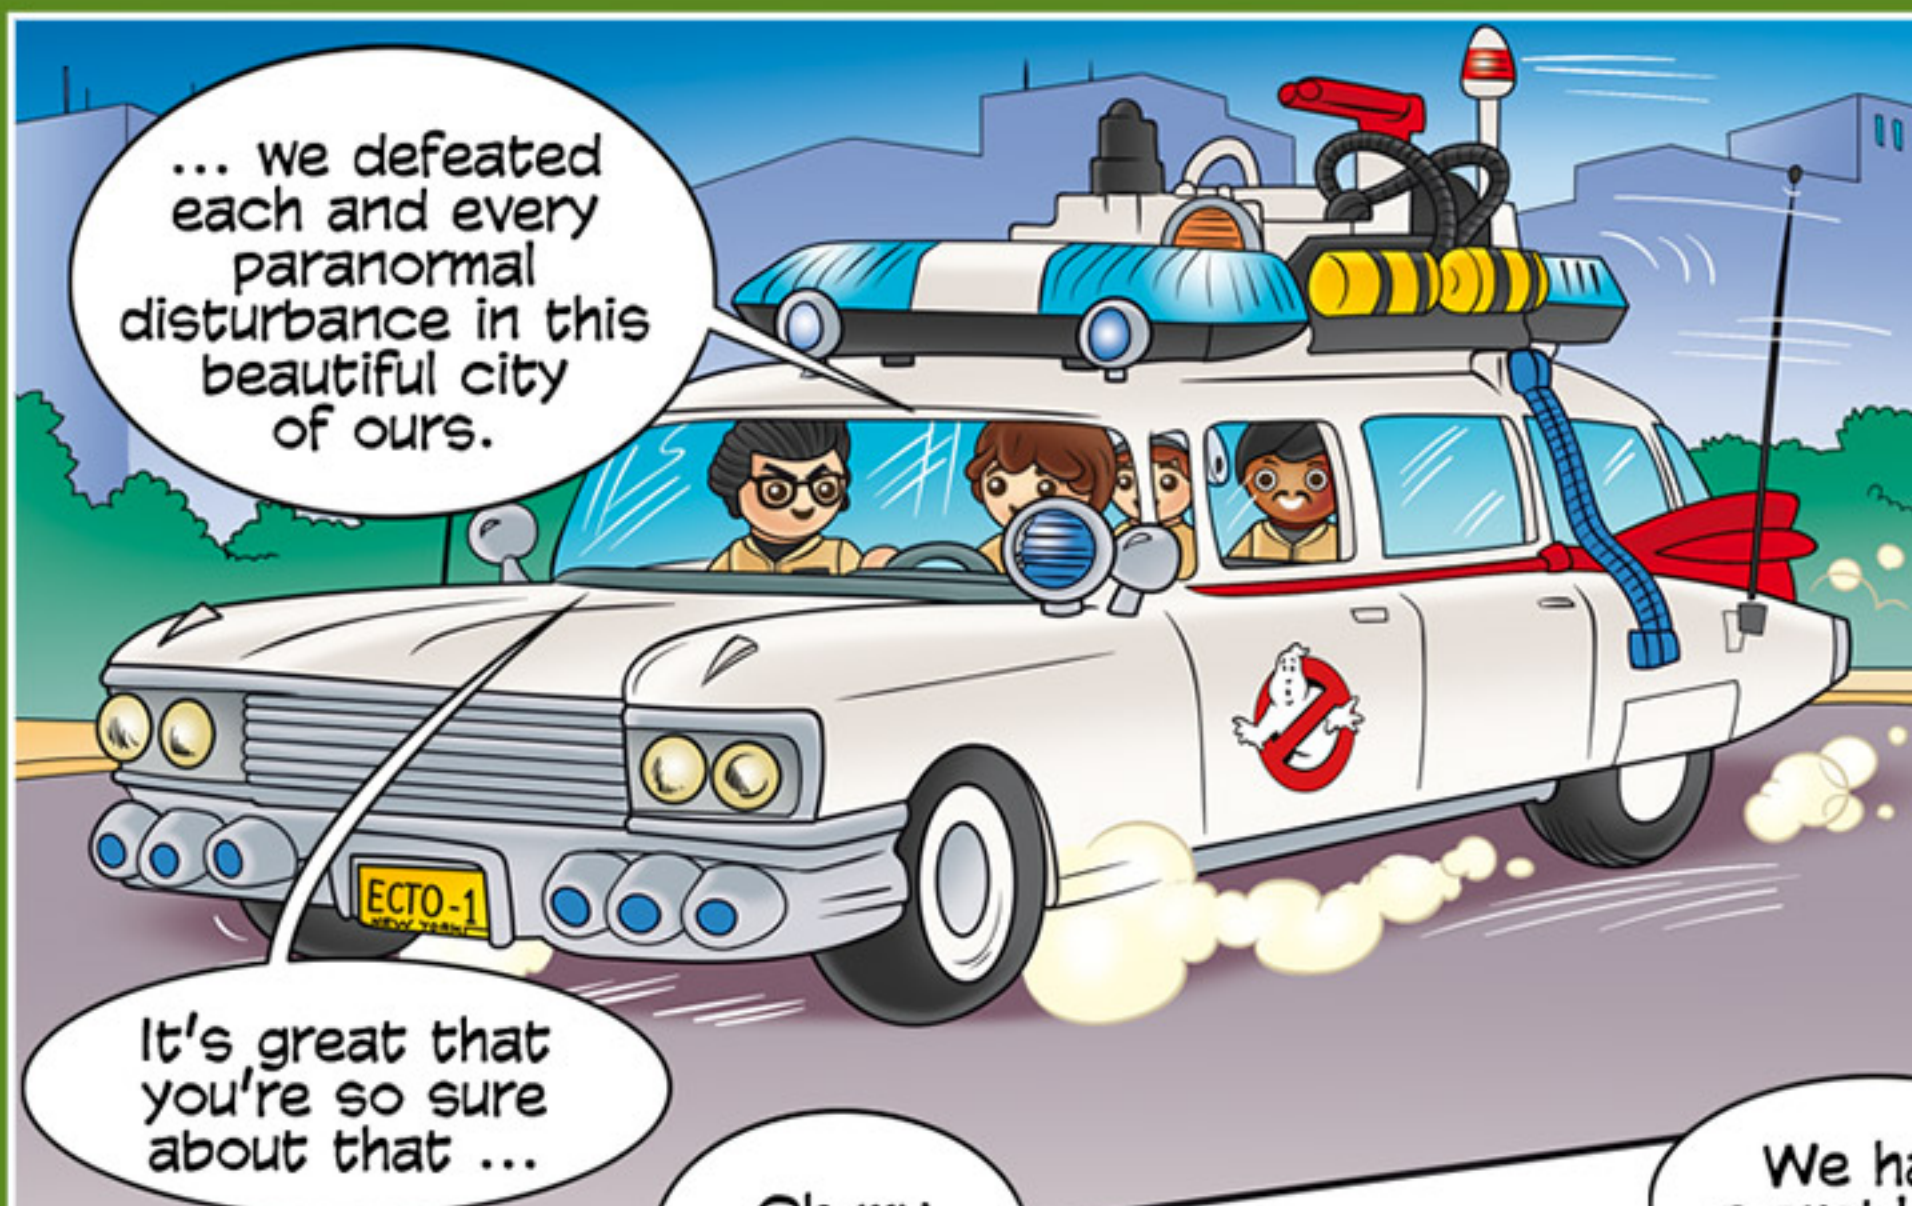

Maybe. But some real action would be nice once in a while.

