

FIRE RESCUE MISSION

Fire alarm! Do you know what you have to do to call the fire department? Help Eric and his team with their rescue operation.

If there's ever an emergency, dial 999

Once someone picks up the phone, be sure to answer these questions:

WHAT has happened?

WHERE did it happen?

HOW many are injured?

ARE you injured? If so, how?

WAIT for feedback!

Now, we turn on the siren to help clear traffic so that we can arrive at the scene quickly.

Neeh Naw! Neeh Naw!

Make your best siren sound so that everyone can hear you.

Make sure the scene of the emergency is secure. Colour all 7 safety cones.

Great - we made it and put out the burning motorcycle! Let's hear a round of applause for our brave rescuers!
