

ZOO BOARD GAME

Hooray! Today you are visiting the PLAYMOBIL Zoo with your friends. There are so many animals to discover in all the enclosures! Who will be the first to have seen them all?

PREPARING THE GAME:

Print the game and instructions pages. Tip: Stick the game pad onto some cardboard to make it more sturdy. Each player selects his or her favourite PLAYMOBIL figure as token. Now, you will only need a dice, and the game can begin.

HOW TO PLAY:

The player who rolls the highest number starts the game. Continue in clockwise direction.

END OF GAME:

The player who first reaches the Goal of rolling an exact number will win the game.

ACTION FIELDS:

Oops! You have tripped over the meerkats den! The little inhabitant is looking out of it curiously. Go back 1 square.

The flamingos with their pink feathers are so beautiful you could stay and watch them for hours. Pass 1 turn!

It will be feeding time for the Okapis soon! Jump to the next Okapi square to be able to watch them in time - even if the Goal lies in between.

Look how fast the penguins are going down their slide! Would you like to try, too? Move on 3 squares.