I miss busting ghosts with you guys.

What are you whining about? We were just too successful during the last few months. Under my expert guidance ...

GHOSTBUSTERS

Looks like we're still in time for the party ...

Janine, what happened?

I really don't like this!

Louis just wanted to get us some hot dogs. But, he was attacked by the crazy hot dog vendor.

Janine, get down!

Then, they stormed the HQ, snuck into the basement and ...

... released all the ghosts from the containment unit. I was able to get myself to safety, but they have Louis!

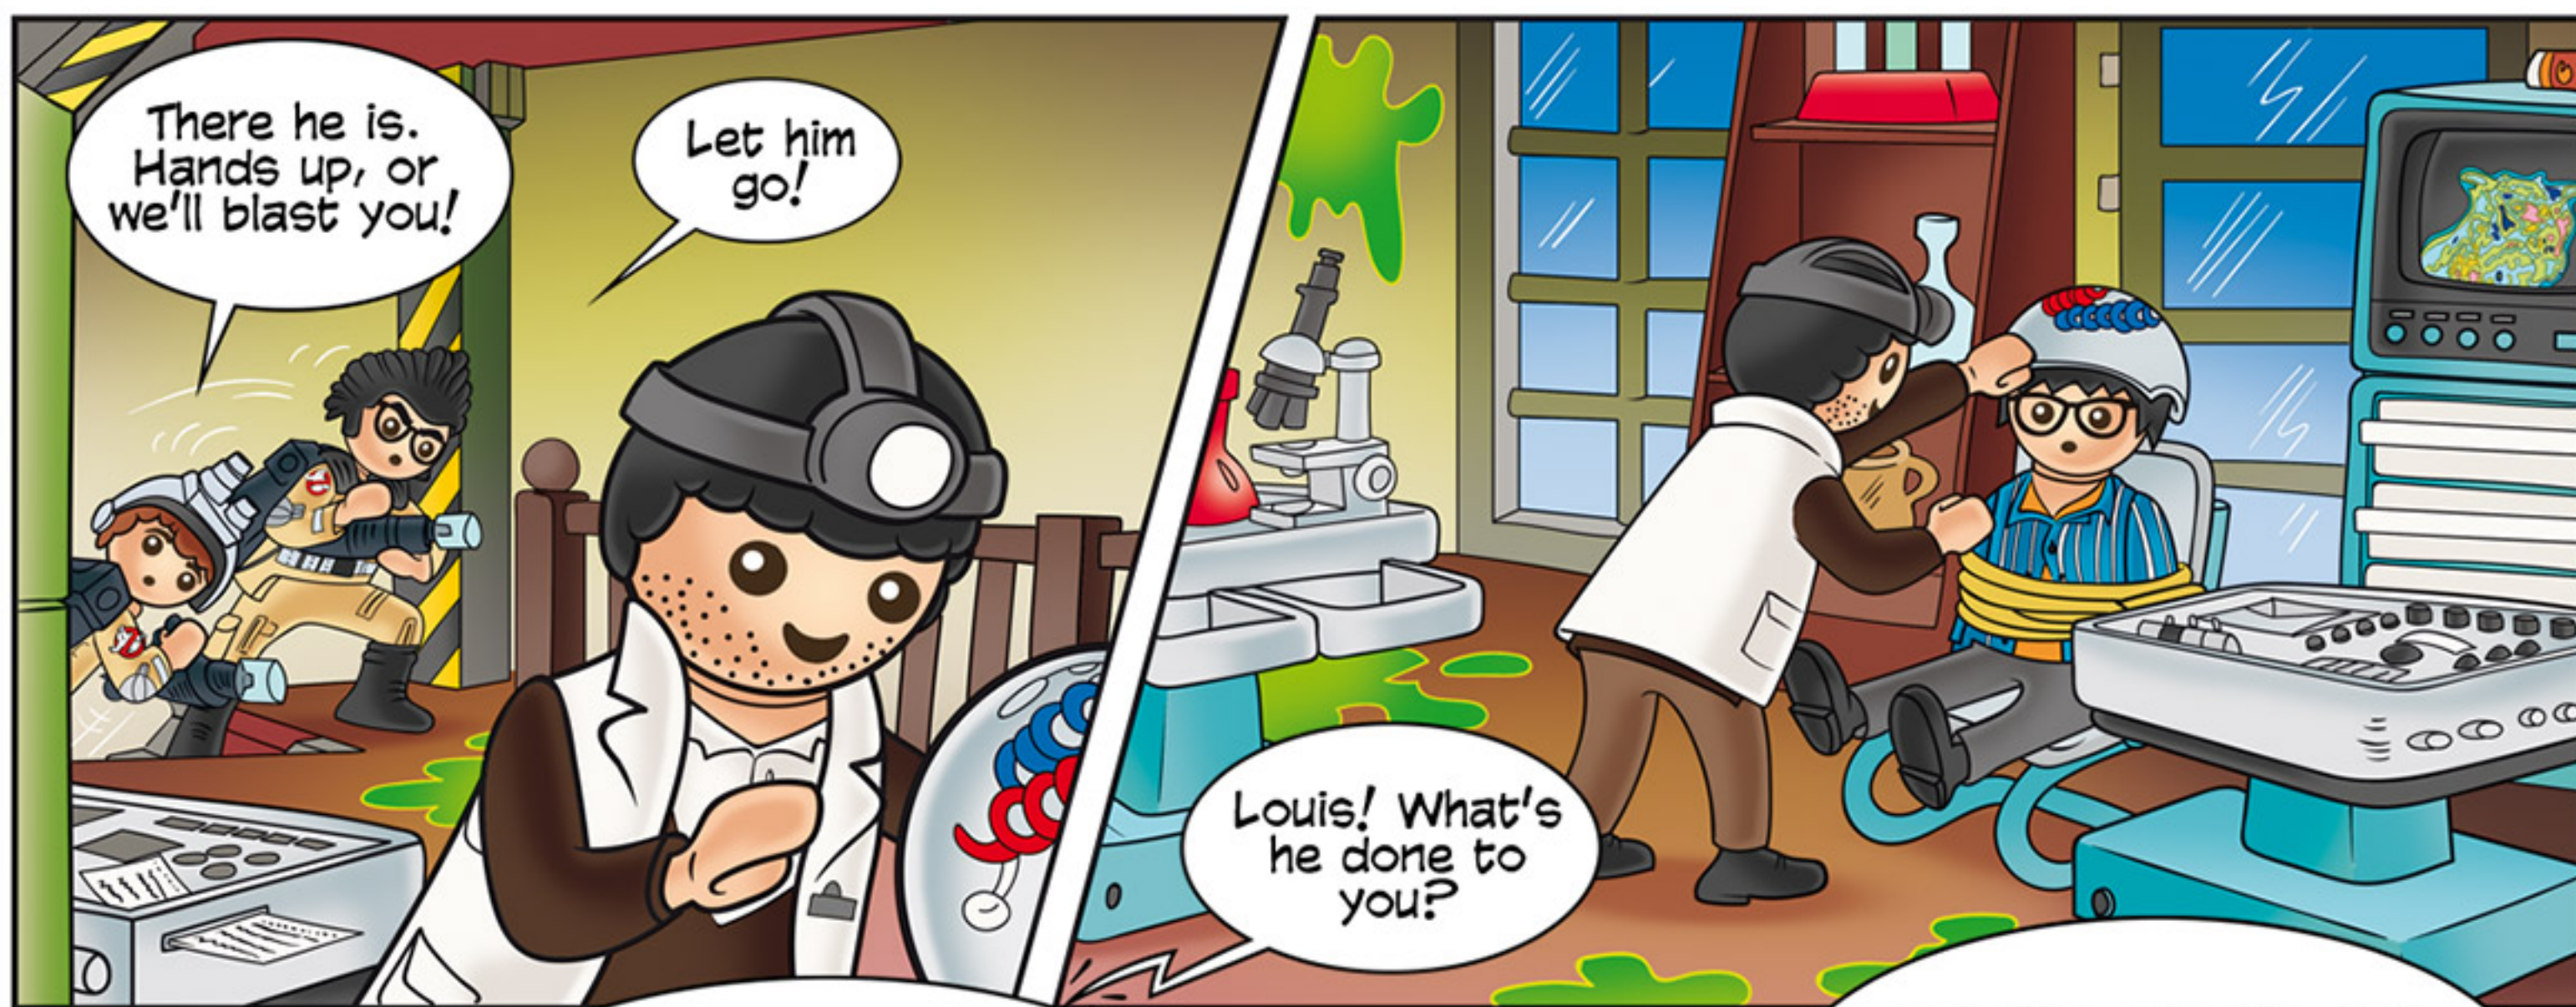

That explains the gathering of so many old friends.

Less talk, we've got a job to do!

No worries, Janine. We'll get Louis out of there.

GHOSTBUSTERS

But YOUR peace is over - harharrharr!

It looks like he's built up my newest experiment.

Uh oh, that doesn't sound good. Your experiments are already dangerous even when there aren't any mad hot dog vendors involved.

Egon, Ray - what's happening to me?

Don't tell him anything, not a word! It would be best if you think about NOTHING, Louis.

But why, Egon?

I know for sure that you guys are the ultimate Ghostbusters ...

... and will handle this situation with ease.

As always.

Just like back when ...

