MY FIRST PLAYMOBIL!

PLAYMOBIL 1.2.3 ACCOMPANIES CHILDREN PLAYFULLY DURING THEIR FIRST YEARS OF LIFE!

The first years of life are full of formative experiences.

There is so much to discover! The world is so big, colourful and impressive in the eyes of children. Everything that is experienced, found and learnt, now forms an important basis for future learning. PLAYMOBIL 1.2.3 specifically and playfully promotes this development because each child develops in their own way and at their own pace.

1 Easy Start

In beginner sets with simple figures, the learning focus is on feeling and exploring, imitating animal sounds, and naming figures, animals, and objects.

2 First Challenge

In extended playsets, the learning focus is on exploring first functions, promoting fine motor skills and understanding cause-effect relationship.

3 Little Expert

In advanced playsets, there are many functions to discover. The learning focus is on more complex contexts, social skills and first role play.

The product sets shown are exemplary.

The sets, which are co-ordinated within the product lines, specifically support children's development.