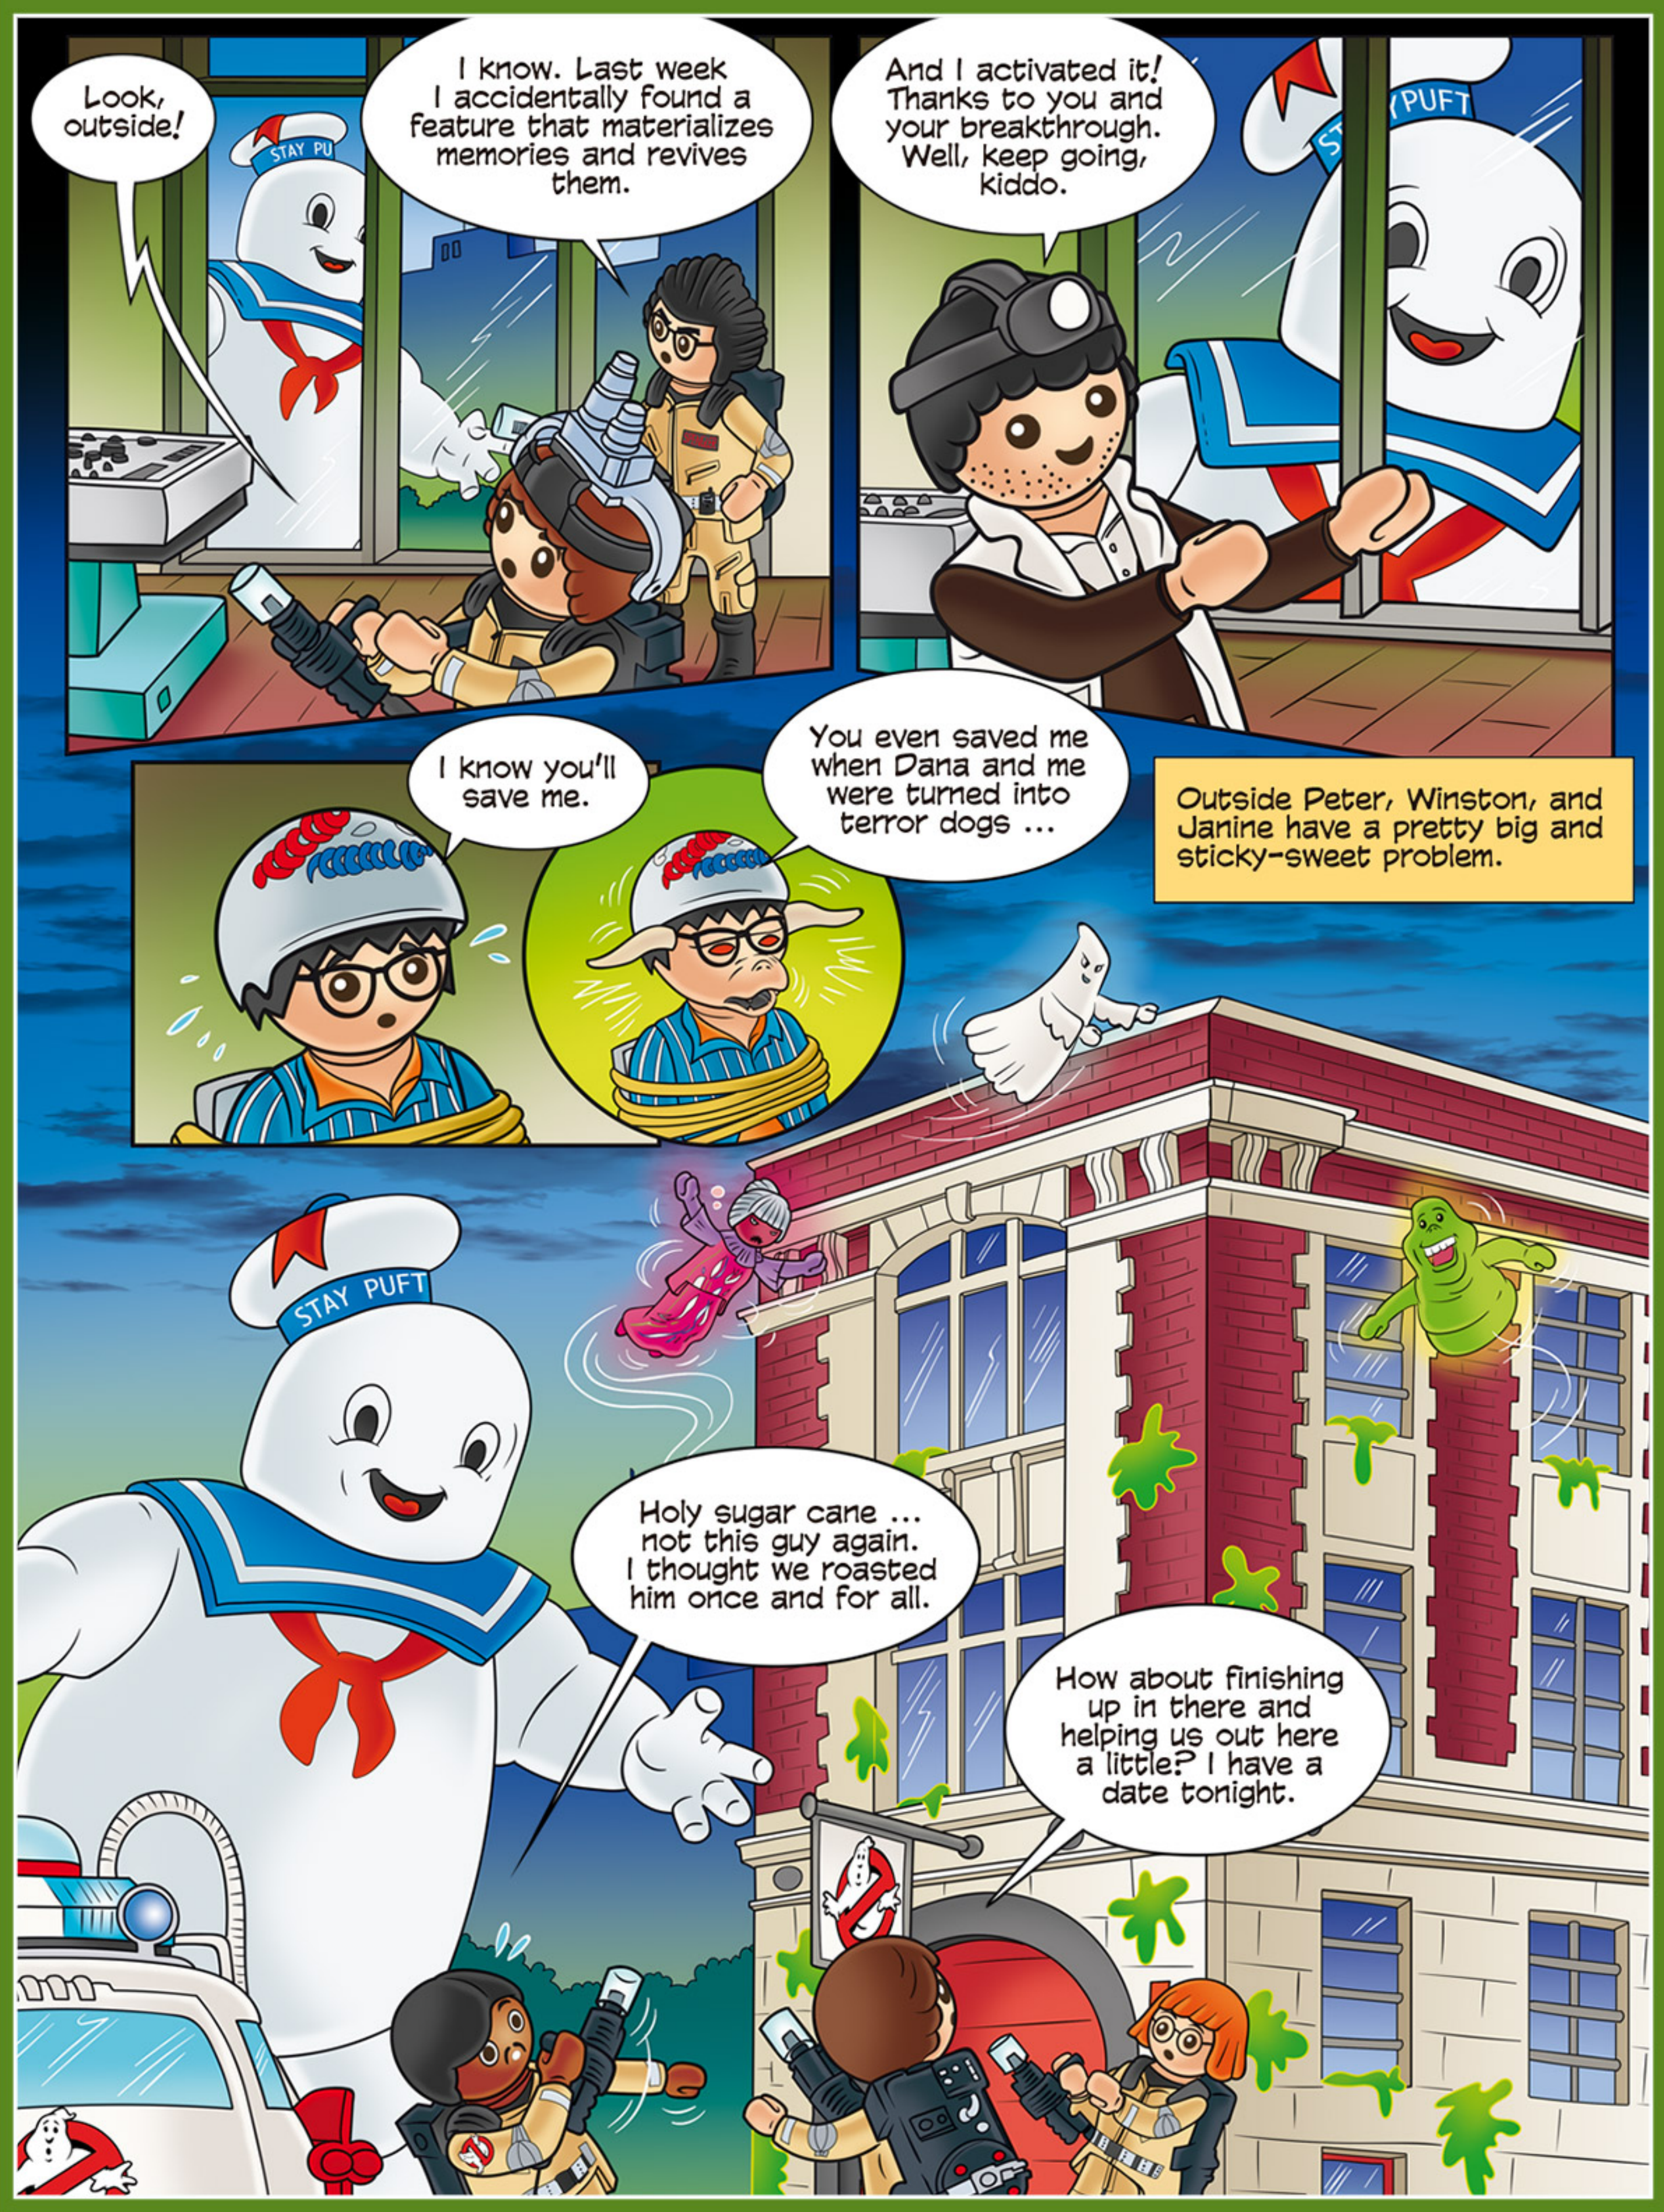

I've got a bad feeling about ...

NO! Don't say it! NO!

... you defeated the gigantic ...

... Stay Puft Marshmallow Man ...

GH0STBUSTERS

Look, outside!

I know. Last week I accidentally found a feature that materializes memories and revives them.

And I activated it! Thanks to you and your breakthrough. Well, keep going, kiddo.

I know you'll save me.

You even saved me when Dana and me were turned into terror dogs ...

Outside Peter, Winston, and Janine have a pretty big and sticky-sweet problem.

Holy sugar cane ... not this guy again. I thought we roasted him once and for all.

How about finishing up in there and helping us out here a little? I have a date tonight.

Peter!

What's going on here? You can't join me for dinner in that outfit, Pete.

What's all this fuss about? I thought this was over.

Dana, get back! You really shouldn't be here.

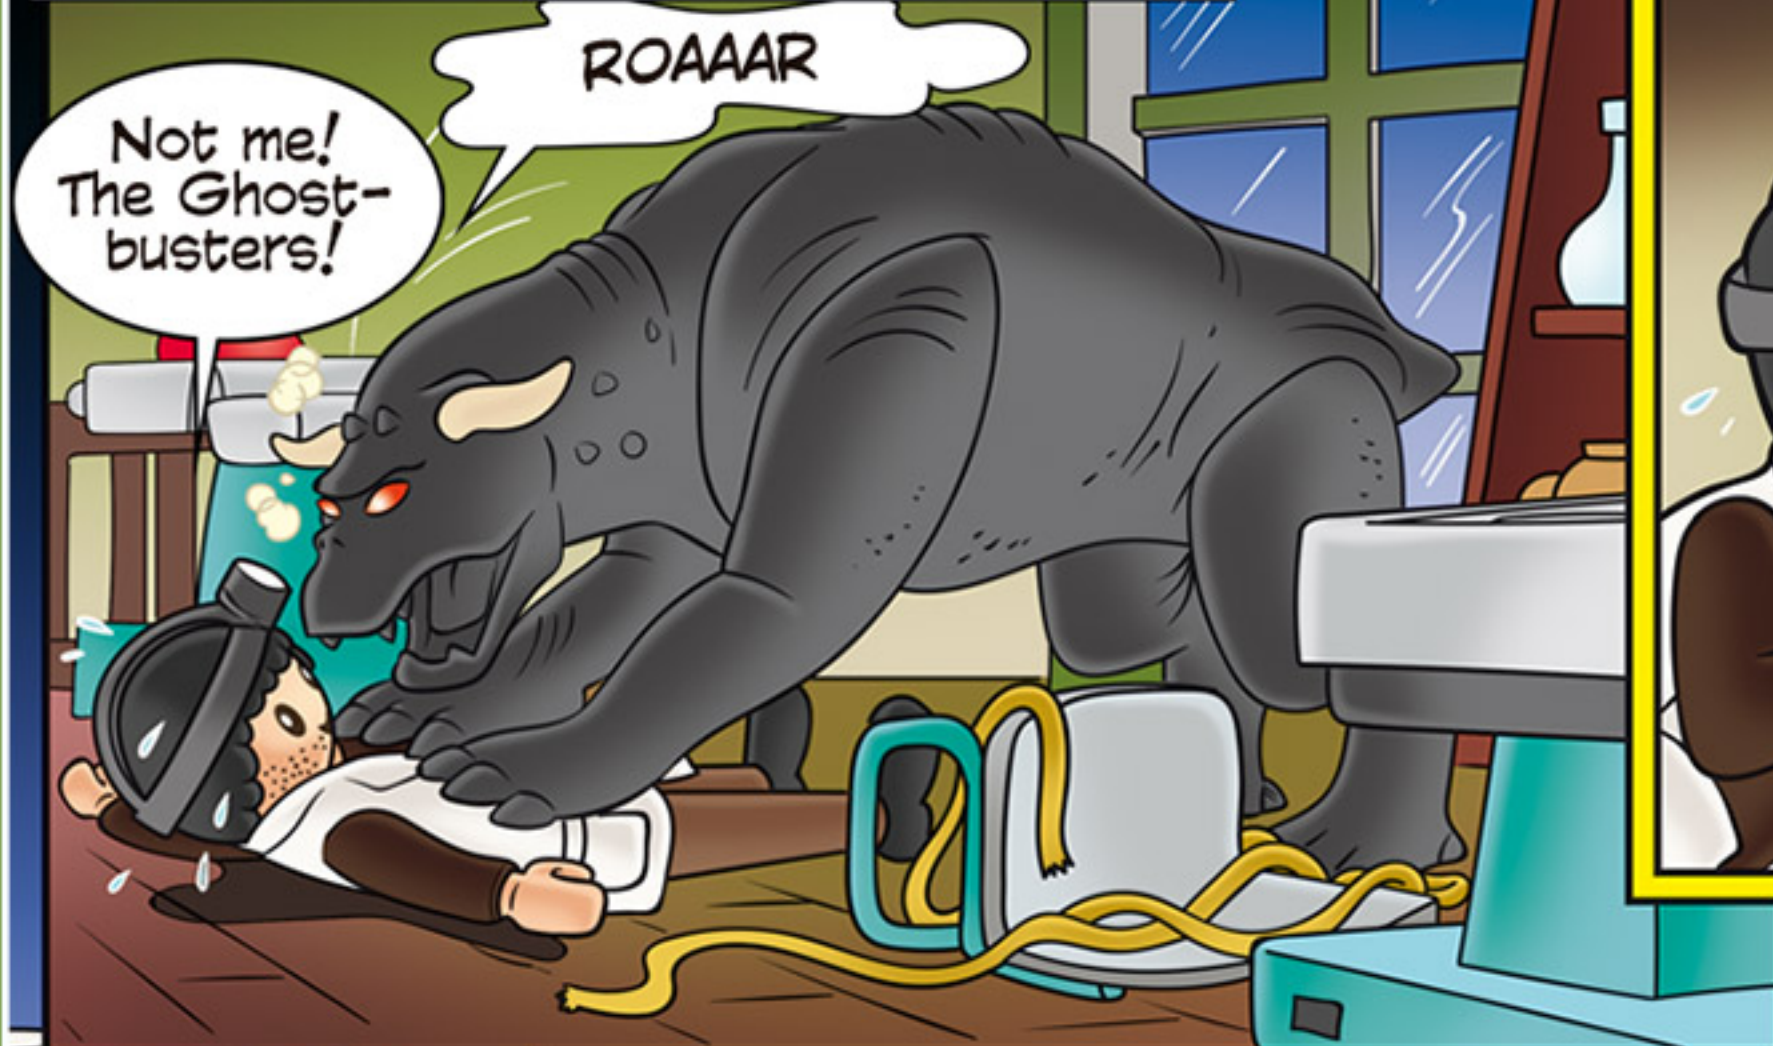

That's not a very nice thing to say, Egon. You're looking at me ...

... as if I were still a terrible

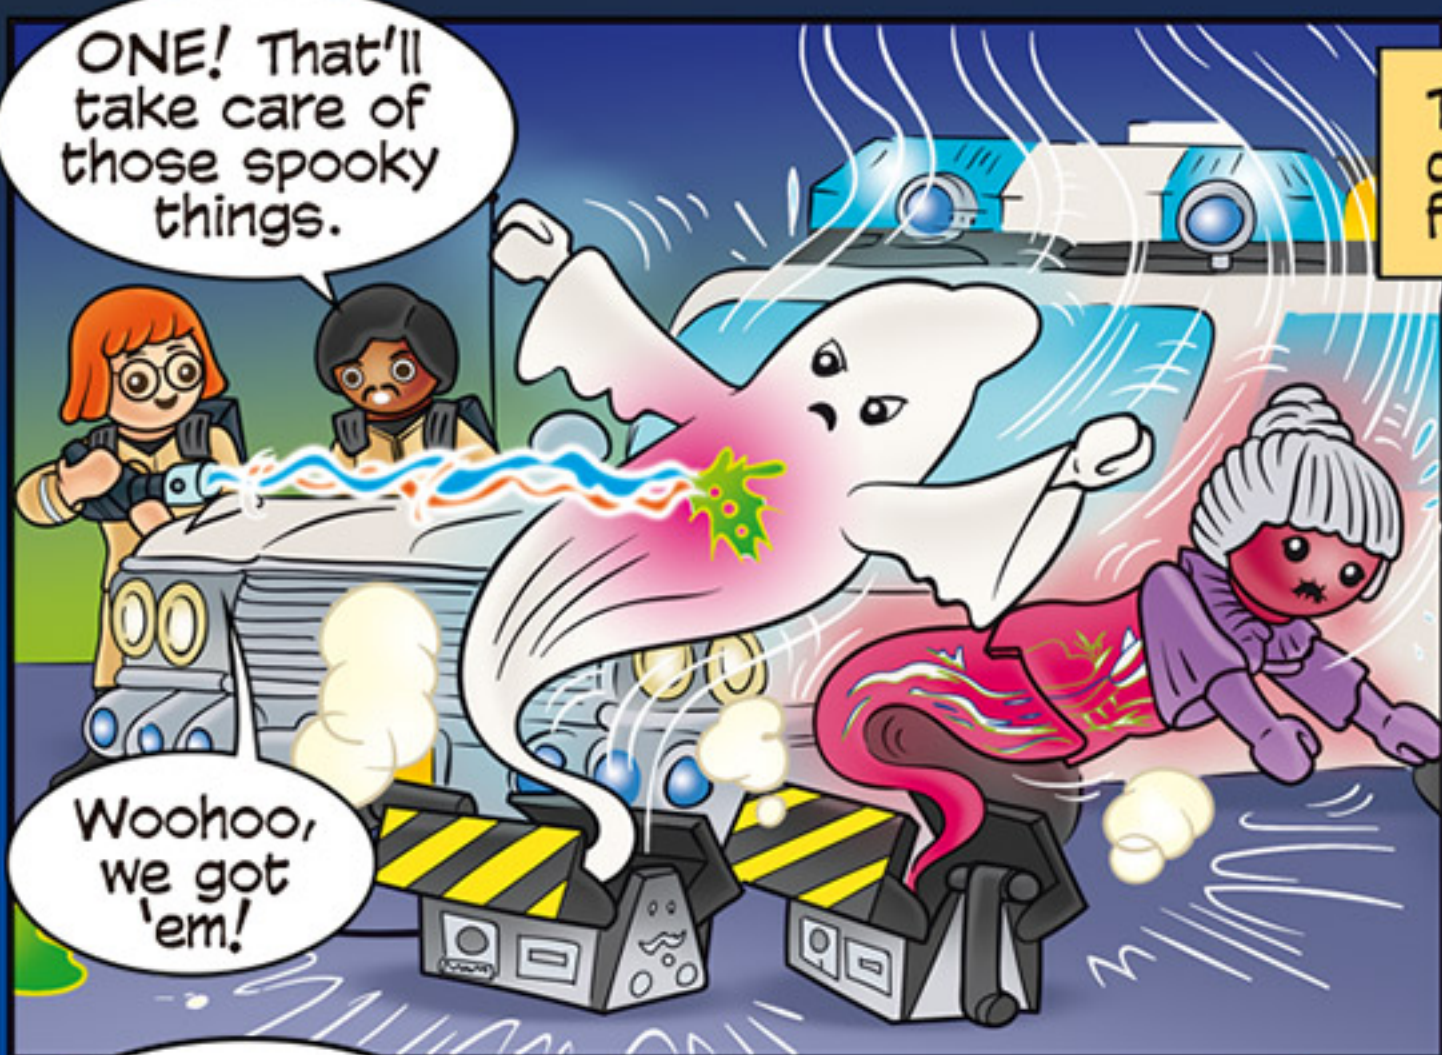

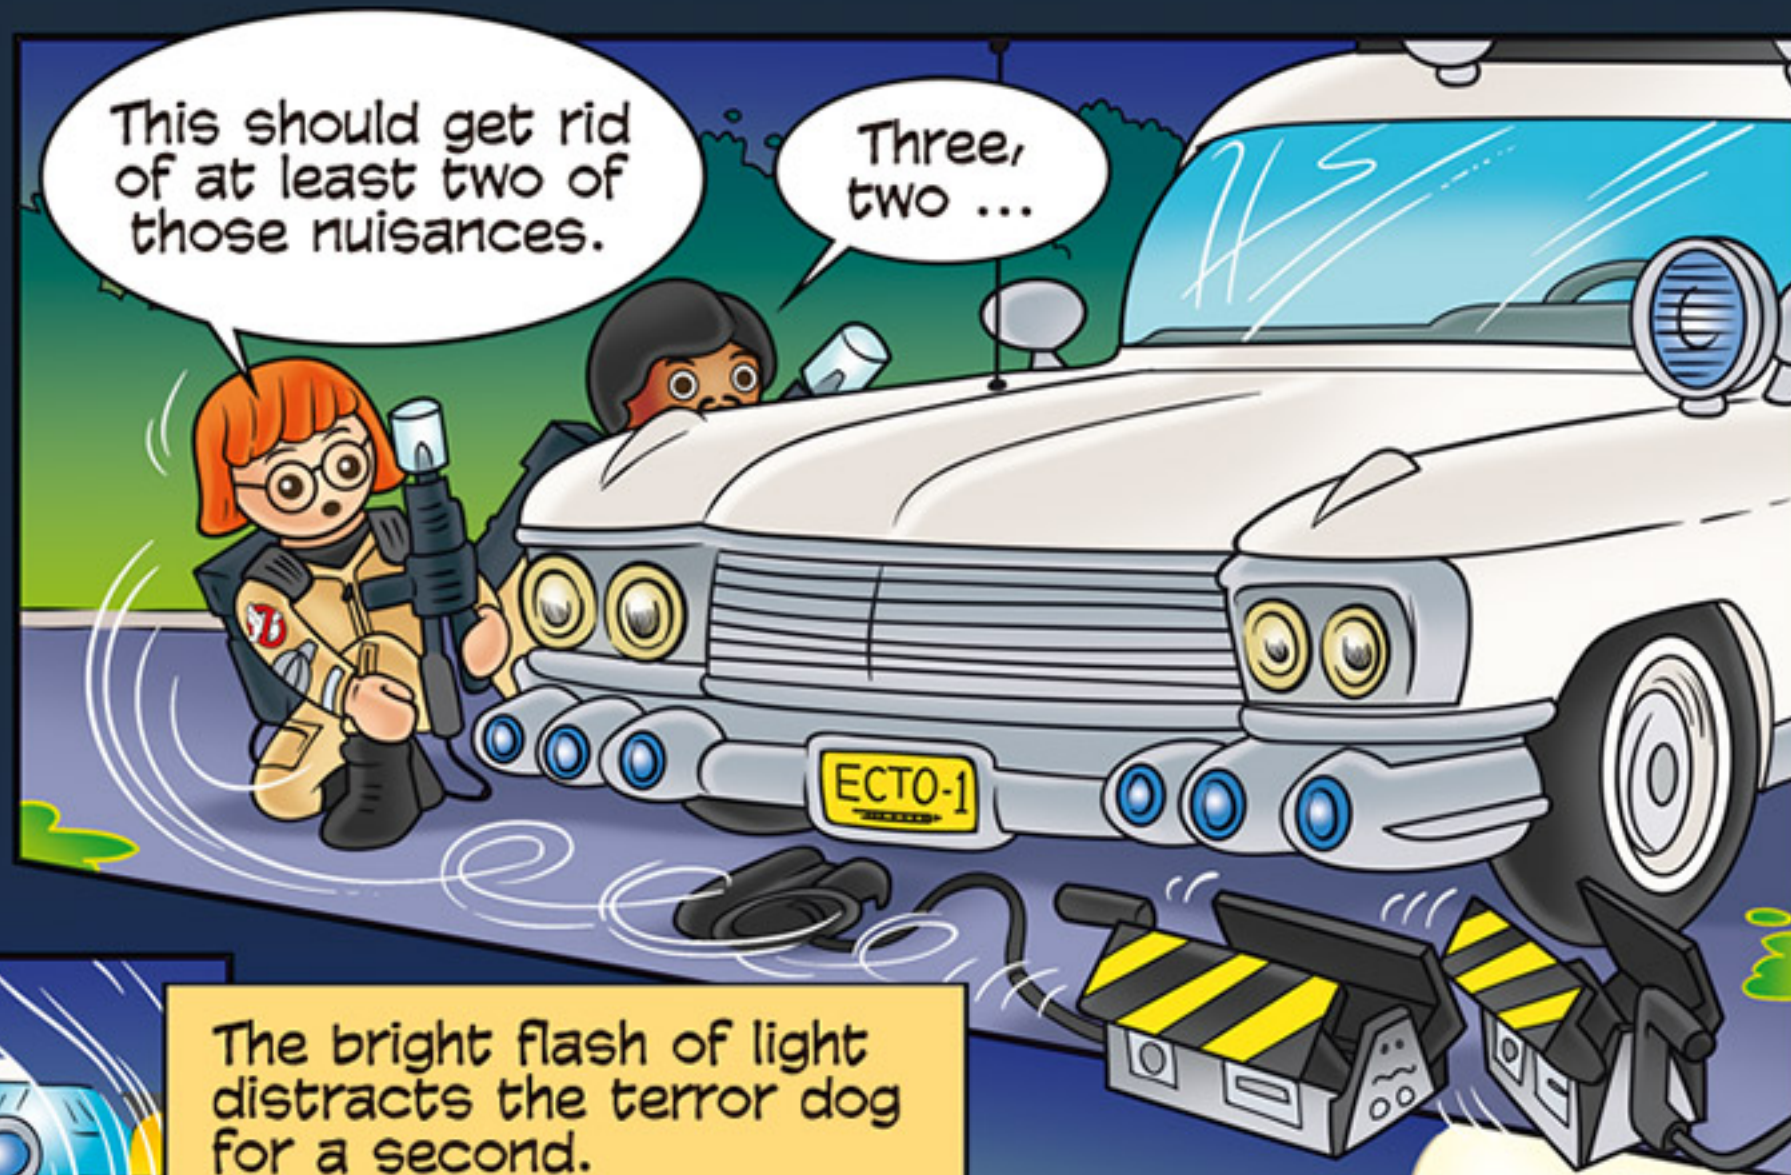

WRRRRRRROOFFF
GRRRRRRRRRR

GHOSTBUSTERS

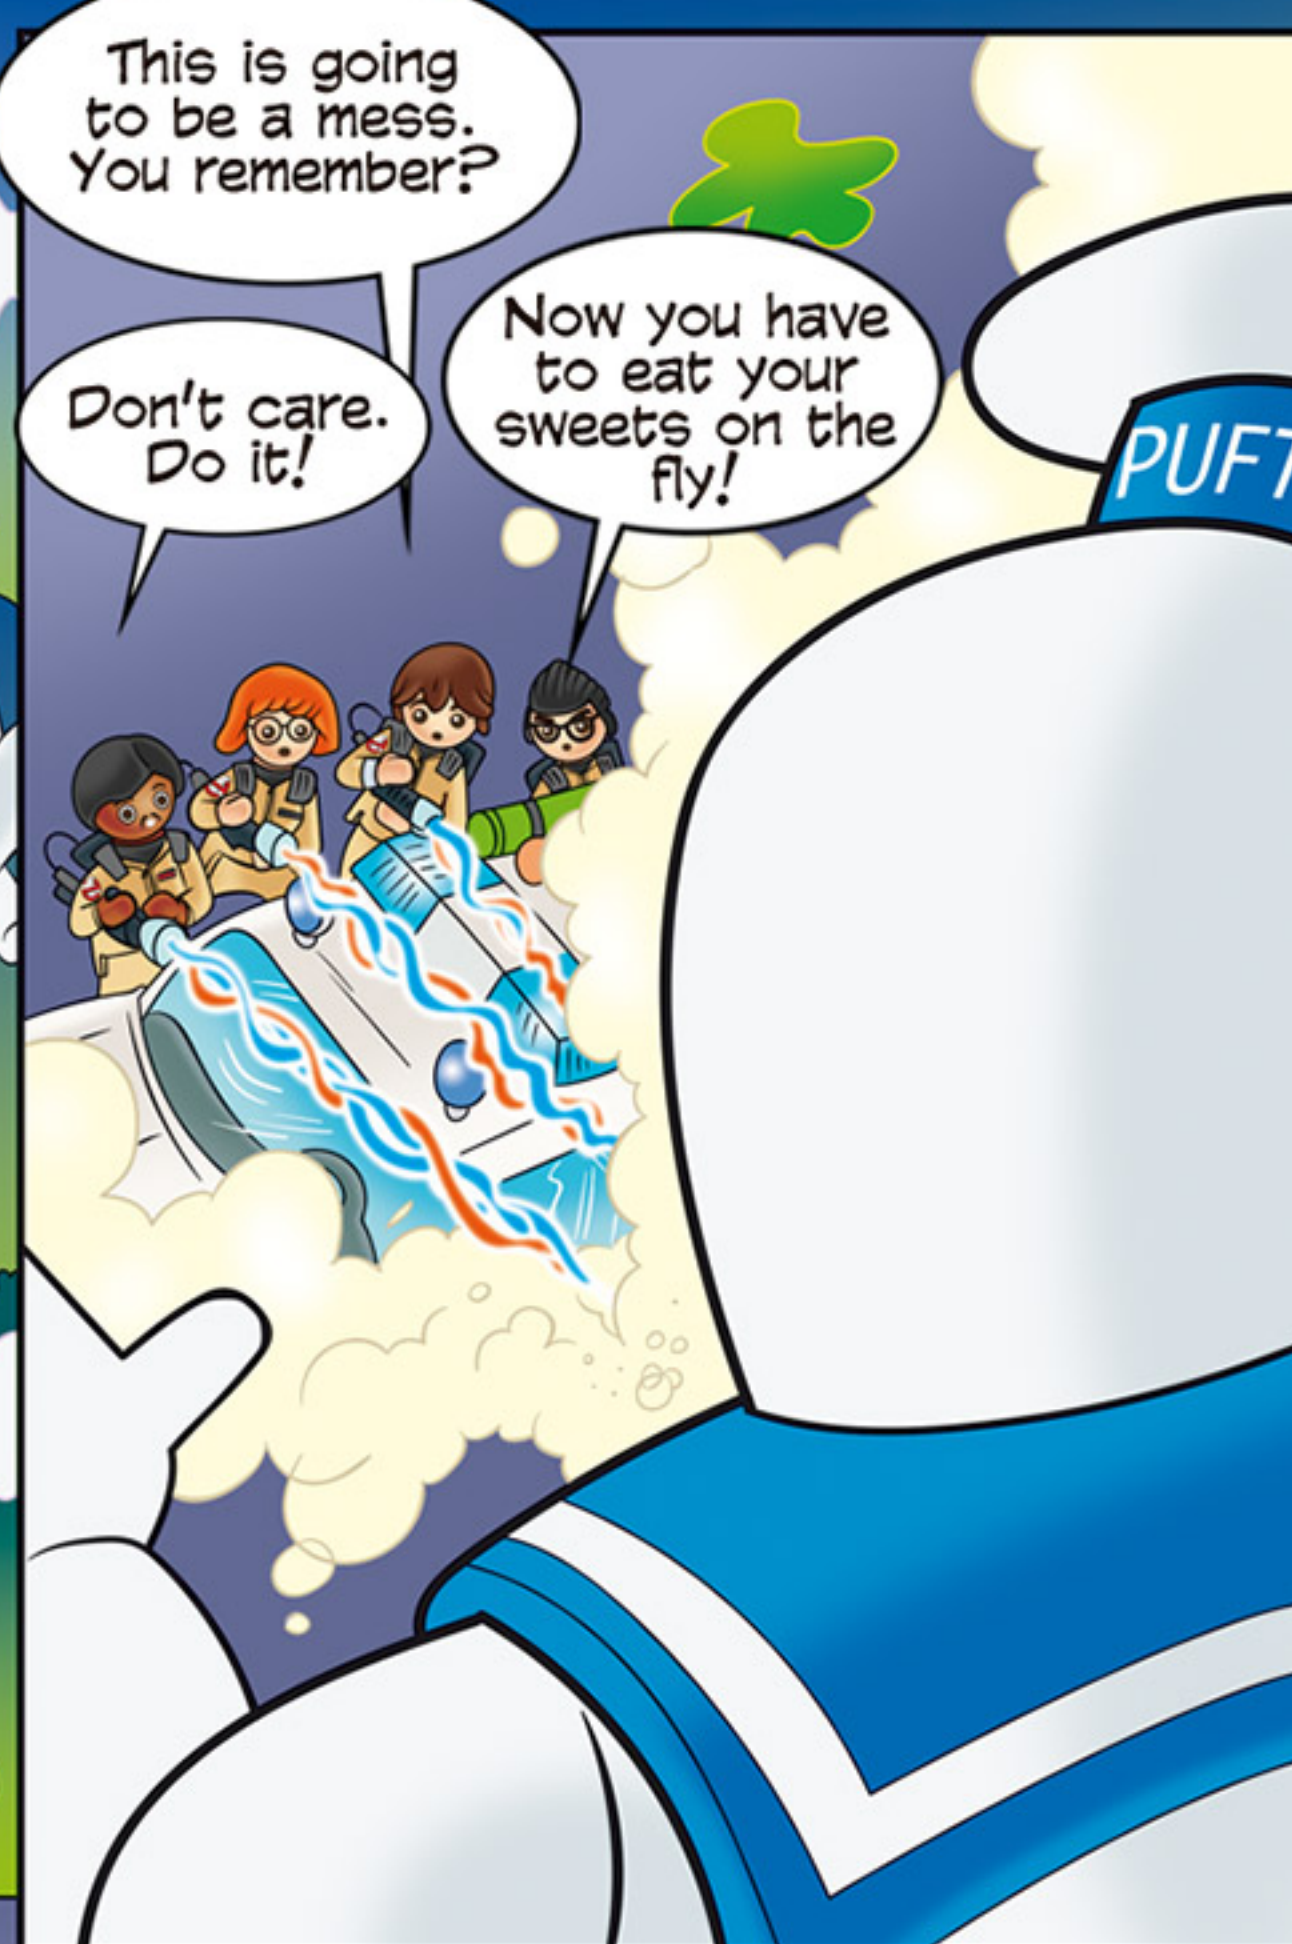

Inside the HQ Louis turned terror dog has freed himself ...

GHOSTBUSTERS

The bright flash of light distracts the terror dog for a second.

My beautiful suit.

Yeah, that's right. Keep crossing.

I can't hold it much longer. Too much energy!

STAY PUFT

Hold on, guys. Keep up the pressure.

We're almost there!

SPRAAAAAATZ

Told you so!

We did it!

How disgusting.

How delicious.

What about the terror dogs?
